

## UNFCCC COP 26 Glasgow, UK

### Programme Resilience Action Event “What does climate resilience mean in practice? Showcasing risk management actions across and within sectors”

Marrakech Partnership for Global Climate Action

Monday, November 8.  
Session 1: 10:00-11:30 GTM  
Session 2: 13:00-14:30 GTM  
Action Room 1, Hydro

Organised by the Marrakech Partnership Resilience Group, including Global Resilience Partnership and UN Food and Agriculture Organization (FAO)/A2R and the High-Level Climate Champions.

## Programme

<p>Date: Monday, 8 November</p> <p>Time: 10:00-11:30 GMT</p>	<p><b>PART 1 Resilience Action Event: What does climate resilience mean in practice? Showcasing risk management actions across and within sectors</b></p>
<p>10:00-10:05</p>	<p><b>Welcome and Introduction</b></p> <p><b>Moderator:</b> Moderator: Dr Maisa Rojas, Director, Center for Climate and Resilience Research, University of Chile, Race to Resilience Technical Secretariat</p>
<p>10:05-10:10</p>	<p><b>High Level Welcome by Mr. Gonzalo Muñoz, High-Level Climate Champion from Chile</b></p> <p>Highlight the need for increased ambition on climate action and announce R2R pledges for delivering action on the ground. Link MPGCA AR pathway to R2R metrics and delivery of action. Announce the R2R pledges and links ongoing (and further action) to the common suite of 9 climate risk management actions.</p>
<p>10:10-10:15</p>	<p><b>UNHCR Goodwill Ambassador Ms Emi Mahmoud, former refugee from Darfur and world champion slam poet</b></p> <p>Ms Mahmoud will accent the human face and the true reality/ lived experiences of the climate crisis on some of the most vulnerable people around the world.</p>
<p>10:15-10:25</p>	<p><b>Mr Zitouni Oulddada</b>, Senior representative, Deputy Director, Climate Change Office, FAO</p> <p>Link HLC's intervention to MPGCA AR pathway, what 5 impact areas are and why it's important that we speak in same narrative/language of 9 main climate risk management actions</p>

10:25-11:20	<p>TED-talk style discussion [ speakers will be asked <b>1 main question</b> on the what type of climate risk management action they implement, and what are the challenges for going at scale and a punchy delivery is expected] What kind of climate risk you are managing and what steps and actions are you implementing?</p> <ul style="list-style-type: none"> <li>• <b>Agri-Food Systems reps:</b> <ul style="list-style-type: none"> <li>○ <b>Moctar Sacande</b>, Great Green Wall Initiative</li> <li>○ <b>Rayam Kassem</b>, Smallholder Farmer and Youth Rep from Asia</li> </ul> </li> <li>• <b>Natural and Water Systems reps:</b> <ul style="list-style-type: none"> <li>○ <b>Rachel McDonell</b>, CGIAR</li> <li>○ <b>Ana Nunez Sanchez</b>, Deltares</li> </ul> </li> <li>• <b>Coastal and Oceans Zones reps:</b> <ul style="list-style-type: none"> <li>○ <b>Janine Felson</b>, AOSIS (Lead on Climate Finance and Oceans)</li> <li>○ <b>Flower Msuya</b>, Woman Seaweed Farmer Association, Tanzania</li> </ul> </li> <li>• <b>Cities</b> <ul style="list-style-type: none"> <li>○ <b>Adam McVey</b>, Council Leader, City of Edinburgh, Scotland</li> <li>○ <b>Professor Peter Nyong'o</b>, Governor of Kisumu, Kenya</li> </ul> </li> <li>• <b>Infrastructure and Services</b> <ul style="list-style-type: none"> <li>○ <b>Juliet Mian</b>, Resilience Shift</li> <li>○ <b>Jan Brooke</b>, Transport/NavClimate and Sedimentation Management Pledge</li> </ul> </li> </ul>
11:20-11:25	<p>Overview on narrative received by <b>Arizona Muse</b>, Founder of DIRT and Fashion Model and FAO Food Hero (P)</p>
11:25-11:30	<p>High Level wrap up remark - Sec General IFRC - Resilience and Climate Risk/cross themes</p> <p>Wrap up of Morning Session and Hand over to Afternoon Session</p>

<p>Date: Monday, 8 November Time: 13:00-14:30 GMT</p>	<p><b>PART 2 Resilience Action Event: What does climate resilience mean in practice? Showcasing risk management actions across and within sectors</b></p>
13:00-13:05	<p><b>Welcome and Intro</b></p> <p>Quick recap of session 1 and outline main objective of session 2</p> <p><b>Moderator: Maisa Rojas</b>, Director, Center for Climate and Resilience Research, University of Chile, R2R Technical Secretariat</p>
13:05-13:10	<p><b>High Level Intro - David Howlett</b></p> <p><b>Highlight the actions aspect of session 2</b></p>

	<ul style="list-style-type: none"> <li>• Building on the MPGCA Climate resilience pathway, Race to Resilience partners are already taking actions on the ground to increase the resilience of over 2 billion people and over 100 natural systems, in a huge geographical range using a wide variety of actions</li> <li>• R2R partners are also working on increasing resilience of people and nature through making cities, regions and companies more resilient, and by mobilising finance and sharing knowledge on climate risk management across sectors</li> <li>• The MPGCA Resilience Pathway has laid the groundwork for measuring resilience outcomes by detailing the risk management actions that can be taken to increase resilience</li> <li>• Race to Resilience will record and track partner current plans and outcomes in future years, thus allowing identification of gaps to be filled by new and existing partners.</li> <li>• The climate risk management actions urgently need to be scaled up across sectors and across the globe</li> </ul>
<p>13:10-13:55</p>	<p><b>Ground Truthing the Race to Resilience: what are the human centred actions that partners are taking?</b></p> <p>In this session R2R partners are highlighting the work they do across different MPGCA Resilient Actions.</p> <p><b>Moderator: Maisa Rojas</b> will introduce <a href="#">9 actions</a>, already illustrated in part in the morning session and the partners that are undertaking these actions.</p> <p><b>Each speaker has (5-7 min)</b></p> <ol style="list-style-type: none"> <li>1. Climate risk vulnerability assessments, disclosure &amp; monitoring. RegionsAdapt - <b>Thiago Pampolha</b>, Secretary of Environment and Sustainability of Rio de Janeiro State (P) (with translator)</li> <li>2. Sharing knowledge &amp; best practice on climate risk management International Coalition for Sustainable Infrastructure - <b>Savina Carluccio</b>, Head of Guidance and Standards (P), see <a href="#">Infrastructure Pathways</a>)</li> <li>3. Nature-based solutions to reduce risks Scale for Resilience (virtual - prerecord): <b>Claudia Veronica Moreno Recalde</b>, Microfinance Institution Espoir</li> <li>4. Risk transfer: Insurance &amp; social protection <b>Tuga Alaskary</b> - InsuResilience</li> <li>5. Climate risk governance &amp; capacity building Resilient Housing, <b>Elizabeth Hausler</b>, Founder &amp; CEO Build Change (P) <a href="#">Guide to Resilient Housing</a>)</li> </ol>
<p>13:55-14:05</p>	<p><b>How can the deployment of technology and finance for resilience be scaled up?</b></p> <p>Short interview</p> <p><b>Moderator: Maisa Rojas</b>, CR2, R2R Technical Secretariat <b>Panelist: Mark Harvey</b>, Daraja-Resurgence (P)</p>

14:05-14:10	<b>Closing and Call to Action</b> <b>David Howlett and Nigel Topping, High Level Climate Champion of Global Climate Action</b>
