Modalities and procedures for the operation and use of a public registry referred to in Article 4, paragraph 12, of the Paris Agreement

I. Modalities for the operation of the public registry

1. The public registry referred to in Article 4, paragraph 12, of the Paris Agreement:

(a) Presents the recorded nationally determined contributions (NDCs) in tabular format, with one row for each NDC and columns displaying, as appropriate, name of the Party, document title, document file type, version number, status, language and date of submission;

(b) Preserves the integrity of the NDCs in accordance with their nationally determined nature;

(c) Has the capability of sorting and allowing the viewing of NDCs;

(d) Avoids unauthorized alterations and deletions of its contents by using Internet security measures;

(e) Ensures user-friendly navigation within the registry and to other relevant registries and web resources operated and maintained by the secretariat, including the public registry referred to in Article 7, paragraph 12, of the Paris Agreement;

(f) Utilizes relevant web tools to provide updates and notify users of new and modified registry content;

(g) Constitutes an intuitive, easy-to-use web-based platform;

(h) Provides a user-friendly interface in all six official languages of the United Nations.

II. Procedures for the use of the public registry

A. Submission of nationally determined contributions

2. The national focal point of each Party submits the Party’s NDC by uploading it to the web-based platform using its unique user account for the public registry.
3. The secretariat:
 - (a) Provides Parties with technical assistance on uploading NDCs to the public registry, as required;
 - (b) Contacts the national focal point to confirm the receipt of an NDC, requests clarifications when necessary and confirms the finalization of the recording process of the submitted NDC in the public registry;
 - (c) Undertakes an Internet security check of all submitted NDCs before recording them in the public registry.

B. Maintaining a record of nationally determined contributions

4. The public registry constitutes an archive and, as a matter of public record, continues to maintain all previously submitted NDCs. [Parties are entitled, with the assistance of the secretariat, to replace or delete previously submitted NDCs.] [Parties may request the secretariat to label previously submitted NDCs as “archived” or “former”.]

C. Access to nationally determined contributions

5. Parties, other stakeholders and the public can [search,] view, read and download NDCs from the public registry.
6. NDCs should be made available in different file sizes and resolutions to allow them to be easily downloaded in countries with slow Internet speed or limited capability for downloading files from the public registry.

III. Roles

7. The national focal point of each Party is assigned a unique user account to manage the Party’s content in the public registry.
 8. The secretariat acts as the custodian of the public registry and is responsible for its maintenance. To that end, the secretariat:
 - (a) Operates and updates the public registry in accordance with these modalities and procedures, including taking precautionary action to avoid unauthorized access to or alteration of its content;
 - (b) Communicates with and provides assistance to Parties, other stakeholders and the public in using the public registry, including through a user guide, training programmes and online support, as appropriate.
