

Climate Vision: A world on a path to zero carbon and climate resilient development

Ambition:

UNDP Climate Promise: Support enhancement of 100 NDCs by 2020

NDC Database – June 2019
Global NDC Outlook Report – August 2019
NDC Toolkit – December 2019

2019 - 2020

Menu of services for countries support to NDCs (delivered in partnership):

Acceleration:

Scale Up Climate Action in 142 countries

Greener, resilient cities, brighter futures
20 sustainable, climate-resilient cities by 2030

Adaptation/Resilience
200 million people reduced vulnerability to CC

Powering resilient rural development
By 2030: 100 mil. additional people access clean energy, >30 million people benefit from access to EWS and climate information services

Nature based solutions
100 million ha degraded land restored by 2030

Climate Finance
3 USD Billion in grant finance by 2030

2019 - 2030

Building political will and ownership

Review and update targets and goals

Incorporate new sectors in the NDCs

Mobilization:

Bridge Civil Society & Youth with Government Policy

Equator Prize Ceremony
Social Good Summit
Youth/Civil society on health and climate
5 for 1.5 film series

2019 onwards

Strengthening institutions and governance systems

Enhancing transparency and accountability

Data and modelling

UNDP's Climate Vision: The African Context in 2019

Ambition:

UNDP Support to Strengthening NDCs

NDC financing/investment strategies

Climate finance MRV

Mapping and aiding governments in understanding climate finance flows

Support to mainstreaming adaptation planning via National Adaptation Planning, integration of national—subnational and sectoral adaptation planning

- **14 Countries in Africa receiving NDC support, including for updates and revision:** Cote d'Ivoire, DRC, Ghana, Kenya, Nigeria, Uganda, Zambia, Rwanda, Togo, Sao Tome & Principe, Ethiopia, Mali, Morocco, Tunisia
- **25 African Countries receiving support to develop NAPs,**
 - 21 receiving support to access GCF and LDCF finance for NAP development (5 GCF and 3 LDCF projects approved)
 - Further 4 countries receiving support to integrate agriculture into NAPs

Acceleration:

Scale Up Climate Action across the Continent

Programming – actively supporting climate mitigation and adaptation initiatives throughout the continent:

Adaptation Finance in Africa:

- \$ 445 million secured and under implementation in **40 Countries**
- **55.3 million beneficiaries** (43% women)
- **111km of coastline** protected
- **55,550+ ha of agricultural land** under improved agricultural practices
- **1.6 million people across 746 communities** adopting more resilient agricultural practices

Mitigation Finance in Africa:

- \$ 208 million secured and under implementation in **34 countries**
- **22 countries** adopting affordable, reliable, sustainable, modern **energy solutions**
- **256 million tonnes of CO² emissions** avoided (*global figure)

Mobilization:

Mobilizing Government, Civil Society and Private Sector Action

C finance transparency & acc (Parliament, Auditor General, CSOs)

Strategic Accelerator Partnership for Climate Change and Sustainable Development - Centre for Africa (UNDP-Government of Italy partnership)

Working with private sector to enable innovative finance for smallholder farmers

Partnership with universities to develop capacities and knowledge/skills transfer in economics of climate change, climate information services, CC and DRR

UNDP NDC Support in Africa

Scaling ambition on climate change via a whole-of-society approach

Where the NDC support Programme works now...

♀ DENOTES GENDER COMPONENT

Additional African countries Selected For NDC Programming in 2019

Country	Scope
Ghana	Deep dive
Rwanda (new)	Deep dive
Tunisia	Deep dive
Togo (new)	Targeted
Sao Tome & Principe (new)	Targeted
Ethiopia (new)	Targeted
Mali (new)	Targeted

- Support NDC updates/revision where possible
- Design /support set up of whole-of-society engagement mechanism

14 countries in total

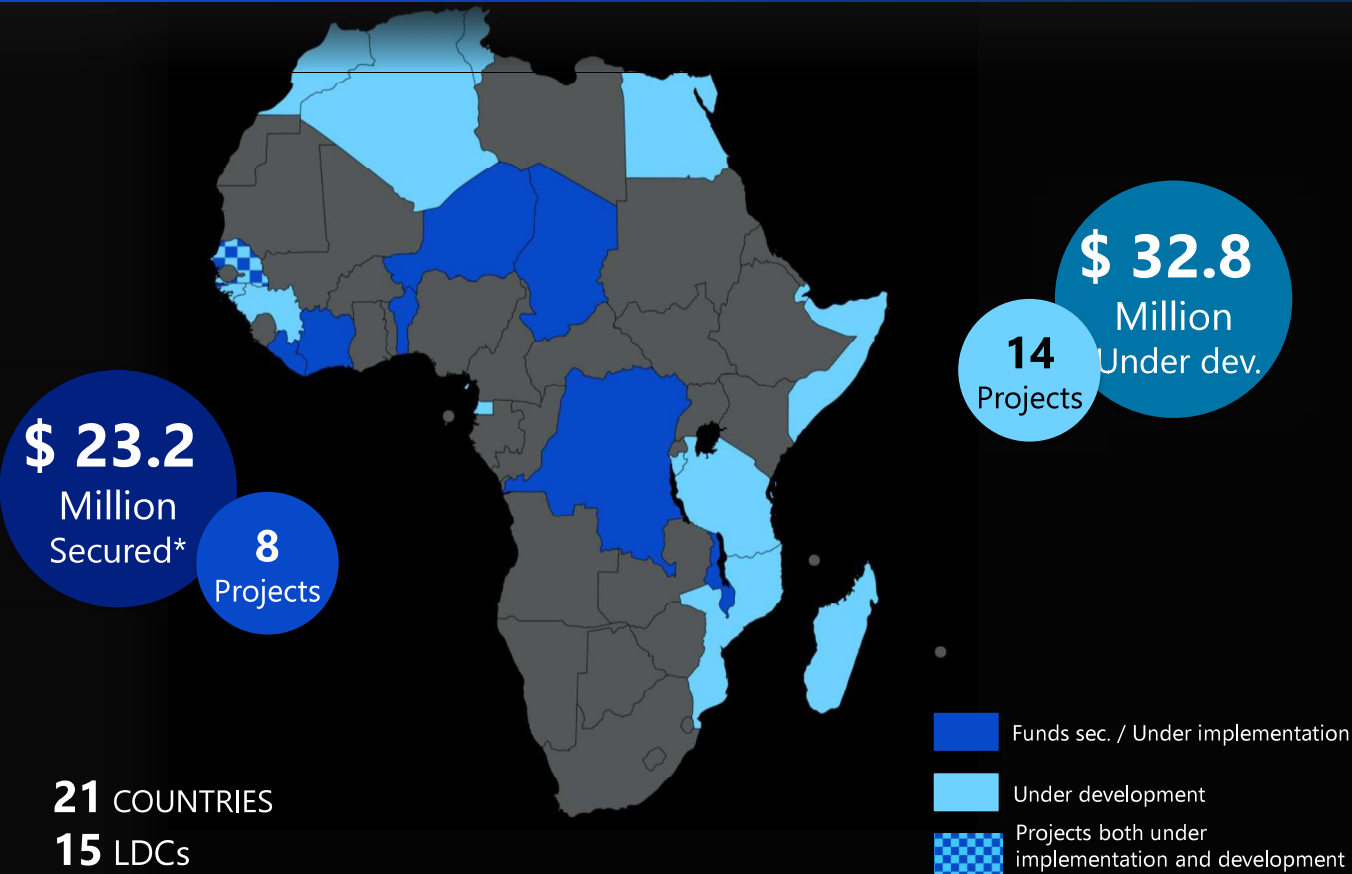

UN

SUMMARY UNDP CLIMATE FINANCE SUPPORT (with Partners)

- GoX-led stakeholder engagement esp. Private Sector Engagement (negotiation, de-risking investments, match-making – NDC investment forum e.g. Ghana),*
 - ✓ *BROAD BASED CONSULTATION PROCESSES (NDC Dialogues)*
 - ✓ *Whole of Government, Whole of Society Approach (Transparency & accountability)*
- Gender-responsive NDC Enhancement (NDC Financing/Investment Strategies),*
- Support countries to access to climate finance (GF, bilateral, core to leverage other sources)*
- Enabling Environment - Policy support and climate finance governance (policies, institutions, laws/regulatory)*
- Climate Finance capacity building (whole spectrum)*
- Analytical work (CPEIRs & CCFF, DFA, APEA, Climate budget/expenditure tagging)*
 - **Development Finance Assessment** – Done *Malawi, Mozambique, Comoros*, Ongoing *Namibia*, Pipeline *South Africa*
- S-S partnerships/learning & exchange [NCFs], green and blue bonds (ongoing efforts)*
- Guidance and toolkits (new UNDP and WRI guidance on NDC Updating,*

CLIMATE FINANCE KEY MESSAGES

UN
DP

Empowered lives.
Resilient nations.

- *Strategic Approach to Climate Finance*
 - *Climate Finance is part of Development Finance*
 - *Align climate finance with “SDGized” NDP [DFA, Africa Finance Hub],*
 - *Inclusive Climate Budgeting (CPEIR, CCFF working with PFM specialists)*
 - *GCF country programme (e.g. Vanuatu , prioritized pipeline –better chances of RM)*
- *Linkage of plans - financing, reporting (NDCs, NAPs NCs, BUR/BTRs)*
- *Related Capacities: Capacity to prioritize and **plan** for, **access, deliver**, (Comoros 42M GCF delivery), **monitor and report** [demonstrate results and impact]*
- *Related Reforms (policy, institutional, legal/regulatory) for efficiency, effectiveness, de-risking, transformative/scaled-up)*
- *Transparency and accountability – demand side [parliament, auditor-general, civil society]*
- *Central role of Ministries of Finance/Planning – Coalition of Finance Ministers for Climate Action*

INSIGHTS ON WAY FORWARD (SADC CC FINANCE STRATEGY)

*Empowered lives.
Resilient nations.*

STRATEGIC APPROACH TO SADC CLIMATE FINANCE MOBILISATION & ACCESS STRATEGY:

Align With-

- SADC Regional Development Strategy*
- SADC Environment Strategy*
- Draft SADC Monitoring Tool*
 - ❑ Indicator prioritization process using a consultative process and consensus-based criteria (what's "regionalisable"? e.g. RE), cost estimates for priority estimates.*
 - ❑ Indicator framework will facilitate monitoring and reporting on climate finance*
