

Draft Agenda

“Roundtable on Climate Action and SDG 9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation”

UNFCCC COP 24
Katowice, Poland

Marrakech Partnership for Global Climate Action

Tuesday, 11 December 2018

15:00 – 16:30

Version 2911

Overview

Infrastructure and industrialization decisions made today will have a significant impact on the mutual success of the Paris Agreement and the SDGs. Sustainable, resilient and innovative infrastructure and processes must be rapidly deployed to improve livelihoods and safeguard the climate.

The objective of the roundtable is to bring together a diverse set of viewpoints to take stock of progress made on the deployment of sustainable, low- emissions climate resilient infrastructure and resource-efficient industrial processes and look forward by reviewing lessons learned and highlighting the innovations, polices, initiatives and solutions that can be urgently replicated and implemented immediately, in particular, in developing countries.
