Thematic resources

Financing NAP processes

Identifying, aligning, and strategically accessing different sources of financing for different phases of the NAP process

Vertical integration

Framework for creating strategic links between national and sub-national adaptation planning, implementation, and M&E

Gender

Assessing and tracking gender-responsiveness in NAP processes

Sector integration

Impetus for sector integration can be found in different ministries and at different levels depending on the country context.

Thematic resources

Monitoring and evaluation

Analyzing and supporting countries' ability to monitor and evaluate progress towards national adaptation.

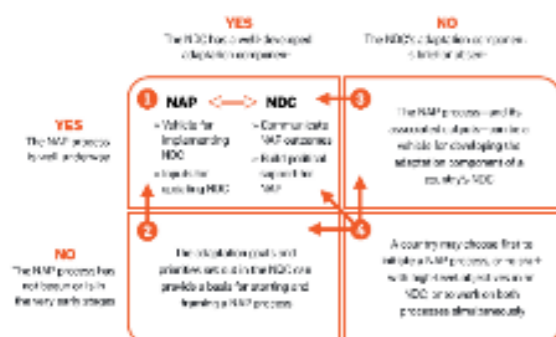

Strategic communications

Supporting governments to communicate with stakeholders within and outside of government to advance NAP processes

Relationship of NAP processes to NDCs and SDGs

Studying how countries NAP processes are related to NDC processes and SDG implementation
