P1.5.1	<p>In the NIR (chapter 14), the Party explained that Malta's national registry was connected to the international transaction log for the first time in 2016 and information on the consolidated EU registry changes has been provided in the NIR. However, during the review, in response to a question raised by the ERT regarding the omission of SEF tables from Malta's 2017 annual submission (see issue ID# G.15 in table 3), Malta mentioned that a fully functioning registry would be a prerequisite for the generation and submission of SEF tables, and the Party noted that this was not yet the case. The ERT noted that the registry is normally assessed annually to determine whether the appropriate requirements are being met and the results are contained in the SIAR. The ERT also noted that an SIAR has not been produced for the 2017 annual submission because the SEF tables were not submitted in a timely manner (they were submitted on 26 September 2017). However, the results of the independent assessment report of the national registry of Malta, produced in conjunction with Malta's report to facilitate the calculation of its assigned amount, concluded that the registry is deemed sufficiently compliant with the registry requirements defined in decisions 13/CMP.1 and 5/CMP.1.</p> <p>The ERT recommends that the Party implement changes in the procedures related to the national registry to ensure the timely submission of the SEF tables, and ensure that those changes are reported in the 2018 NIR in accordance with decision 15/CMP.1, annex, paragraph 22.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> NA	<p>The Party's SEF report [SEF] was made available to assessors by 12 April 2018.</p>
