Dr Dirk Lamberts

# Integrating Flood and Drought Management and Early Warning for Climate Change Adaptation in the Volta Basin

Benin, Burkina Faso, Côte d'Ivoire, Ghana, Mali and Togo

World Meteorological Organization (WMO)

USD 7.9 million

December 2018

# Integrating Flood and Drought Management and Early Warning for Climate Change Adaptation in the Volta Basin

3

# PROJECT COMPONENTS

4

- **Component 1:** Develop capacity and established frameworks at the local, national and regional levels to ensure risk informed decision-making
- **Component 2:** Develop concrete adaptation and environmentally friendly actions with an integrated approach
- **Component 3:** Strengthening policy and institutional capacity for integrated flood and drought management at the local, national and transboundary levels
