Climate Change

RCC MENA and South Asia
Collaboration for Climate Action

Open Discussions

- How can current capacity-building programs address the unique challenges faced by countries in the region when operationalizing Article 6?
- What are the main challenges encountered in implementing carbon market initiatives, and how are these challenges being addressed?
- What additional support or resources would be most beneficial for countries currently engaged in Article 6 capacity building?
- How can collaboration with various stakeholders be enhanced to support Article 6 activities in the region?
- In what ways do support packages cater to the varying needs of countries at different stages of Article 6 implementation?
- What are the future plans or upcoming initiatives aimed at further enhancing support for Article 6 activities in the region?
- How do countries measure the effectiveness and impact of capacity-building programs in supporting Article 6 operationalization?
- What strategies can countries employ to better coordinate and collaborate with international organizations to maximize the benefits of Article 6 initiatives?

Country Presentations & Discussion

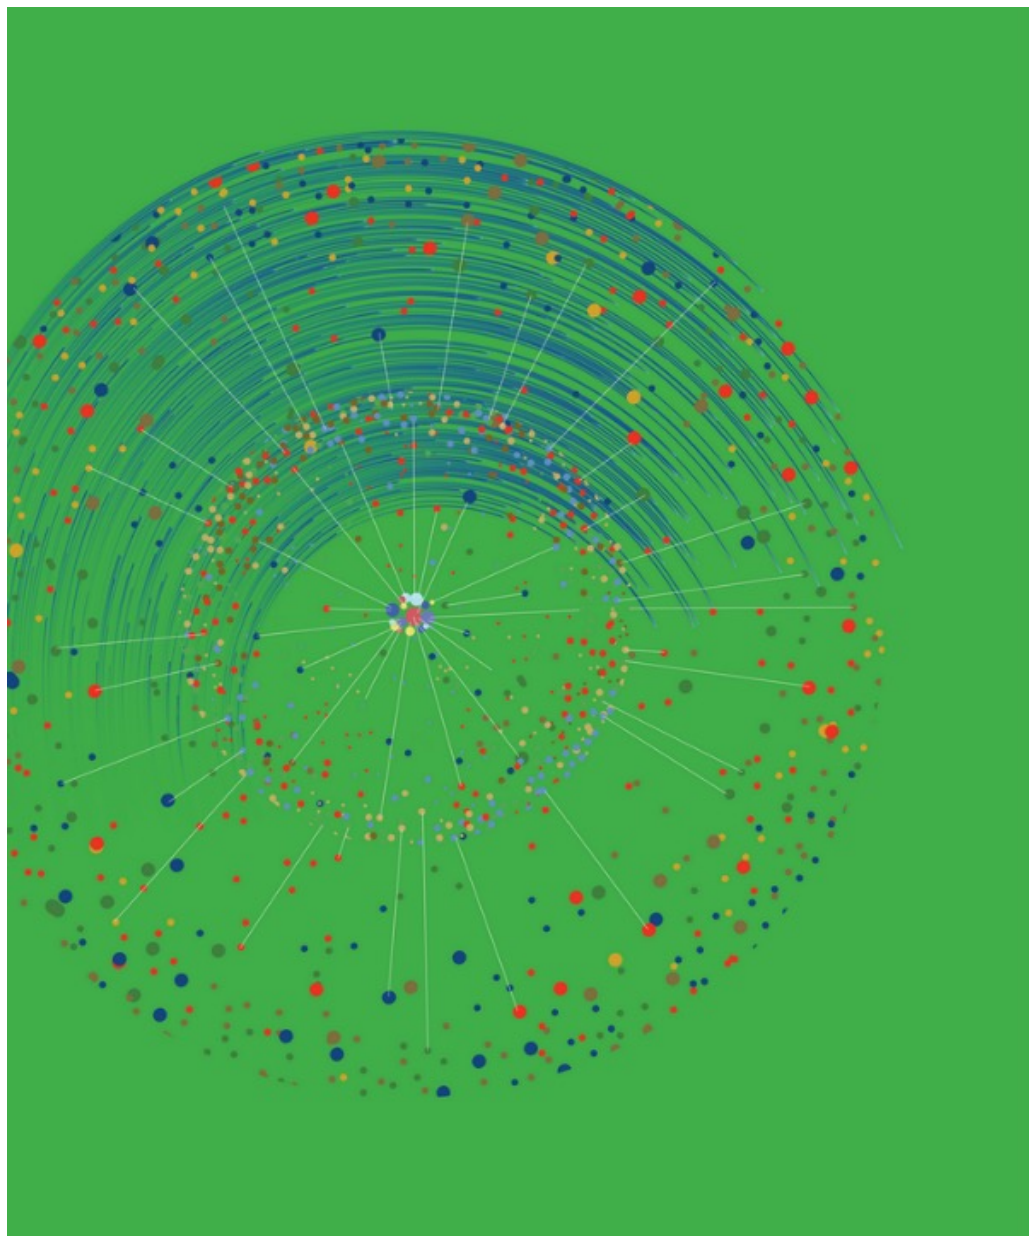

Countries Presentation

Position on A6 & required actions to fast-track integration of A6 in NDC targets achievement

Guiding Questions

Topic	Question
Choosing the Institution	What criteria did you use to select the institution to serve as the Article 6 Office?
Challenges in Establishment	What challenges did you encounter while establishing the Article 6 Office, and how did you address them?
Lessons Learned	What lessons has your country learned from participating in carbon markets that are crucial for effective Article 6 implementation?
Advice for Implementation	What advice would you offer to countries that have not yet fully operationalized Article 6?
Bilateral Cooperation	Could you briefly describe the bilateral cooperation agreements your country has entered into?
Choosing Cooperation and Sectors	How did you determine which cooperation and sectors to prioritize for these arrangements?
Lessons from Bilateral Cooperation	What lessons have you learned from this bilateral cooperation that could be valuable for other parties considering similar arrangements?
Supply and Demand-Side	What are the key requirements for creating an integrated and trustworthy market?
Guiding Investors	How should host countries guide investors to enhance NDC implementation?
Attracting the Private Sector	What strategies can host countries use to engage the private sector?
