

Mr. Thibyan Ibrahim currently works as an Assistant Director of the Ministry of Climate Change, Environment and Energy of the Republic of Maldives. In his current role he is involved with climate finance, policy and resource mobilisation, while also being involved with adaptation and mitigation projects. He is a member of Maldives' climate negotiation team and undertakes negotiations in the UNFCCC process as the lead adaptation coordinator for the Alliance of Small Island States (AOSIS). He has previously worked on ozone layer protection, chemicals management and the implementation of the Montreal Protocol in the Maldives.
