

## Setting the agenda from Dubai to Baku: mobilizing non-Party stakeholders for enhanced national climate plans

*Version as of 3 June 2024*

**Co-conveners:** High-Level Champions and Marrakech Partnership

**Participants:** National government, senior business, subnational and civil society representatives

**Format:** Moderated roundtable discussion

**Time:** 13.00-14.30 CEST | Tuesday, June 4, 2024

**Location:** World Conference Center, Addis Abeba room, Bonn

### Background

---

Through the UAE Consensus agreed at COP 28, Parties and non-Party stakeholders are urged to join efforts to accelerate delivery through inclusive, multilevel, gender-responsive and cooperative action and encouraged the High-Level Champions, the Marrakech Partnership, and non-Party stakeholders to consider the outcomes of the first GST in their work on scaling up and introducing new or strengthened voluntary efforts, initiatives and coalitions.

At the 60th sessions of the Subsidiary Bodies of the UNFCCC in Bonn, Germany, the High-Level Champions will convene this roundtable as an opportunity to mobilize and coalesce the Marrakech Partnership and non-Party stakeholder community behind the [2030 Climate Solutions](#) (an implementation roadmap with specific actions and solutions to accelerate the transition towards a net-zero, nature-positive, and climate-resilient future) and related frameworks, tools and campaigns and discuss how they can turn political declarations and outcomes from COP 28 into practice, and how non-Party stakeholders can support national governments to deliver and implement ambitious, economy-wide, 1.5 aligned and resilient climate action plans.

### Objectives

---

- Razan Al-Mubarak, High-Level Champion, COP 28 Presidency shares overarching progress on real-economy and whole-of-society implementation of the UAE Consensus, including the outcome of the global stocktake.
- Nigar Arparadai, High-Level Champion, COP 29 Presidency shares vision and priorities towards COP 29 and how non-Party stakeholders can help support and enable successful outcomes at COP 29 and beyond.
- Highlight non-Party stakeholders' progress and real-economy and whole-of-society opportunities that can help facilitate the implementation of the UAE Consensus, including the outcome of the global stocktake, and how this can support the efforts of national governments.
- Highlight the criticality of investable and implementable Nationally Determined Contributions (NDCs) and National Adaptation Plans (NAPs) to accelerate climate action on the ground.

## Agenda

---

Time/Duration	Details
13:00 - 13:05	<b>Introduction</b> <ul style="list-style-type: none"><li>● <b>Mariana Castano Cano</b>, Founder, 10 Billion Solutions</li></ul>
13:05 - 13:10	<b>Welcome remarks</b> <ul style="list-style-type: none"><li>● <b>Simon Stiell</b>, Executive Secretary, UNFCCC</li></ul>
13:10 - 13:20	<b>Opening remarks</b> <ul style="list-style-type: none"><li>● COP 28 High-Level Champion <b>Razan Al Mubarak</b></li><li>● COP 29 High-Level Champion <b>Nigar Arpadarai</b></li></ul>
13:20 - 14:20	<b>Facilitated roundtable discussion</b> <ul style="list-style-type: none"><li>● Moderator: <b>Mariana Castano Cano</b>, Founder, 10 Billion Solutions</li></ul>
