

## Strategy for implementing all NAP priorities

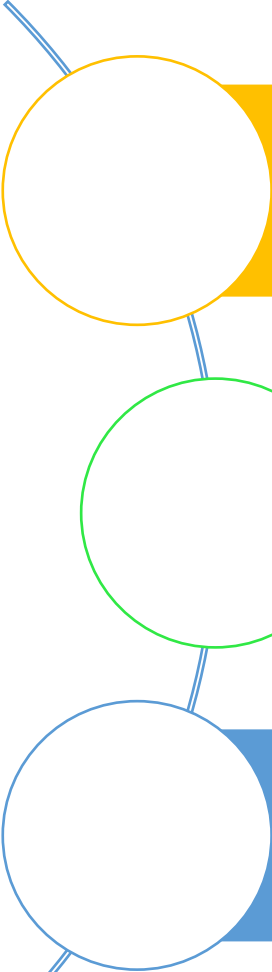

Although it is a participatory process with the involvement of all sectors, we believe it is important to make the domestication and dissemination of the NAP at all levels, emphasizing the strategic actions of each sector as well as the role of each sector for their implementation.

The Strategic Actions were in alignment with sectoral development and strategies and also PQG and SDGs

# Challenges encountered when moving into implementation

# Suggestions for expediting access to funding for NAP implementation

As Adaptation is a priority for LDCs, we believe that the largest proportion of funds should be allocated to adaptation

Reduce bureaucracy to access the funding

Improve private sector engagement
