SBI 57 agenda item 17(d)

Development and transfer of technologies and implementation of the Technology Mechanism Poznan strategic programme on technology transfer

Version 10/11/2022 19:00

Draft conclusions proposed by the Chair

1. The Subsidiary Body for Implementation (SBI) welcomed the information on progress in implementing the Poznan strategic programme on technology transfer contained in the report of the Global Environment Facility (GEF) to the Conference of the Parties at its twenty-seventh session.¹
2. The SBI **acknowledged** the information note with updated information on the status and successes of, challenges in and lessons learned from projects undertaken through the regional climate technology transfer and finance centres² and encouraged the Climate Technology Centre and Network (CTCN) to **integrate** relevant lessons learned when **implementing the joint work programme of the Technology Mechanism for 2023 – 2027.**
3. The SBI noted with concern the challenges identified for project activities in section five of the report referred to in paragraph 2 above, especially the concerns raised about the African regional center³, and request the CTCN to organize an open-ended and inclusive knowledge sharing workshop with the African center in conjunction with the regional climate week in Africa.
4. **The SBI invited the CTCN to collaborate with the regional centers to ensure knowledge-sharing, the leveraging of investment in climate projects and the mainstreaming of climate technologies in national policies and strategies.**
5. The SBI welcomed the inclusion of considerations, on how developing countries can be supported in updating their TNAs and implementing their technology action plans and TNA outcomes **in the joint work programme of the Technology Mechanism for 2023 – 2027.**
6. [The SBI welcomed the continued support provided by the GEF to developing countries, including 17 least developed countries and small island developing States, for undertaking their technology needs assessments (TNAs) under the fourth TNA project.⁴]
7. [The SBI invited the least developed countries and small island developing States that have not yet undertaken a TNA and wish to do so to obtain support for it under the eighth replenishment of the GEF and noted that other developing countries can make use of their national allocation under the System for Transparent Allocation of Resources[, **relevant elements of biennial transparency report funding, CTCN technical assistance, support under the Green Climate Fund Readiness Programme and support from the Adaptation Fund**] to prepare or update their TNA or implement their technology action plan and TNA outcomes.]
8. **Alt1.[The SBI agreed to continue consideration of this matter at its xx session (XXX)].**
Alt2.[The SBI agreed to conclude its consideration of this matter.]
Alt3.[The SBI agreed to establish the Sharm el-Sheikh work programme on technology implementation for taking stock of progress and successes in and lessons learned from implementing the Poznan strategic programme on technology transfer, considering that many of the climate technology activities thereunder have now been completed, and
