Enabling climate finance discussion at COP29 | UNFCCC

The New Collective Quantified Goal on Climate Finance (NCQG)

- The new goal is to increase climate finance to developing countries from \$100 billion annually to **\$300 billion per year by 2035**.
- The NCQG aims to enhance resilience against climate impacts and facilitate access to clean energy benefits
- An overarching mobilization goal of **USD 1.3 trillion annually from public and private sources** was also set for the same timeline.

Article 6 and Carbon Markets Operationalization

Final agreements were achieved on
Article 6.2 and 6.4 mechanisms,
including **Article 6.8 on non-market
approaches**

Transparency and Reporting Mechanisms

13 countries have submitted their **Biennial Transparency Reports (BTR)**, and all Parties are expected to submit them by end of this year.

#Together4Transparency

Adaptation

- **Baku Adaptation Roadmap** was launched
- **Baku Workplan of LCIPP** was adopted
- A support programme for implementation of **National Adaptation Plans (NAPs)** was established for LDCs

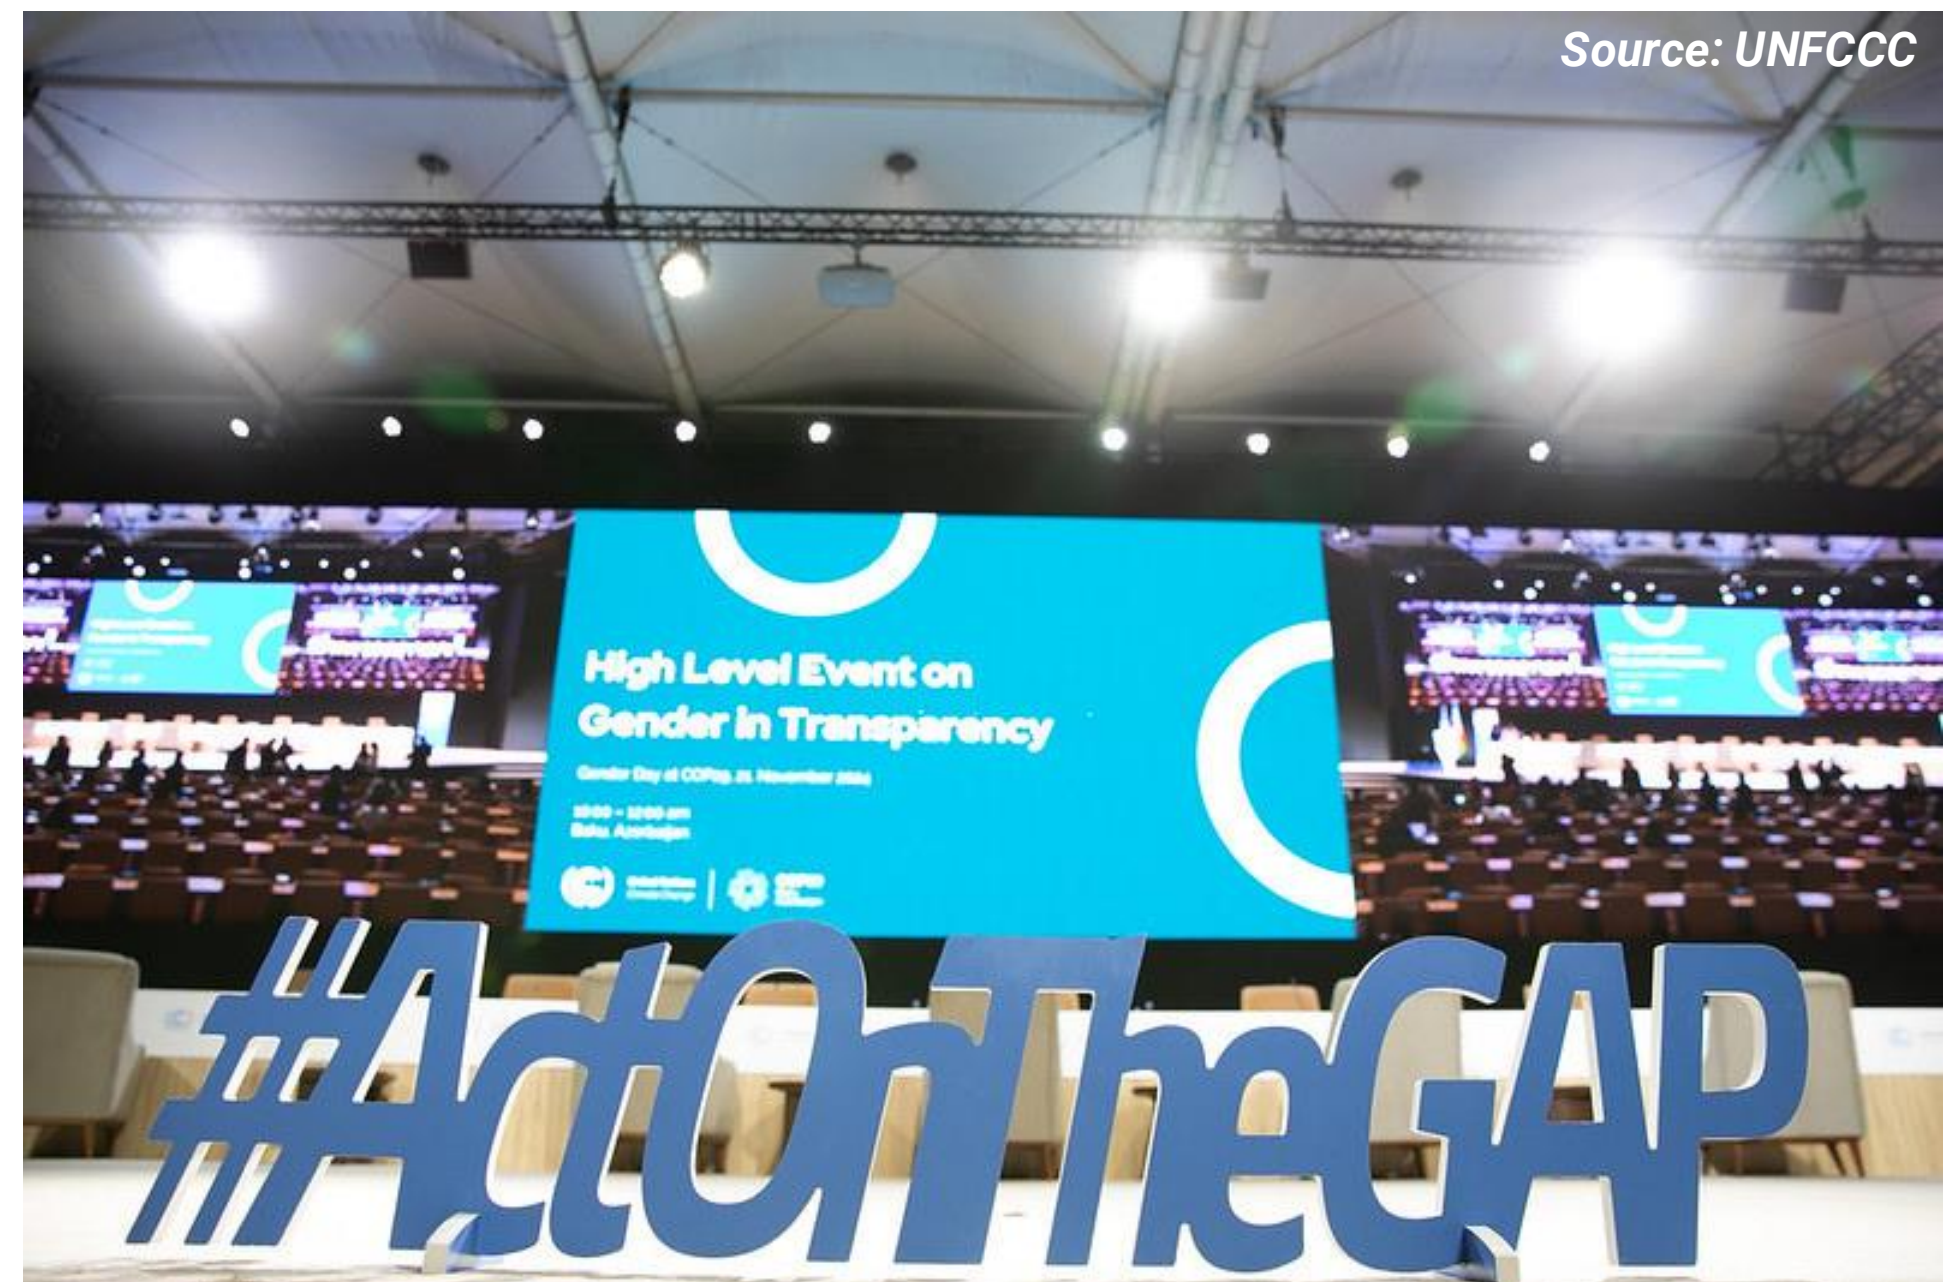

Source: UNFCCC

Gender and Climate Action

- The **Lima Work Programme on Gender** was extended for 10 years emphasizing the importance of gender mainstreaming in climate policies
- Preparations for a new **gender action plan** is underway, for adoption in COP30
