

*Presenting the EU view on non-marked
based approaches to international
cooperation under article 6*

Overall objective of NMAs

- Voluntary cooperation in the implementation of NDCs to allow for **higher ambition**, promote **sustainable development** and **environmental integrity**
 - Promote mitigation and adaptation ambition
 - Enhance public and private sector participation
 - Enhance cooperation across instruments and relevant institutional arrangements
- General remarks;
 - Guidelines to establish safe guards for implementing NMAs
 - Inclusion does not constitute an UNFCCC approval
 - No transactions and no quid pro quo operations

Views on additional focus areas

- Prioritize progress on the initial focus areas
 - Adaptation, resilience and sustainability
 - Mitigation measures
 - Development of clean energy sources
- Caution to avoid duplication of other workstreams
 - MWP
 - ACE
 - CTCN and TEC
 - PCCB
 - Adaptation Committee

Existing relevant NMAs

- **Examples of existing collaboration**
 - Forest conservation and sustainable management of forests
 - **Copernicus**
 - **Various frameworks referred to in article 5**
 - NDC development, progress/extension and implementation
 - **NDC partnership**
 - NAP development and implementation
 - **Supported through e.g. GCF/GEF**

Views on the UNFCCC web-based platform

- Main objective;
 - Recording and exchanging information on NMAs
- Next step;
 - Assessment of existing features and information
 - Lessons learned
- Link platform with existing information available on the UNFCCC website, and other relevant websites
 - Global Climate Action Portal – NAZCA
 - NAMA Registry
 - UNFCCC Climate Finance Data Portal
 - TT:Clear: Climate Technology Project Pipeline
 - Capacity Building Portal

Schedule for implementing the WP activities
