**United Nations Development Programme**

**Global Implementation Accelerator**

**INTENDED PARTNER DETERMINED CONTRIBUTION**

United Nations Development Programme ("the Partner"),

*Recalling* decision 1/CMA.7, *Global Mutirão: Uniting humanity in a global mobilization against climate change*, by which the Global Implementation Accelerator ("the Accelerator") was launched,

*Supporting* the mandate of the Accelerator to accelerate climate implementation, enhance international cooperation across all actors, and support countries in delivering on their nationally determined contributions and national adaptation plans, with a view to keeping 1.5 °C within reach,

*Noting* that the Accelerator is cooperative, facilitative and voluntary,

*Considering* the call by the COP30 and COP31 Presidencies for partners to join the Partner Network of the Accelerator, each contributing what it can through its time, expertise and resources, with the highest possible ambition, in the spirit of the Global Mutirão,

*Recognizing* the mandate of the United Nations Development Programme (UNDP) to support developing countries in advancing sustainable development, climate action and resilience, and its extensive experience in supporting the delivery of the Paris Agreement through the formulation and implementation of nationally determined contributions (NDCs) and national adaptation plans (NAPs), strengthening institutional capacities, mobilizing climate finance and translating national priorities into concrete action,

*Building* on UNDP's extensive portfolio of global, regional and country-level initiatives supporting over 140 countries in implementing mitigation, adaptation and loss and damage action that contributes to deliver the objective of the Paris Agreement and the 2030 Agenda.

*Further leveraging,* in particular, UNDP's flagship initiative the *Climate Promise: Forward,* directed by the Office of the UN Secretary-General to use the well-established support infrastructure to bring together the entire UN System to support countries turn their climate commitments into action,

*Acknowledging* roles of Resident Coordinators and United Nations Country Teams in the Climate Promise: Forward effort, with UNDP contributing technical leadership and implementation support in accordance with country context, agency mandates and agreed cooperation frameworks

*Recognizing* UNDP's role in supporting the Global Climate Action Agenda, including leveraging the Climate Promise infrastructure to support strategic initiatives of the COP30 and COP31 Presidencies, including:

- As delivery partner of the COP31 Presidency's Climate Implementation BRIDGE, aiming to provide a country-led pathway for bringing together governments, financing and implementation partners around nationally defined priorities, translating NDCs and NAPs into coordinated delivery and investment pathways.
- As the Secretariat of the NAP Implementation Alliance (NIA), championed by COP30 Presidency aiming to help countries accelerate implementation of their NAPs by fostering global collaboration, strengthen coordination mechanisms and mobilize private sector to help scale up investment in adaptation and resilience.

*Further building* on UNDP's active engagement in critical coalitions and platforms to accelerate climate action, facilitate access to finance and translate national climate priorities into tangible implementation outcomes, including the NDC Partnership, the Country Platforms Hub, and the Secretary-General's initiatives on Early Warnings for All (EW4ALL), Global Grids Accelerator and Critical Energy Transition Minerals; as well as other strategic global initiatives such as the G7 Adaptation Accelerator Hub (AAH), the Tropical Forest Forever Facility (TFFF), and partnerships with other specialized UN entities such as UN-REDD, the Scaling up Climate Ambition on Land Use and Agriculture (SCALA) programme, the Climate Security Mechanism (CSM) and others.

*Recognizing* the importance of coordinated engagement with partners including the NDC Partnership and its members, multilateral development banks, development finance institutions, climate funds, bilateral partners, civil society, research institutions and private-sector actors, consistent with national ownership and applicable safeguards

States the following:

**1. Intent to join the Partner Network.** The Partner expresses its intent to join the Partner Network of the Accelerator and to contribute, in accordance with its capacities, to the acceleration of the solutions selected by the Accelerator from Plans to Accelerate Solutions (PAS) under the Global Climate Action Agenda.

**2. Contribution.** The Partner makes the following offers to the Accelerator:

***2.1. Substantial Offer of support to countries to deliver national climate commitments, aligned with the Climate Promise: Forward framework support of the UN System:***

2.1.1 Strengthening policy coherence and institutional frameworks and capacities. This includes addressing issues of governance, institutional coordination and capacity, as well as coherence across the climate, environment and sustainable development agendas; Strengthening alignment between NDCs, NAPs and national development priorities, and translating mitigation and adaptation priorities into actionable implementation strategies.

2.1.2 Mobilization of finance for NDC and NAP implementation, across public and private sources. This includes attracting private investment, supporting strategic prioritization, building pipelines of projects and using innovative financing mechanisms (including carbon markets, bonds and debt-swaps);

2.1.3 Scaling up integrated, data-driven solutions proven to deliver impact across sectoral priorities related to decarbonization, conservation, sustainable management and enhancement of carbon sinks, adaptation and resilience, and loss and damage, including building on the portfolio of Vertical Funded programming;

2.1.4 Strengthening whole-of-society engagement and country ownership, including capacity building and meaningful participation of all actors. Special attention will also be given to women, youth and Indigenous Peoples and local communities.

2.1.5 Maximizing enablers to strengthen accelerated implementation including digital and AI systems as well as people-centered approaches to ensure no one is left behind.

***2.2 Support strategic linkages between the Global Implementation Accelerator, the Climate Implementation Bridge and other Action Agenda initiatives by using the NDCs and NAPs as the anchor.*** This includes connecting the solutions of the GIA to the country-owned priorities and pipeline emerging from the BRIDGE. Analysis of NDC

and NAPs can also support the GIA in the selection of the solutions, to help align with country priorities and broader implementation support.

***2.3 Infrastructure for implementation that connects identified solutions and the Paris Agreement to delivery on the ground,*** building on UNDP's trusted role and country presence in 170 countries and territories, combined with more than a decade of experience supporting over 90% of developing countries on defining and delivering their climate commitments. UNDP draws on expertise from across the organization, ranging from nature, gender, finance, inclusive growth, governance and peace and security.

***2.4 Mobilising and convening the UN system and Partners:*** With longstanding partnership and networks at national, regional and global level, UNDP can offer its ability to facilitate and convene strategic partners in supporting international cooperation to deliver countries' NDCs and NAPs. Specifically:

2.4.1 Bring together the UN System through Climate Promise: Forward, following the mandate from the UN Secretary General, in coordination with the UN Resident Coordinator System to help embed NDCs and NAPs into the existing UN Sustainable Development Cooperation Frameworks, work of the UN Country Teams, national country programmes and map UN Agency offers across the System.

2.4.2 Convene strategic partners on both sides of the implementation equation, including the country Governments and local stakeholders who are defining priorities, as well as engaging the global financial and implementation partners with the capital, instruments and expertise to deliver them. This includes critical financing partners including MDBs, climate funds, development finance institutions, investors and private-sector actors

The Partner may add to its offers at any time by communicating an updated Intended Partner Determined Contribution to the Coordination Hub of the Accelerator.

**3. Baseline engagement.** As a member of the Partner Network, the Partner will endeavor, in accordance with its capacities, to:

3.1 Contribute in good faith and in the spirit of the *Global Mutirão*;

3.2 Designate a focal point for the Accelerator;

3.3 Work with the Coordination Hub and the PAS hosts to deliver on its offers;

3.4 Provide, on request, brief information on contributions delivered to inform the mid-cycle and completion reports for each acceleration cycle;

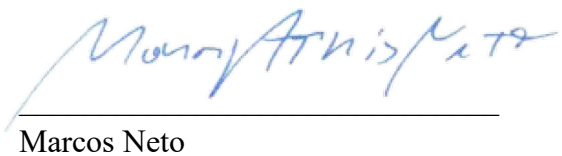

3.5 Inform the Coordination Hub in good time of any material change to a contribution.

**4. Recognition and visibility.** The Partner consents to the publication of this Intended Partner Determined Contribution and to be publicly identified as a member of the Partner Network.

**5. General provisions.** This Intended Partner Determined Contribution is a voluntary expression of intent. It does not create legal or financial obligations and represents only a political and institutional commitment to cooperate in advancing the Accelerator's objectives. Offers requiring a legal or financial instrument may be formalised through separate arrangements with the host institution of the Coordination Hub and remain subject to the Partner's internal approvals and applicable rules.

**6. Acceptance and acknowledgement.** The Accelerator will confirm receipt of this Intended Partner Determined Contribution and communicate its acknowledgement to the Partner, which thereby becomes a member of the Partner Network.

Signed in New York on 7 November 2026.

Marcos Neto
Assistant Secretary General and Director of Bureau for Policy and Programme Support,
United Nations Development Programme
