

# Global Youth Forum on climate change

## Thematic Focus and Partnership

Prioritizes climate action themes and fosters partnerships among national ministries, NGOs, research institutions, and think tanks, ensuring a holistic approach to tackling climate challenges.

## Knowledge Sharing and Networking

Fosters knowledge-sharing and networking among youth and climate leaders, promoting innovation and collective action to address global climate challenges.

## Youth Empowerment and Participation

Empowers youth by providing a platform for leading projects, co-creating solutions, and participating in policy processes related to climate change. Through capacity-building and networking, young people contribute significantly to climate action efforts.

# Youth in Climate Action and climate policy processes

## SLYCAN Youth Engagements - climate change policy processes

- Bonn Climate change conferences (SBs)
- Conference of Parties (COPs)
- Regional Climate Weeks of UNFCCC

## SLYCAN Youth Pre & Post Debrief Sessions

- Pre-SB58 Global call for ACE
- Post SB58 youth debrief
- Pre-COP Youth Dialogue on Youth in Climate Policy and Action
- Post-COP Youth Debrief

## Global Thematic Dialogues

The Global Youth Forum on Climate Change, in partnership with SLYCAN Trust Youth, hosts monthly thematic dialogues to empower youth with knowledge and skills in specific areas. These dialogues aim to develop youth leaders advocating for policy change, raise awareness, and foster a supportive community for sustainability.

- Youth in Climate-resilient food systems
- Risk management and Addressing climate-induced loss and damage
- Climate-friendly Entrepreneurship in Fashion

## Climate 2.0: Youth discussion series

SLYCAN Trust Youth launched Climate 2.0 at ClimaComms Labs for informal discussions on climate. These sessions aim to explore effective communication strategies, assess media credibility, and foster collaboration among diverse fields to enhance climate communication.

## Youth Framework for Climate Policy and Action

SLYCAN Trust empowers youth globally, emphasizing capacity-building and connectivity for policy engagement. Developing a Framework for Youth in Climate Policy and Action, it builds upon UNFCCC negotiations, the UN Food Systems Summit, and national policymaking. The framework fosters collaborative solutions among youth, aligning with UNFCCC processes and international initiatives like the Global Youth Forum on Climate Change and ClimaComms.
