If the project has already started as per the definition of the “start date” (add a note illustrating the start date)</p> <p>Footnote: The activity participants shall determine the start date of the proposed A6.4 project as the date on which the activity participants commit to making expenditures for the construction or modification of the main equipment or facility (e.g. a wind turbine), or for the provision or modification of a service (e.g. distribution of energy-efficient light bulbs, change of transport management system) under the proposed A6.4 project.
