Re: Your letter to the Supervisory Body dated 04 February 2026

Dear Ms. Tuchten,

I would like to thank you for your communication of 4 February 2026 which has been made available to the Chair and Vice-Chair of Supervisory Body in accordance with the relevant provision of the procedure for direct communication with stakeholders.

Please note that the draft mechanism methodology “Energy efficiency measures in household cooking” is currently under development and consideration by the Methodological Expert Panel. In this regard, a call for public input on the draft methodology has been open since 24 April 2026 and will remain open until 15 May 2026.

A further opportunity for public input will also be provided once the draft methodology has been recommended by the MEP to the Supervisory Body for its consideration. You are therefore encouraged to submit the views expressed in your letter through these public consultation processes.

In addition, kindly note that your letter may also be considered by the Supervisory Body at a future meeting once the draft methodology has been recommended by the MEP to the Supervisory Body.

Thank you for contacting the Body with your request.

Yours sincerely,

Stelios Pasmajoglou
as OIC for James Grabert

James Grabert

Secretary to the Supervisory Body
