

Guidelines in providing the inputs:

- “Sub-elements”: Describe the specific area of the proposed input (e.g. Policies relating to access, gender, environment & social safeguards, etc.);
- “Proposed inputs”: Propose the inputs in draft decision text format;
- “To be considered by”: Choose whether the proposed inputs need to be considered: (1) Commonly by the COP and the CMA or; (2) specifically by the CMA;
- “Rationale for the inputs”: Annotate the reason for proposing the inputs, so that the rationale can be clearly understood;
- “Source of information / reference”: Provide reference to the annual reports of the operating entities or decision(s) of the GEF Council / GCF Board.

Policies					
Programme priorities	Continuation of Readiness, PPF and project-related funding for loss and damage	Given the current involvement of the GCF in the work of the Transitional Committee, the GCF may wish to consider how it can enhance its ongoing work to fund relevant activities to avert, minimise, and address loss and damage consistent with the existing investment, results framework and funding windows and structures of GCF.	Commonly by the COP and the CMA	The likelihood that the GCF will be involved in the work of the L&D Fund and the funding arrangements after they are operationalised, either as a funding arrangement itself or in a similar role as an operating entity of the Financial Mechanism, should mean that the ongoing loss and damage funding provided by the GCF will likely need to grow in stature, accordingly.	12 th report of the GCF (June 2023)
Eligibility criteria					
Others	Third Glasgow Dialogue	Consider having representatives of the GCF becoming more actively involved in the third Glasgow Dialogue (June 2024)	Commonly by the COP and the CMA	Given the relevance of the work of the GCF in funding relevant activities to avert, minimise, and address loss and damage, and the global profile of loss and damage funding after COP 27, the GCF will want to engage in loss and damage finance dialogues where possible. The GCF report did not indicate that the GCF was significantly involved in prior sessions of the Glasgow Dialogue.	12 th report of the GCF (June 2023)
