

Quelles politiques établies pour une transition juste intégrant les mesures de riposte

1. *Name of proposing Party or organization.*

Government of Gabon

2. *Brief description of the proposed study:*

La République gabonaise est engagée dans la lutte contre les changements climatiques. Il serait intéressant d'aborder les mesures de riposte afin qu'elles soient capitalisées pour soutenir le pays dans la diversification de son économie, la protection et le bien-être de ses populations et la lutte contre les effets néfastes des changements climatiques. - The Gabonese Republic is committed to combating climate change. It would be worthwhile to examine the response measures so that they can be utilised to support the country in diversifying its economy, protecting and ensuring the well-being of its people, and combating the adverse effects of climate change.

3. *United Nations region to be covered by the case study:*

Africa;

4. *Country or countries to be covered by the case study*

The Gabonese Republic

5. *Area of the case study:*

Policy planning to implementation pathways ;Institutional arrangements surrounding impact assessment ;

6. *Expected duration for completion of the case study (in months):*

Six (6) months or one (1) year

7. *Contribution of the submitting organization*

Technical inputs;

8. Can the study be developed without financial support from the UNFCCC?

No

9. If no, please provide the estimated range of required financial support in USD (Please note that the UNFCCC is not a donor organization and has limited funding):

50000

10. Please provide the status of any preliminary work undertaken that could serve as a basis for the study, including a link to any available reports, if available.

This could be the first case study.

Framework Convention on
Climate Change
