

## CLIMATE NEUTRAL NOW PLEDGE APPENDIX

Thank you for making a pledge to Climate Neutral Now. To validate your pledge, please complete the form below by answering each one of the following questions and send this document to the UNFCCC secretariat at [ClimateNeutralNow@unfccc.int](mailto:ClimateNeutralNow@unfccc.int)

Please refer to the [explanatory document](#) for further information on how to complete this appendix.

### STEP 1: MEASURE YOUR GREENHOUSE GAS EMISSIONS

1. What is the reporting period for this appendix? (please indicate the calendar or fiscal year, or another period as applicable)

☒ 01/01/2018 – 31/12/2020

☐ One-off initiative

2. What standard or methodology are you using when quantifying your GHG emissions?

GHG Protocol Corporate Reporting & Accounting Standard

[If other, please specify here.](#)

3. Which categories are included in your estimation of emissions?

- ☒ Electricity generation
- ☒ Heat generation
- ☒ Heat consumption
- ☒ Electricity consumption
- ☒ Fuel consumption for purposes other than heat or electricity generation
- ☒ Air travel
- ☒ Transport by car
- ☐ Public transport by bus
- ☒ Public transport by taxi
- ☐ Public transport by train
- ☒ Other modes of public land transport
- ☒ Waste
- ☒ Water consumption

Please use the following space to provide more details as required, or to indicate **other** categories not listed above, such as Scopes 1, 2 and 3 according to the GHG Protocol:

Scope 3 emissions include staff travel, transportation/logistics, accommodation, race boat manufacture, plus accommodation travel and other subsistence for hospitality guests and spectators.

4. Is your GHG data publicly available? If yes, please provide a web link or a copy of the report.

☒ No

☐ Yes

[If yes, please specify here.](#)

5. Which GHGs are included in your estimation?

- ☒ Carbon dioxide (CO<sub>2</sub>)
- ☒ Methane (CH<sub>4</sub>)
- ☒ Nitrous oxide (N<sub>2</sub>O)
- ☒ Hydrofluorocarbons (HFCs)
- ☒ Perfluorocarbons (PFCs)
- ☒ Sulphur hexafluoride (SF<sub>6</sub>)

[Please enter any comments here.](#)

6. What is the amount of total emissions?

35695

Tons of CO<sub>2</sub> equivalent

## STEP 2: REDUCE YOUR EMISSIONS

1. Do you have a greenhouse gas emissions reduction target? If yes, please indicate it.

☐ No

☒ Yes

**SailGP has set a target of achieving its zero-carbon roadmap by 2025.**

**2. Please list your greenhouse gas emissions reduction actions here.**

When purchasing goods and services maximise opportunities available through contract specifications and contract management to help deliver efficiencies, emissions reductions, and sustainability. To reduce its emissions, SailGP is working toward eliminating single-use plastics throughout the organization and across all events. SailGP is tackling food waste through a charter and partnerships in host cities, and reducing energy by testing new technologies and using biofuels. SailGP is also evaluating the circularity of the materials it uses across all operations. SailGP is committed to accelerating toward a sustainable future and has set a target of achieving its zero-carbon roadmap by 2025. Since SailGP's first event in January, the carbon emissions have already been reduced from temporary power at the events..

**STEP 3: OFFSET YOUR UNAVOIDABLE EMISSIONS**

**1. Which categories are being compensated with offsets?**

- ☒ All measured categories
- ☐ Some of the measured categories, please select from below
  - ☐ Electricity consumption
  - ☐ Electricity generation
  - ☐ Heat generation
  - ☐ Electricity generation
  - ☐ Fuel consumption for purposes other than heat or electricity generation
  - ☐ Air travel
  - ☐ Transport by car
  - ☐ Public transport by bus
  - ☐ Public transport by taxi
  - ☐ Public transport by train
  - ☐ Other modes of land transport
  - ☐ Waste
  - ☐ Water consumption

Please use the following space to provide more details as required, or to indicate **other** scopes not listed above, such as Scopes 1, 2 and 3 according to the GHG Protocol::

[Please enter any comments here.](#)

**2. If you are using other offsets in addition to UN Certified Emissions Reductions (CERs), please indicate which ones.**

- ☒ No
- ☐ Yes

[If yes, please specify here.](#)

3. How many tons of CO2 equivalent are you offsetting during this period?

30,000

tons of CO2 equivalent

4. How many CERs are you using during this period?

30,000

CERs

5. Which platform did you use to purchase the CERs?

☐ United Nations Carbon offset platform

☒ Others

**EKI Energy Services Ltd.**

6. Please provide proof of purchase/cancellation of the CERs here or attach it to your e-mail or provide a link to a relevant public registry/website.

[Please see attached the carbon credit certificates](#)
