Survey Insights and Collective Sensemaking

National Gender & Climate Change Focal Points

Established in 2016
(21/CP.22)

eLWPG (7/CP.29):

Encourages Parties to
appoint and provide support
for a national gender and
climate change focal point
for climate negotiations,
implementation and
monitoring.

Today: 159 appointed NGCCFPs,
representing

125 countries

Virtual workshop series in 2020, which concluded with
a mandated in-person workshop at COP26 on the role
and work of the NGCCFP

Outcomes:

- 2022 Informal report containing
 - Table of activities
 - Collection and prioritization of enablers
- Annex detailing all material

National Gender & Climate Change Focal Points

**Established in 2016
(21/CP.22)**

eLWPG (7/CP.29):

**Encourages Parties to
appoint and provide support
for a national gender and
climate change focal point
for climate negotiations,
implementation and
monitoring.**

**Today: 159 appointed NGCCFPs,
representing**

125 countries

- **Survey I to NGCCFPs (anonymized) 42 respondents**
- **Survey II to NGCCFPs (not anonymized) 46 respondents**
- **Survey to Partners responses from 22 organizations**
- **Online NGCCFP meeting: reflection and preparation for the in-session NGCCFPS workshop at SB 64 held on 30 April**

Tasks/responsibilities performed - NGCCFP

Source: NGCCFP Survey I

Tasks/ responsibilities that NGCCFPs could perform

Based on 37
responses (5)

Tasks other NGCCFP already perform:

- Resources mobilization
- Monitoring and reporting
- Capacity-building
- Coordination and engagement functions

Points of convergence between NGCCFP on tasks they do not perform currently:

- Regular production of data
- Involvement in discussions at an early stage
- Strengthening engagement with local communities, Indigenous Peoples and women's groups

Tasks NGCCFPs should perform, but are currently not:

- Supporting **capacity-building** at the national and subnational level (50%)
- Being responsible for **stronger institutional coordination** mechanisms (40%)
- Regular **production of disaggregated data** (25%)
- Involvement in **discussions at an early stage** in the preparation of climate plans (20%)
- **Mobilization of gender-responsive funding** (15%)
- Establishment of **monitoring systems** with gender indicators (15%)
- Strengthening **engagement with local communities, Indigenous Peoples and women's groups** (15%)

Support received

Source: NGCCFP Survey II

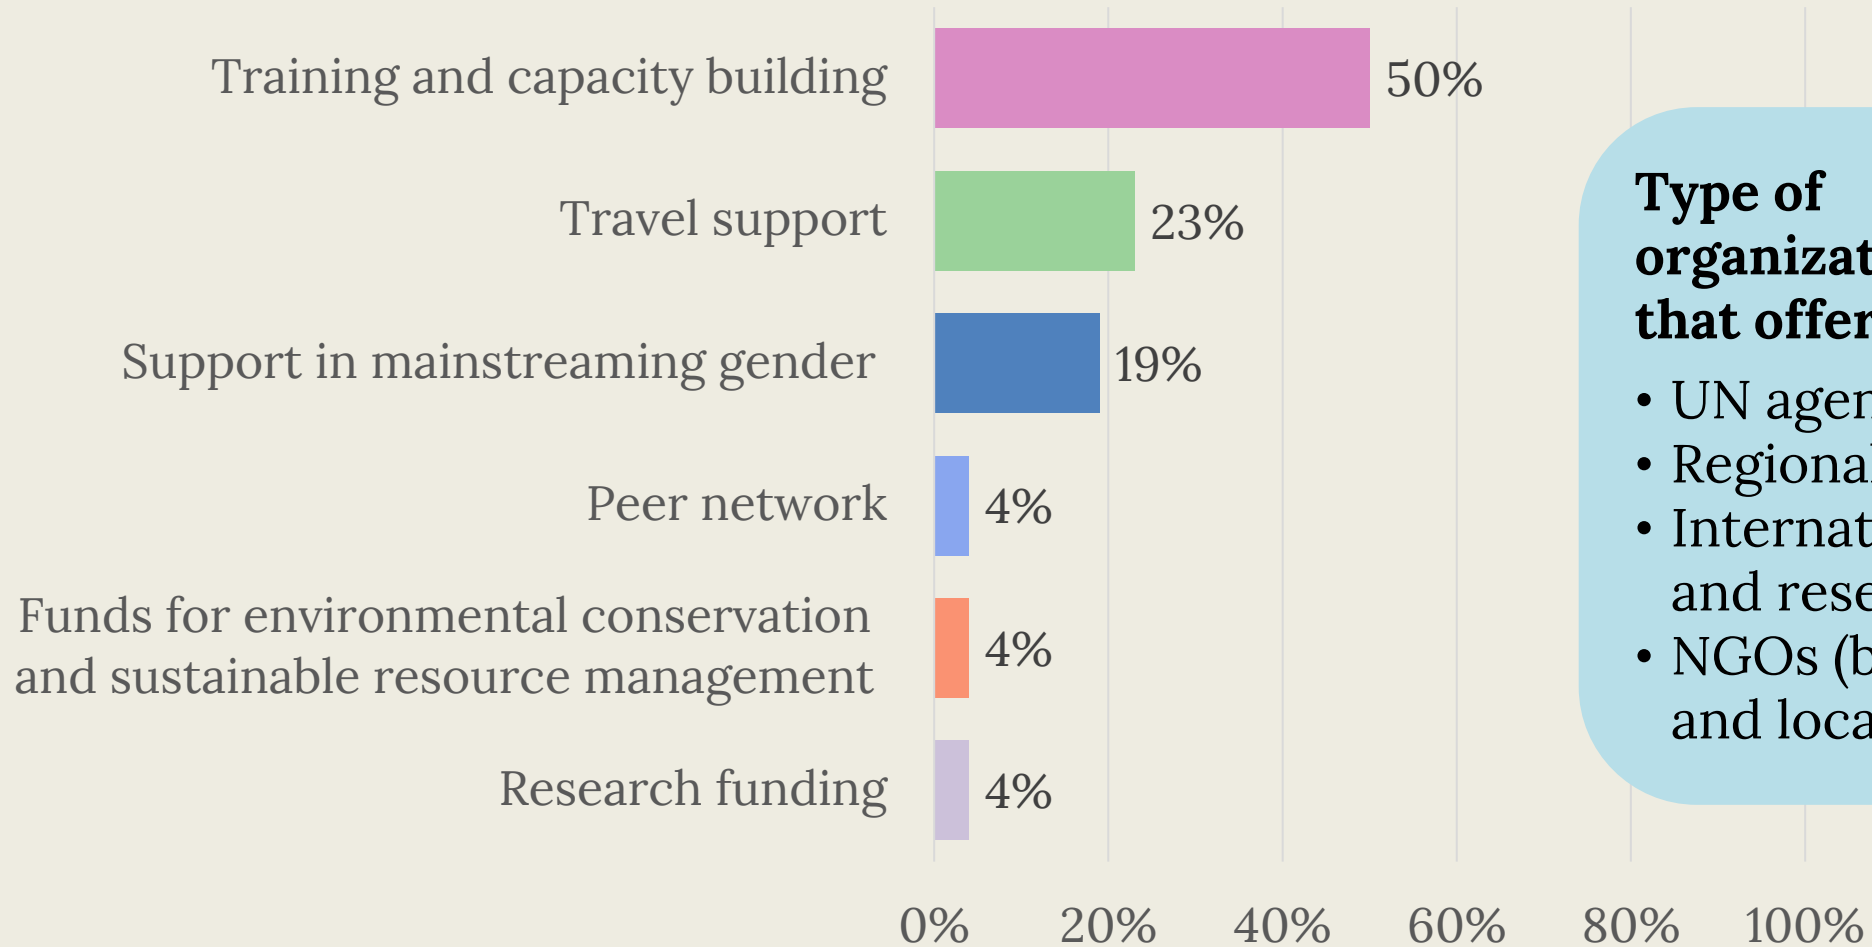

Support received through employer

Based on 22 responses (24 skipped)

Support received from other organizations/networks

Based on 26
responses (20
skipped)

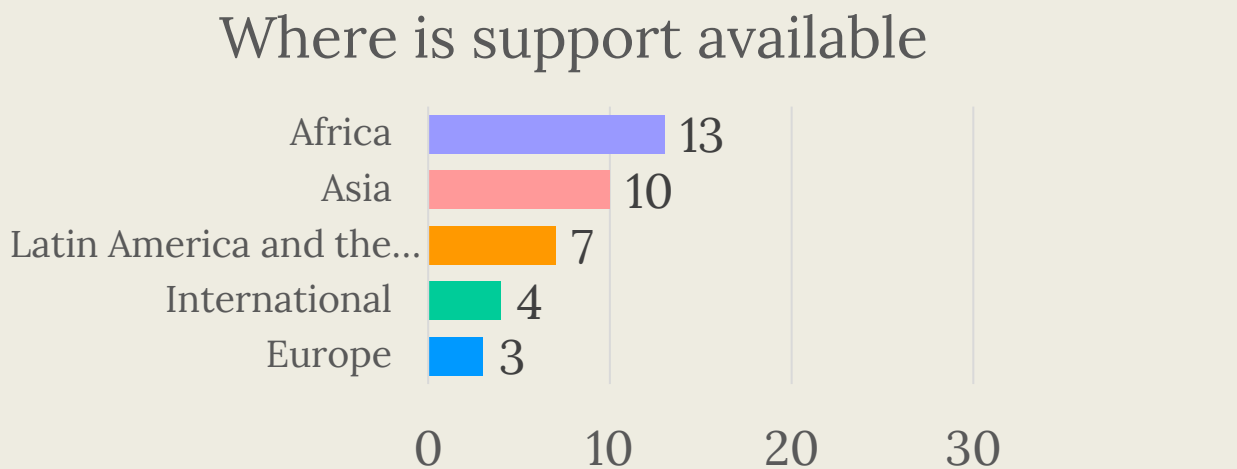

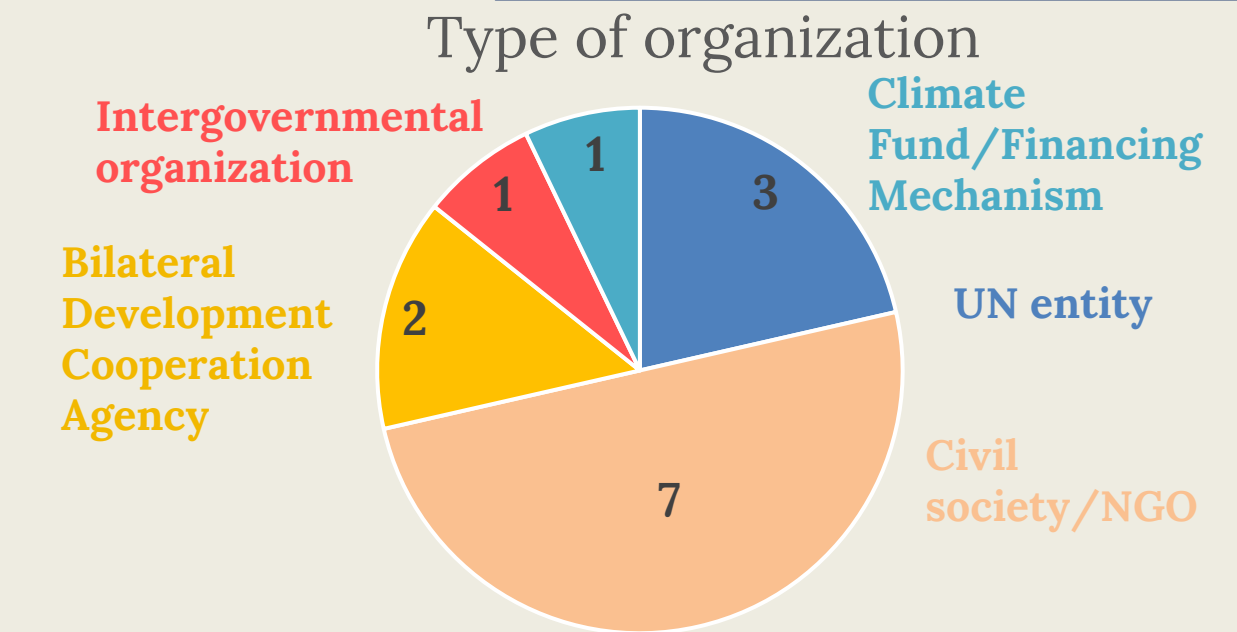

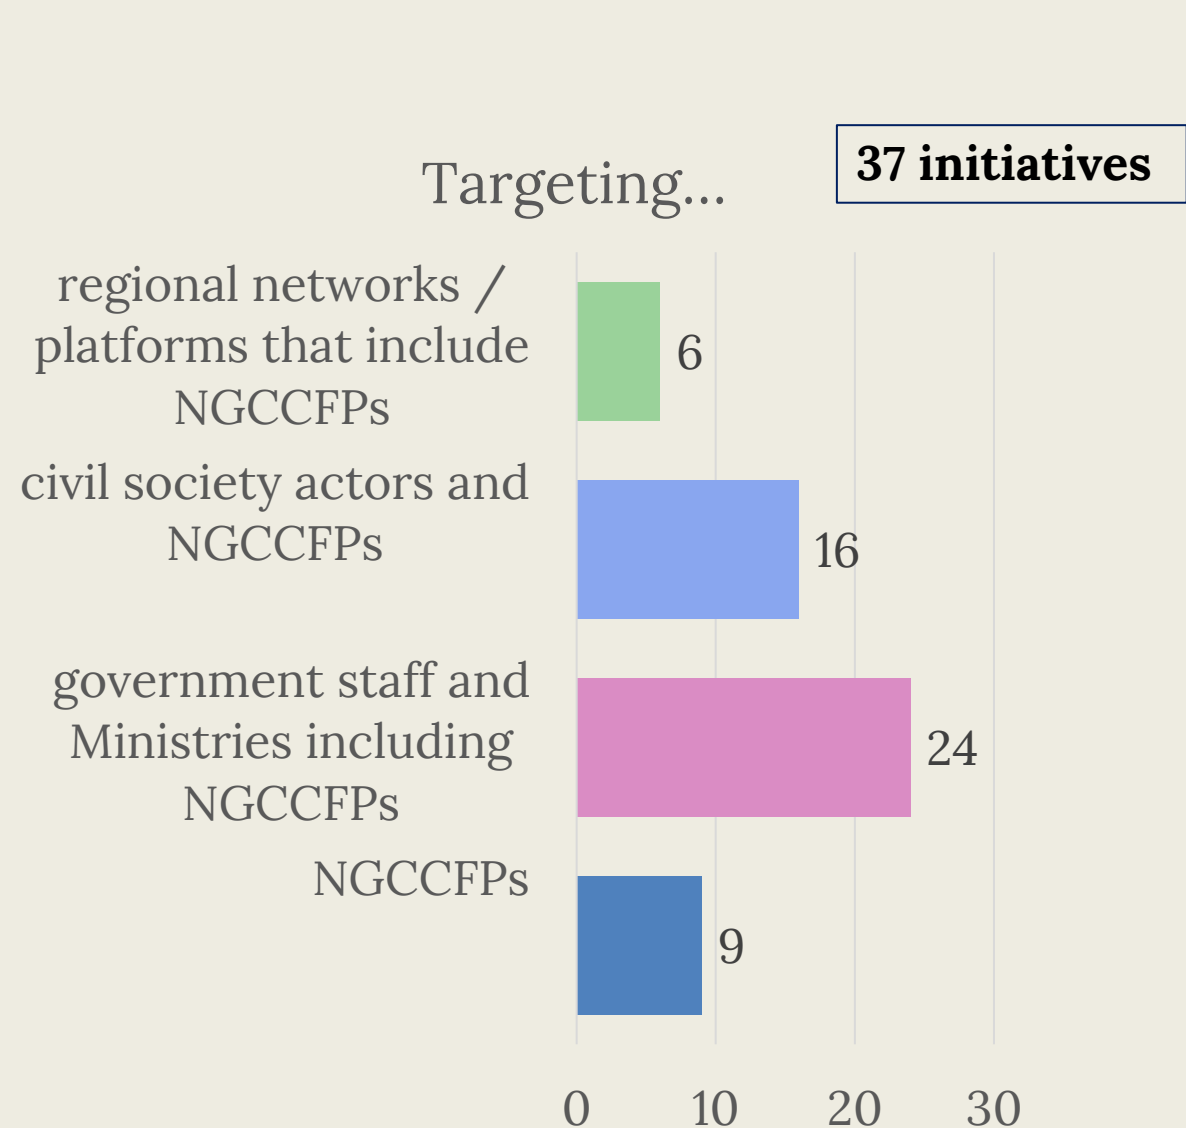

Type of organizations/networks that offered support:

- UN agencies
- Regional organizations
- International development and research institutes
- NGOs (both international and local)

Planned support for NGCCFPs I

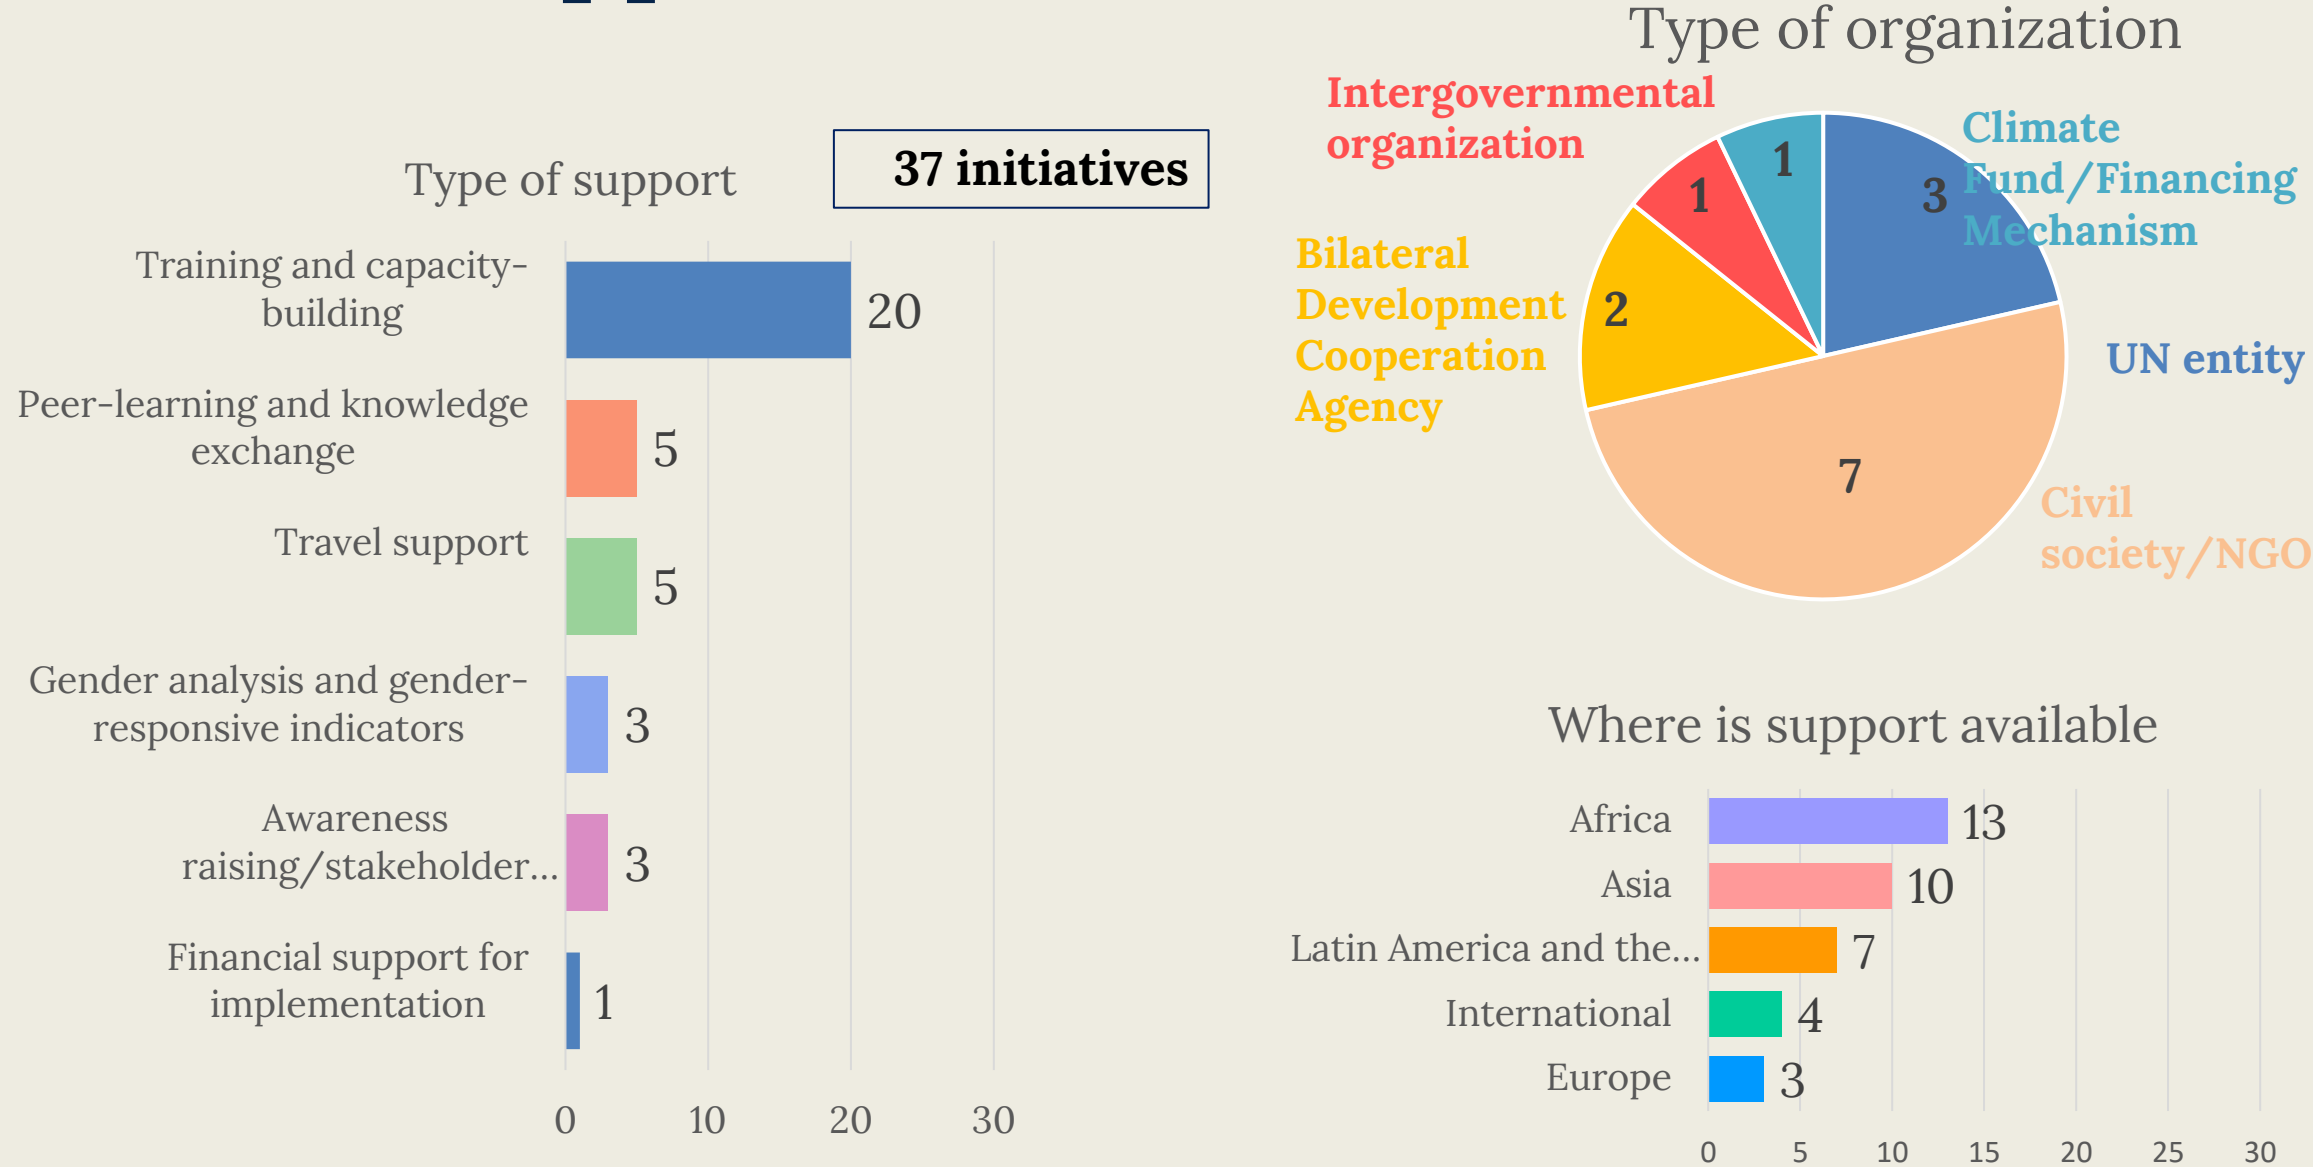

Based on responses by 14 partners

Source: Partner Mapping Survey

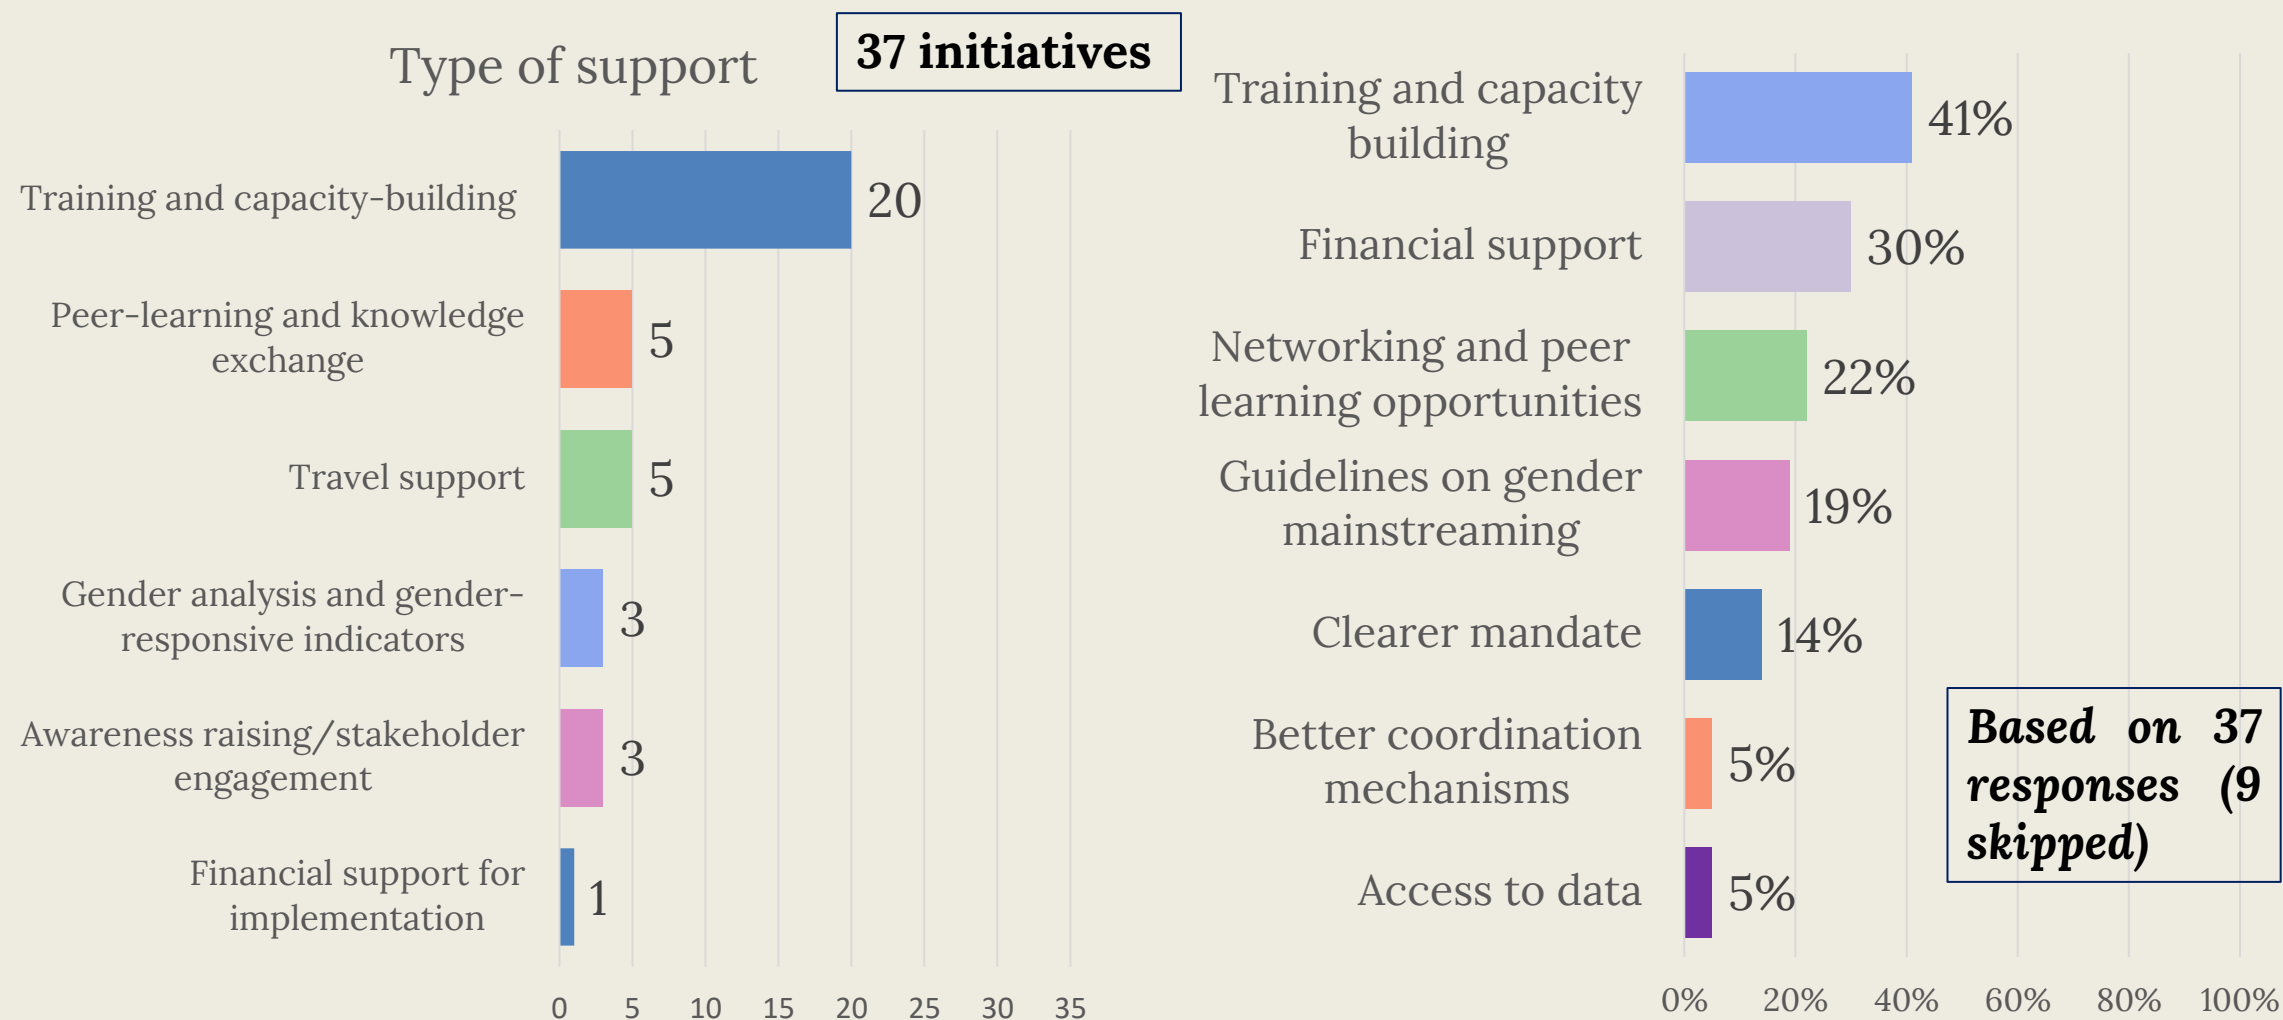

Planned support for NGCCFPs II

Based on responses by 14 partners

Source: Partner Mapping Survey

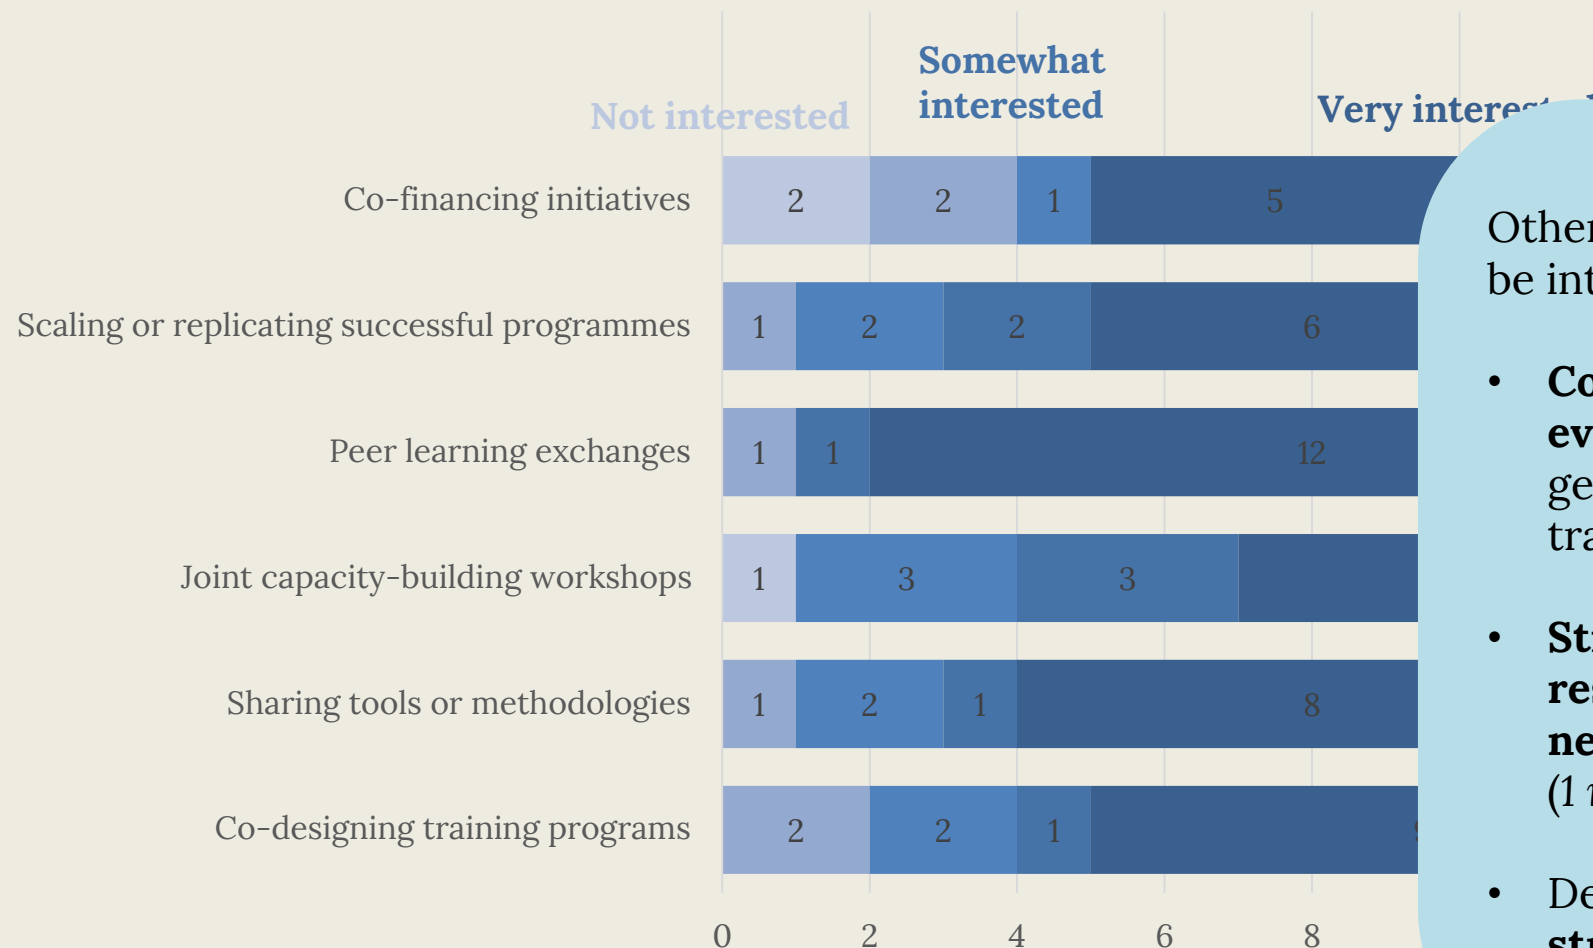

Comparison support and support needs

Source: NGCCFP Survey II

Type of collaboration partners are most interested in

Based on responses
by 14 partners (7
skipped)

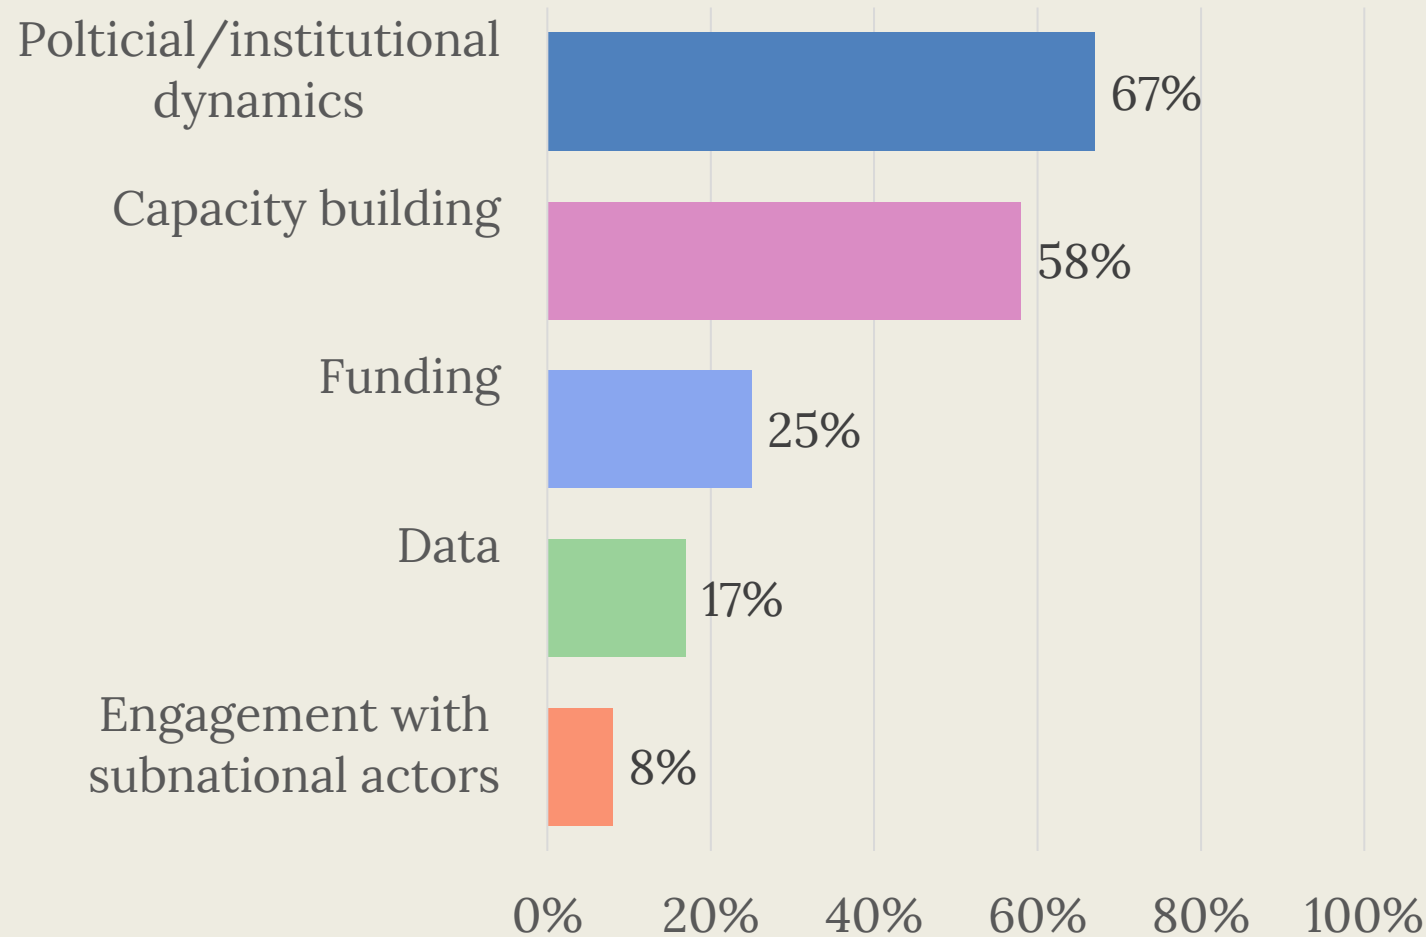

Other type of collaboration partners would be interested in:

- **Co-development of policy-oriented evidence and data systems** to inform gender-responsive climate and just transition processes (2 responses)
- **Strategic convening to bridge research, policy, and multilateral negotiations** (e.g. COP, CSW processes) (1 response)
- **Developing joint communication strategies** (1 response)

Gaps in the current NGCCFP support landscape

*Based on responses
by 12 partners (9
skipped)*

Source: NGCCFP Survey II

Complementary Partner Survey on Resources, Tools and Support

Inputs will be reviewed and compiled into a **practical and accessible reference document**, intended for the **direct use and benefit of NGCCFPs**

 Deadline: June 19th, 2026

Co-Creation Lab: Reflecting on the role of NGCCFPs

General guidance

- This group work is focused on NGCCFPs
- Focus on having a conversation and listening to each other
- This group work builds on previous mappings – the goal is not to compile a complete list – rather the group is asked to debate and understand each other's views on what they consider core
- Documentation should focus on capturing where there is convergence or diversity in perspectives

Reflecting on the role of NGCCFPs

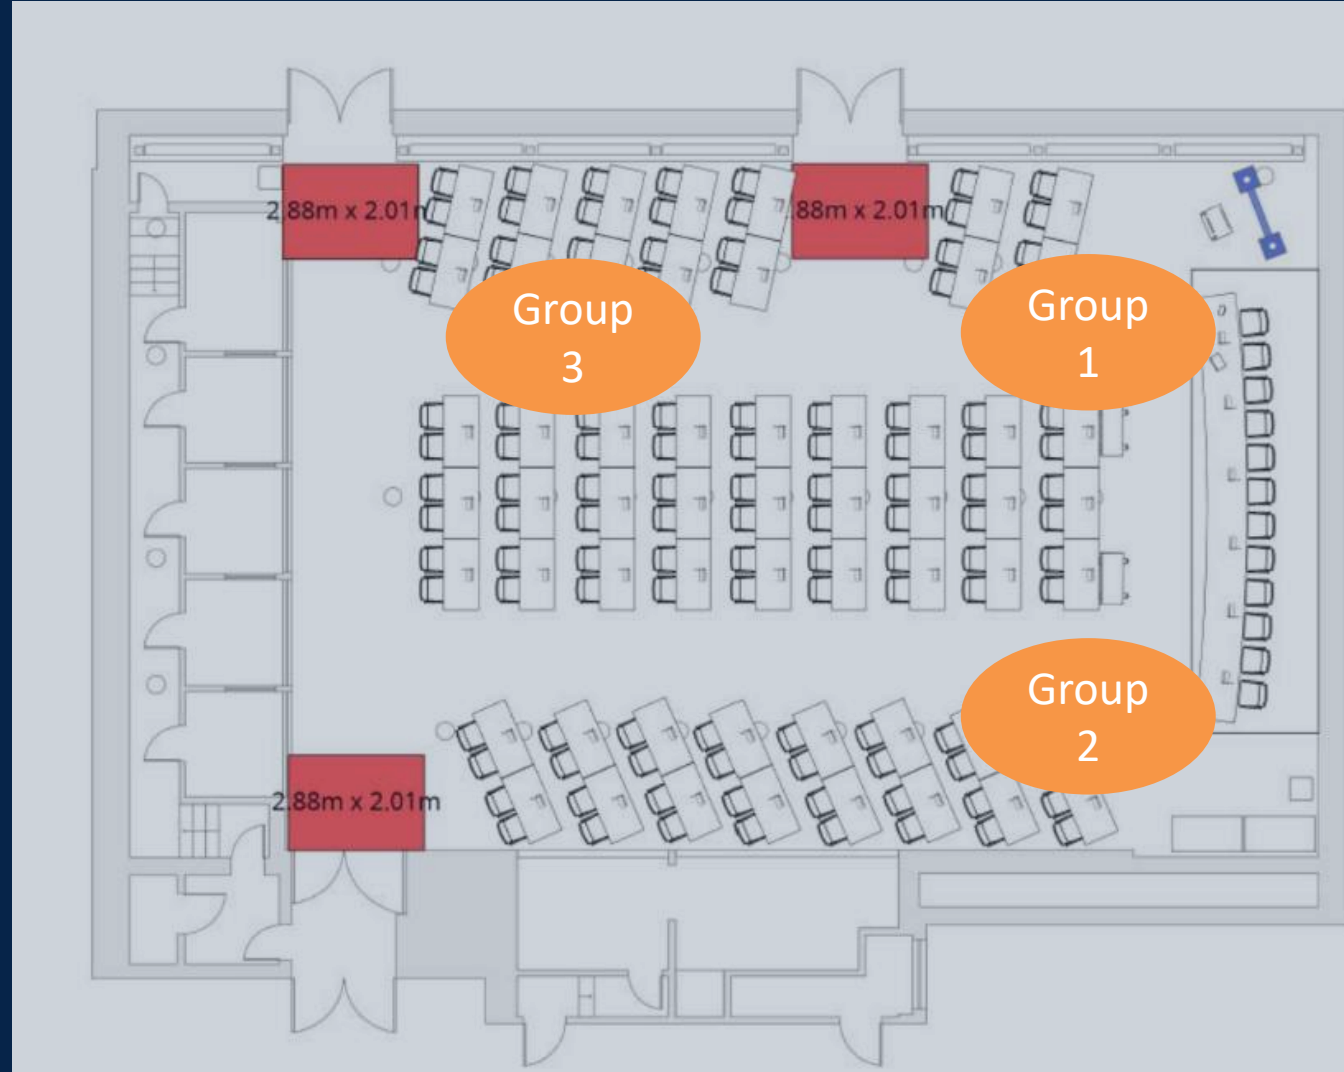

Each group will nominate a NGCCFP that will act as a facilitator who will also report back to the larger group

Discussion Questions (approx. 45 mins until 16:15):

1. Consider the **activities** identified through the survey? **How core vs optional** are these to the role of NGCCFPs? Can your group agree on a list of core and optional activities ranked by priority?
2. Which **institutional elements** might be missing from the list? Can your group prioritize and rank a list of key institutional elements?

Report Back (~5 minutes per group):
