SBI 48 in-session workshop

Part II – Policies, plans and progress in enhancing gender balance in national delegations

Annotations to the provisional programme

I. BACKGROUND

The Conference of Parties (COP) in its decision 21/CP.22, decided to continue and enhance the Lima work programme on gender, with a review of the work programme set for the twenty-fifth session of the COP (November 2019).¹ It also decided to hold an annual in-session workshop in 2018 and 2019. By decision 3/CP.23, the COP established a gender action plan and also decided that the topic for the 2018 workshop would be based on activity E.1 of that action plan.

Part II of the workshop will address the topic of the policies and plans for and progress made in enhancing gender balance in national climate delegations.²

Finally, the gender action plan invites Parties and observers organizations to provide submissions on the topics set out in activity E.1.³

II. OBJECTIVES AND ANTICIPATED OUTCOMES

The objectives of the in-session workshop are to:

- Raise awareness on possible options for enhancing gender balance in national climate delegations.
- Provide an opportunity for Party delegates and observers to brainstorm on possible options.

The anticipated outcome is a summary report that captures challenges and good practices related to the topic of the workshop, which will be published as an information document after the close of SBI 48.

III. MODALITIES FOR THE IN-SESSION WORKSHOP

Format and duration

The in-session workshop may combine expert and technical presentations, smaller group discussions and panel presentations with sufficient time for substantive and interactive discussions on possible elements and activities under the gender action plan.

This second part of the in-session workshop is currently scheduled from 11:00 – 14:00 on Wednesday, 9 May 2018. Participants are encouraged to check the CCTV in the venue to confirm the date, time and room location as these may be subject to change.

Resources

The submissions from Parties and observers and other stakeholders can be accessed on the UNFCCC submissions portal and via the workshop webpage.

IV. PARTICIPANTS

The workshop is open to Parties, observers and the media who are registered to attend the subsidiary bodies session. The workshop will also be made available through on-demand web-cast.

Participants are invited to review resources and information made available on the workshop website prior to the workshop in order to make the most of the limited workshop time.

¹ Decision 21/CP.22, paragraph 6

² Part I of the workshop will be held on 2 May 2018 from 11:00 – 14:00 and 16:00 – 19:00 and will address the topics of the differentiated impacts of climate change on women and men and the integration of gender considerations in climate policies and plans.
