

To infuse the Climate Action Pathways with scientific rigor, the High-Level Champions asked feedback to the draft pathways from scientists and experts. In so doing, they ensured gender balance and a balanced composition of scientists from developing and developed countries. The High-Level Champions would like to acknowledge with gratitude the feedback received from the following scientists:

	<b>Name</b>	<b>Affiliation</b>	<b>Nationality</b>
1)	Dr. Michelle Audouin	Council for Scientific and Industrial Research	South Africa
2)	Dr. Rondrotiana Barimalala	University of Cape Town	Madagascar
3)	Dr. Eddy C. Carmack	Fisheries and Oceans Canada Emeritus	Canada
4)	Professor Andrew J. Hoffman	University of Michigan	USA
5)	Professor Diana Liverman	University of Arizona	USA
6)	Professor Daniela Manuschevich	University of Chile	Chile
7)	Dr. Zhifu Mi	University College London	China
8)	Dr. Shivika Mittal	Imperial College London	India
9)	Professor Dr. Juan Carlos Muñoz	Pontificia Universidad Catolica de Chile	Chile
10)	Professor Sanjay Sharma	University of Vermont	USA, Canada
11)	Dr. Tristan Smith	University College London	UK
12)	Professor Dr. Chinwe Ifejika Speranza	University of Bern	Nigeria, Switzerland, Italy
13)	Professor Will Steffen	Australian National University	USA
14)	Dr. Alejandra Stehr	University of Concepción	Chile
15)	Dr. Elizabeth Wagemann Farfán	Universidad Mayor	Chile
16)	Professor Judith Walls	University of St. Gallen	Netherlands
17)	Mr. James L. Wolf	Energy & Environmental Consultant	USA
