Annex III

Updated third plan of action of the technical expert group on comprehensive risk management, for October 2025 to October 2027

The table below sets out the plan of action of the WIM Executive Committee's TEG-CRM covering October 2025 to October 2027, which identifies the work of the TEG-CRM that will contribute to the implementation of the work of the Executive Committee related to comprehensive risk management, including by maximizing synergies among stakeholders and under relevant processes. The updated plan of action was endorsed at ExCom 25.

Plan of action of the technical expert group on comprehensive risk management of the Executive Committee of Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts, for October 2025 to October 2027

Desired impact	*Deliverable(s)*[a]	*Further description of the deliverable(s)*	*Lead(s)*	*Contributor(s) or partner(s)*	*Indicative time frame*	*Notes*
Advanced knowledge and understanding of comprehensive risk management approaches to better inform national responses to loss and damage	'How to' series of knowledge products (e-products, with the option of producing printed copies) Type of deliverable: 1.1–1.2: A; 1.3: B	1.1 Knowledge product that assists interested countries in integrating considerations of specific types of loss and damage in national or sectoral policies, programming and project development, with a focus on the applicability of methods, tools, approaches and actions to specific contexts and different national capacities	Munich Climate Insurance Initiative	International Institute for Sustainable Development and United Nations University Institute for Environment and Human Security	2026	–
		1.2 Methodologies for assessing loss and damage in agrifood systems	Food and Agriculture Organization of the United Nations	David Stevens and UNDRR	2025–2027	–
		1.3 A brief on assessing non-economic losses	UNDRR	United Nations Development Programme	2026	Related activity: activity 2 under the second rolling plan of action of the expert group on non-economic losses

Desired impact	*Deliverable(s)*[a]	*Further description of the deliverable(s)*	*Lead(s)*	*Contributor(s) or partner(s)*	*Indicative time frame*	*Notes*
	Discussion paper Type of deliverable: A	2 A paper that enhances understanding of the continuum of efforts between adaptation to climate change and responses to loss and damage	Natural Resources Defense Council	International Institute for Sustainable Development and World Food Programme	2026–2027	
	Online repository of information 'Bite-sized' explainers for target audience Type of deliverable: A	3.1 An online repository of information on approaches to managing compound risks and impacts and responding to loss and damage arising from cascading impacts	UNDRR and the Food and Agriculture Organization of the United Nations	David Stevens	2026 onward	Conduct a stocktake analysis of existing information on approaches to managing compound risks and impacts and responding to loss and damage arising from cascading impacts
		3.2 'Bite-sized' explainers for different target audiences	UNDRR			Create a template for the clustering of information to be included in the online repository of information Identify target audiences for 'bite-sized' explainers
Enhanced accessibility of knowledge products and other informational resources for effective dissemination thereof	Targeted communication materials Type of deliverable: 4.1: A or B, to be determined; 4.2: A; 4.3: B	4.1 Outreach products for 'how to' series of knowledge products (see 1.1–1.3 above)	Leads of the respective 'how to' series of knowledge products under deliverable 1 above		2025–2027	A common approach should be applied for 'bite-sized' communication materials to be produced by all thematic expert groups of the WIM Executive Committee

Desired impact	*Deliverable(s)*[a]	*Further description of the deliverable(s)*	*Lead(s)*	*Contributor(s) or partner(s)*	*Indicative time frame*	*Notes*
		4.2 Policy brief or 'navigator'[b] on how early warning systems inform national responses to loss and damage	UNDRR and WMO		2027	The deliverable is to be based on work on early warning systems by UNDRR and WMO
		4.3 Communication material that enhances the understanding of child-centric early warning systems	UNDRR and WMO		2026	
Enhanced uptake and application of technical guides and other knowledge products focusing on comprehensive risk management developed by the WIM Executive Committee	Activities to build capacity and raise awareness, such as webinars and other types of online modalities, training courses, workshops and so forth, in applying comprehensive risk management approaches Type of deliverable: 5.1: A; 5.2: B	5.1 Outreach and awareness-raising activities to promote the 'how to' series of knowledge products (see 1.1–1.3 above)			2025–2027	These activities are linked to the dissemination and outreach activities in the second five-year rolling workplan of the WIM Executive Committee
		5.2 Updated thought leadership course on comprehensive risk management	UNDRR		2026	

[a] Type A deliverables are knowledge products published with Executive Committee branding and a consistent editorial style and design, while type B deliverables are knowledge products whose development is catalysed by the plan of action of the relevant thematic expert group of the Committee, while the ownership of the publication rests with the member(s) of the group.

[b] The exact nature of 'navigator' is to be defined during the preparation of an outline.
