

**CRP:
Draft CMA 4 Decision on the Glasgow Sharm El-Sheikh
Workprogramme on the Global Goal on Adaptation
Submitted by Zambia on behalf of the
African Group of Negotiators**

The Conference of the Parties as the meeting of Parties to the Paris Agreement,

Expressing Appreciation to the government of Maldives for hosting informal launching workshop and to the government of Egypt for hosting the third workshop under the Glasgow Sharm El-Sheikh Workprogramme on the Global Goal on adaptation

Recalling *the Paris Agreement and the global goal on adaptation referred to in its article 7 paragraph 1,*

Also recalling *Articles 2, 3, 7 and 9, 10, 11 and in particular 7.14 of the Paris Agreement,*

Recalling Decision 7/CMA.3 that established the Glasgow-Sharm el-Sheikh work programme on the global goal on adaptation,

Takes note of the effort and work undertaken through the workshops under the Glasgow–Sharm el-Sheikh work programme on the global goal on adaptation and *noting* the need to address the challenges relating to virtual participation, representation and delay in issuing of concept notes and summary reports as raised by parties during the workshops and through the submissions,

Notes with appreciation the first attempt at the compilation and synthesis of indicators, approaches, and metrics for reviewing overall progress in achieving the global goal on adaptation with the view of enhancing it further based on the elements identified at CMA4 to inform for the workshops in 2023,

Takes note of the annual report on the first year of the Glasgow - Sharm-el Sheikh Work Programme on the Global Goal on Adaptation;

Confirms that work on the development of the targets and indicators will be central to advancing the substantive work on under the Glasgow Sharm Work Programme,

Stressing *that the efforts to achieve global goal on adaptation shall ultimately achieve a downward deviation from the increasing trend in impacts, risks and vulnerabilities*

X Decides to establish a framework, as contained in annex to this decision with its **focus areas, sectors, cross-cutting considerations, indicators/metrics and targets as appropriate, for enabling the full implementation of the Paris Agreement towards achieving the global goal on adaptation including for reviewing** the overall progress made in achieving the Global Goal Adaptation in the GST, taking into account progress made under the Glasgow-Sharm el-Sheikh Work Programme to be considered for the first and subsequent cycles of the Global Stocktake, as established in a-d:

- a. *Focus areas*, i. impacts, risks and Vulnerabilities, ii. Planning, iii. Implementation of actions, iv. means of implementation and support for developing countries,
- b. *Sectors* – Water, Agriculture and Food; Cities and Settlements and Infrastructures, Health, Poverty and livelihoods, Ecosystems,
- c. *Cross cutting considerations including indigenous knowledge, and other considerations as appropriate*,
- d. *Principles*: principles of the Convention and Paris Agreement to reflect equity and CBDR RC in light of different national circumstances, country drivenness, recognizing of Article 7.2 of Paris Agreement recognizing that adaptation is a challenge faced by all at various levels (local, subnational, national regional and international) and that it requires a long-term response.

Decides to revise the framework referred to in paragraph x above prior to the second global stocktake;

(xx) Decides to adopt High level global indicators and targets to galvanize action and facilitate support for developing countries towards achieving GGA and reviewing overall progress in achieving GGA inclusive of but not limited to:

- I. Enhancing the capacity to adapt and build resilience of global populations by 50% focusing on enhancing the adaptation capacity of populations in developing countries by 2030
- II. 100 percentage of population vulnerable to the effects of climate change reduced by 2050
- III. 100 Percentage of global population having access to early warning systems by 2025
- IV. 100 percent of countries developed adaptation planning by 2025
- V. substantial progress on the implementation adaptation priorities communicated through the NAPs, NDCs, AC, NatComs; by 2030

Agrees on the following global targets for adaptation contained para (xx) above

Decides to identify and consider the indicators/metrics/targets referred to in para (X) in the workshops to be undertaken in 2023.

Agrees that the needs contained in the adaptation related information communicated by parties through their NDCs, NAPs, NATCOMs, NCs, and other adaptation related documents by parties shall form a basis for achieving and reviewing progress towards achieving the GGA

Invites working group II of the Intergovernmental Panel on Climate Change to prepare a special report on the global goal on adaptation and to update its 1994 technical guidelines for assessing climate change impacts and adaptation as part of its seventh assessment cycle;

Requests the secretariat to undertake, in collaboration with relevant UNFCCC constituted bodies, and other relevant bodies under and outside the convention, additional work on indicators, metrics and targets, as appropriate, in the context of the framework referred to in paragraph x above;

Decides that the four annual workshops under the Glasgow–Sharm el-Sheikh work programme in 2023 should all be held in person with a virtual component at the discretion of participants, taking into account the challenges associated with holding the workshops virtually, with a view to ensuring inclusive participation and balanced geographical representation of Parties;

Further decides that the workshops shall be organized in-person over multiple days in a manner allow sufficient time for hands-on consideration

Decides to hold the first workshop in 2023 no later than in March, second workshop no later than May, Third Workshop no later than August, and the fourth workshop in 2023 no later than six weeks prior to the fifth session of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement November 2023;

Decides the themes for the first and second workshops to cover target setting, metrics, methodologies and indicators for the GGA for the first workshop, and means of implementation for achieving GGA for the second workshop, based on the framework contained in para (x)

Decides to consider the themes of the 3rd and 4th workshops at SB58

Agrees that article 7.14 of the Paris Agreement guides the collective assessment for the GGA in the Global Stocktake, and this should ensure linkages between its four elements contained in article 7.14 of the Paris Agreement, to be covered as cross cutting considerations in all upcoming GGA workshops

Stresses the importance of contributing effectively to the GST, through capturing progress highlighting gaps, assessing adaptation action and support needs for developing countries, identifying challenges, and areas of improvement, in order to continue to work towards the achievement of the GGA and raising adaptation ambition of action and support

Requests the secretariat to publish the single annual report on the workshops referred to in paragraph 16 of decision 7/CMA.3 no later than four weeks prior to the fifth session of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement;

Invites Parties and observers to submit via the submission portal views on the subsequent workshops, including questions for consideration under the different themes, for each workshop to be conducted in 2023, at least three weeks in advance of the workshop

Requests their Chairs, with the support of the secretariat, to make available a concept note and guiding questions relating to the theme and areas of work of each workshop, at least two weeks before the workshop, on the basis of the submissions referred to in paragraph 15.

Requests the secretariat, under the guidance of their chairs, to prepare the single annual report referred to in paragraph 16 of decision 7/CMA.3 no later than 4 weeks before the 59th Subsidiary Bodies meeting.

Requests the secretariat, under the guidance of their Chairs, to prepare a summary of each workshop, in the context of preparing a single annual report for consideration at the sessions of the SBs coinciding with the fifth session of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement (November 2023) as provided in paragraph 16 of decision 7/CMA.3, capturing progress made and informing subsequent consideration by Parties under the Glasgow–Sharm el Sheikh work programme.

Annex

	Cross-cutting: Indigenous and traditional Knowledge, Gender, Monitoring and evaluation						
	Overall Adaptation needs and targets	Water	Food and agriculture	Health	Cities, Settlements and key Infrastructures	Poverty and livelihoods	Ecosystems
Impacts, Vulnerabilities and risks							
Planning							
Implementation of actions							
Means of implementation and support for developing countries
