

# Action for Climate Empowerment in North Rhine-Westphalia, Germany

## ACE Hub: empowerment, capacity-building and collaboration

Since 2022, the **state of North Rhine-Westphalia** has collaborated with **UNFCCC on the Action for Climate Empowerment Hub (ACE Hub)**. To reach the global climate goal, this project provides **capacity building, tools and knowledge to governments, youth and other stakeholders** across the world.

**The three pillars of ACE hub:** national ACE focal points, youth and multi-stakeholder collaboration.

**Events in 2022-2024:** ACE Youth Event, ACE Focal Points Academy, Regional workshops for Focal Points, UNESCO-UNFCCC Webinar Series, etc.

## Climate change education in NRW: empowering local children

Coordinated by NRW.Energy4Climate GmbH,  
promoted by the state of North Rhine-Westphalia

A variety of educational programs and materials to raise awareness and empower children and youth in NRW for climate action within Kindergartens and schools.

### KLIMAKITA.NRW

a **program** to address Kindergartens in exploring the topic of climate protection in a playful way.

### KLIMASTARTER

**materials** for working on climate protection topics in an easy and playful way.

## Secondary schools:

**experiments** focusing on climate change and renewable energies, plastic and daily products, etc.

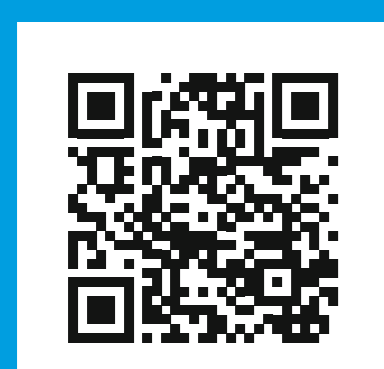

**virtual reality journey** on energy transition and digitalization

**escape game** about the workplaces on renewable energies
