Monica Bae is Director of Investor Practice at AIGCC. She manages collaborative engagement with investors in Asia to build capacity and integrate climate-related issues in investment processes, and to increase capital flow into decarbonisation to align with a 1.5 degrees future. She oversees work across several thematic focus areas relating to Paris-aligned investments, energy transition, and forest & land use. She is passionate in facilitating the development of sustainable investments in Asia and is part of global and regional coalitions of leading financial institutions that spearheads sustainable finance initiatives.

Monica has over 16 years of experience in financial services and economic research, especially in managing private debt funds for Asian institutional investors and structuring investment products. Most recently, she was the regional lead in leading nature-positive engagement with Asian capital markets stakeholders at CDP.
