

**Item 14****Recommendations to be included in the 2024 ExCom annual report**

On the basis of the work undertaken during the reporting period, the Executive Committee agreed on the following recommendations. Parties may wish to:

1. Express appreciation to the secretariat for supporting the ExCom and its thematic expert groups;
2. Express appreciation to the members of ExCom's thematic expert groups - who consist of over 54 experts, both individuals and representatives from 20 organisations, from a wide range of disciplines and sectors including the humanitarian, development, environment and disaster risk management communities - for their work on implementing activities under the workplan and plans of action;
3. Express appreciation to the observers and non-Party stakeholders that have contributed to the Committee's work;
4. Express appreciation to the constituted bodies that have collaborated with the Committee, including through its thematic expert groups, namely the AC, the CGE, the FWG, the LEG, the PCCB, SCF, CTCN, and the TEC;
5. Welcome the continued progress of the ExCom in implementing its second five-year rolling workplan and that of its thematic expert groups in implementing their plans of action;
6. Welcome the ExCom's adoption of the plan of action of the Slow Onset Events Expert Group;
7. Welcome continued efforts of the ExCom to engage those that are at the forefront of climate change, including through focusing its standing agenda item on how the latest climate science can inform policymaking on Indigenous knowledge and local knowledge, and gender dimension of climate impacts and responses;
8. Welcome progress on preparation of technical guides and encourages the ExCom to:
  - Continue to facilitate the preparation of technical guides;
  - Prepare a template for technical guides and knowledge products which it will co-create with its thematic expert groups;
  - Increase the dissemination and outreach efforts related to technical guides, including through launch events and collaboration with the Santiago network;
  - Explore development of capacity-building materials and activities to support use of the technical guides produced by the ExCom.
9. Encourage ExCom to continue its collaboration with the LEG and collaborate with the AC, in the dissemination and uptake of the new Technical Guide on integrating human mobility and climate change linkages into relevant national climate change planning processes;
10. Encourage the ExCom to work closely with the CGE in the development of the voluntary technical guidelines for enhancing collection and management of data and information to

inform the preparation of BTRs, including the socialisation, dissemination and implementation of the guidelines.

11. Welcome the efforts of the ExCom to organize an event at the 2024 NAP Expo with its task force on displacement, and to organize its side event at the sixtieth sessions of the subsidiary bodies as well as ExCom's plan to organize an event at COP 29 and its annual outreach event;
12. Welcome the second meeting of all thematic expert groups of the ExCom and encourage the ExCom to organize cross-expert group meetings regularly to facilitate synergies between the thematic expert groups;
13. Encourage the ExCom to update the Action and Support Expert Group plan of action and membership;
14. Encourage the ExCom to explore further opportunities and modalities for engaging national stakeholders, including loss and damage contact points;
15. Welcomes ExCom's decision to translate priority technical guides and knowledge products and encourage ExCom to continue identifying outputs for translation;
16. Reaffirm the importance of using best available science in averting, minimizing, and addressing loss and damage and encourage the ExCom starting at ExCom 22 to consider ways to make that information available, including through a report;
17. Encourage the secretariat to continue to offer the possibility of virtual participation at its regular meetings and events, including by developing ways of effectively involving online participants;
18. Welcome cooperation between the ExCom and the SBI on the 3rd Glasgow Dialogue;
19. Encourage the ExCom to further explore opportunities to enhance coordination with the Board of the Fund for responding to Loss and Damage, including sharing the technical guidance and knowledge products and inviting feedback on knowledge gaps and needs and in actively contributing to the High-Level Dialogue.
20. Encourage the ExCom to further explore opportunities to enhance coordination with the Santiago network, including on drawing lessons learned from technical assistance catalysed through the Santiago network for future knowledge products and joint outreach and communications;
21. Encourage the ExCom to continue engaging with the bodies associated with the funding arrangements for responding to loss and damage, including through the High-Level Dialogue and in inviting them to its meetings;

22. Building on the discussions that took place at the 3rd Glasgow Dialogue on coordination and coherence, encourage the Co-Chairs of the ExCom to regularly coordinate with the Co-Chairs of the Board for the Fund for Responding to Loss and Damage and the Co-Chairs of the Advisory Board for the Santiago Network.
