BODIES UNDER THE CONVENTION, KYOTO PROTOCOL AND PARIS AGREEMENT INFORMATION AND CRITERIA FOR MEMBERSHIP

I. The Joint Implementation Supervisory Committee (JISC)

1. The Joint Implementation Supervisory Committee (JISC), under the authority and guidance of the CMP, supervises the verification procedure for submitted projects to confirm that the ensuing reductions of emissions by sources or enhancements of anthropogenic removals by sinks meet the relevant requirements of Article 6 of the Kyoto Protocol (see decision 9/CMP.1). The mechanism known as “joint implementation,” defined in Article 6 of the Kyoto Protocol, allows a country with an emission reduction or limitation commitment under the Kyoto Protocol (Annex B Party) to earn emission reduction units (ERUs) from an emission-reduction or emission removal project in another Annex B Party, each equivalent to one tonne of CO₂, which can be counted towards meeting its Kyoto target.
2. Joint implementation offers Parties a flexible and cost-efficient means of fulfilling a part of their Kyoto commitments, while the host Party benefits from foreign investment and technology transfer.
3. The JISC comprises 10 members and 10 alternate members, nominated by the relevant Chairs and Coordinators of groups and constituencies and elected by the CMP to serve for a term of office of two years. Members and alternate members of the JISC are eligible to serve a maximum of two consecutive terms and remain in office until their successors are elected. Terms served as members do not count towards the terms served as alternate members, and terms served as alternate members do not count towards the terms served as members.³
4. At CMP 14, the CMP will be invited to elect to serve for a term of two years, five (5) members and five (5) alternate members to the JISC as follows:
 - a. Two members and two alternate members nominated by Annex I Parties;
 - b. Two members and two alternate members nominated by Annex I Parties that are undergoing the process of transition to a market economy (Annex I EITs Parties); and
 - c. One member and one alternate member nominated by Non-Annex I Parties.
5. Chairs and Coordinators of groups and constituencies are invited to submit nominations, bearing in mind that members and alternate members of the JISC shall have recognized competence relating to climate change issues and in relevant technical and policy fields,⁴ and the expected time commitments required of members and alternates sitting on the JISC.⁵
