**National Adaptation Plan (NAP) Implementation Alliance (NIA)**

**Global Implementation Accelerator**

**INTENDED PARTNER DETERMINED CONTRIBUTION**

National Adaptation Plan (NAP) Implementation Alliance (NIA) ("the Partner"),

*Recalling* decision 1/CMA.7, *Global Mutirão: Uniting humanity in a global mobilization against climate change*, by which the Global Implementation Accelerator ("the Accelerator") was launched,

*Supporting* the mandate of the Accelerator to accelerate climate implementation, enhance international cooperation across all actors, and support countries in delivering on their nationally determined contributions and national adaptation plans, with a view to keeping 1.5 °C within reach,

*Noting* that the Accelerator is cooperative, facilitative and voluntary,

*Considering* the call by the COP30 and COP31 Presidencies for partners to join the Partner Network of the Accelerator, each contributing what it can through its time, expertise and resources, with the highest possible ambition, in the spirit of the Global Mutirão,

Recalling that the NAP Implementation Alliance was launched in Belém under the Global Climate Action Agenda, as a Plan to Accelerate Solutions, by the COP30 Presidency in partnership with the United Nations Development Programme (UNDP) and the Governments of Italy and Germany,

Recognizing that the Alliance brings together national and subnational governments, multilateral institutions, multilateral development banks, vertical funds, investors, insurers, philanthropies, technical support providers, think tanks, research institutions, civil society organizations and other private sector stakeholders to help countries move from adaptation planning to implementation, including by turning adaptation plans into investment strategies and bankable project pipelines,

Recognizing also the three objectives of the Alliance: to foster global collaboration on NAP implementation; to strengthen collaborative processes and coordination

mechanisms to accelerate NAP implementation; and to promote private sector engagement in adaptation and financing NAPs,

States the following:

**1. Intent to join the Partner Network.** The Partner expresses its intent to join the Partner Network of the Accelerator and to contribute, in accordance with its capacities, to the acceleration of the solutions selected by the Accelerator from Plans to Accelerate Solutions (PAS) under the Global Climate Action Agenda.

**2. Contribution.** The Partner makes the following offers to the Accelerator:

2.1 **High-level engagement to champion the solutions.** The Alliance will champion the priority solutions for accelerating NAP implementation at the political level. It will do so through engagement by the NIA members, and through high-level meetings and convenings organized on the margins of relevant UNFCCC sessions, NAP Expos and other international events;

2.2 **Mobilization of and coordination with NIA members.** The Alliance will draw on its membership to mobilize and connect with national and subnational governments, multilateral institutions, multilateral development banks, vertical funds, investors, insurers, philanthropies, technical support providers, think tanks, research institutions, civil society organizations and other private sector stakeholders that adopt the solutions, and to coordinate with them. This will widen the uptake of the solutions across the NIA community. It includes building on the Alliance's work to match countries' technical and financial support needs with technical assistance providers and financing institutions;

2.3 **Outreach to the NIA community.** The Alliance will organize webinars or other outreach activities with its members to present the Accelerator, share its calls and processes, and encourage NIA members to engage with them.

The Partner may add to its offers at any time by communicating an updated Intended Partner Determined Contribution to the Coordination Hub of the Accelerator.

**3. Baseline engagement.** As a member of the Partner Network, the Partner will endeavor, in accordance with its capacities, to:

3.1 Contribute in good faith and in the spirit of the *Global Mutirão*;

3.2 Designate a focal point for the Accelerator;

3.3 Work with the Coordination Hub and the PAS hosts to deliver on its offers;

3.4 Provide, on request, brief information on contributions delivered to inform the mid-cycle and completion reports for each acceleration cycle;

3.5 Inform the Coordination Hub in good time of any material change to a contribution.

**4. Recognition and visibility.** The Partner consents to the publication of this Intended Partner Determined Contribution and to be publicly identified as a member of the Partner Network.

**5. General provisions.** This Intended Partner Determined Contribution is a voluntary expression of intent. It does not create legal or financial obligations and represents only a political and institutional commitment to cooperate in advancing the Accelerator's objectives. Offers requiring a legal or financial instrument may be formalised through separate arrangements with the host institution of the Coordination Hub and remain subject to the Partner's internal approvals and applicable rules.

**6. Acceptance and acknowledgement.** The Accelerator will confirm receipt of this Intended Partner Determined Contribution and communicate its acknowledgement to the Partner, which thereby becomes a member of the Partner Network.

Signed in Brasília on 06 November 2026.
