2. Enter the participant's personal details.

When nominating a participant, all fields labelled by an asterisk are mandatory except for the date of birth and identification document number. These details must however be provided before the participant can be confirmed.

If you are unsure what to put in a field, you can see some help information by pointing your mouse at the [?] symbol.

Please enter all information in mixed case, e.g. "John Smith", not "JOHN SMITH" or "john smith".

Note that the personal details added for the participant must exactly match the official identification document the participant will present upon arrival at the sessions.

For the participant's home organization, department and functional title please enter the full official names/titles in English, French or Spanish. Please do not mix different languages and do not use acronyms or abbreviations.

Order in the List of Participants: Is by default set to 999 and should be adjusted if appropriate. Details "2.3 Editing and revising the list of participants".

Badge type: As badge type you select between a regular delegate and the Head of delegation (Observer – UN head). Each UN or specialized Agency delegation needs a head of delegation. This would be the official Head (Executive) of your organization – if attending. If not attending, the badge type must be assigned to a different delegate signing responsible for the delegation. In both cases, a second Head of delegation can be assigned.

- To indicate the delegate is the official Head (Executive) of your organization, please tick the checkbox "Minister or above" as per UNFCCC process, the badge for the Executive of a UN organization or specialized Agency is differently labelled than the one for heads not being the Executive.

Minister or above [?]
Department Minist

Please tick this checkbox if the person is minister (from the cabinet) or above.

When you are done, click “Save and Continue” at the bottom of the screen. You are prompted to the delegation overview where the “Status” for this participant will now read “Nominated, pending DCP/NFP confirmation”.

2.2 Confirming participants

1. To confirm a participant’s attendance, simply click the “Confirm” button for that participant. It is mandatory to confirm at least one Head of delegation (Observer – UN head) first. Only afterwards you can confirm additional delegates. After confirming a delegate, you can still edit the participant’s details except for the salutation, first name, last name and badge type. For those changes and the removal of a confirmed participant you would submit a message under the “Communication” tab.

2. Once confirmed, the status column indicates the participant has been “Confirmed, pending UNFCCC processing”. Processing will often be automatic, and the status will change to “Registered” in the following hours, however in some cases manual processing will need to be performed by UNFCCC.

3. Once UNFCCC processing has been completed, the “Status” column will normally change to “Registered, acknowledgement sent to participant”. The system automatically sends a confirmation email to the registered participant with instructions on how to download the acknowledgement/visa letter. The sender is onlinereg@unfccc.int. Any changes you submit after confirming the delegate will automatically reflect in the link shared with the participant.

4. In the “Documents” column you can “Re-send acknowledgement” to the participant by the respective button or download the “Nomination Acknowledgement” on the delegate’s behalf. Both buttons will be enabled.

2.3 Editing and revising the list of participants

The order of your participants in the field LOP (List Of Participants) will be set to 999 by default. Please update this to reflect the order in which your participants should be listed in the official list of participants that will be published for each session. Participants given the same "Order in LOP" value will be listed in alphabetical order by last name.

Delegates with the Badge type "Observer – UN head" and the ones labelled "Ministers and above" are listed at the top of the LOP – no matter what LOP number is assigned.

1. Editing the LOP number: There are two options to change the LOP number. Please note that the LOP number can still be changed after a participant is confirmed.

- a) You can change LOP number of participants via the "Edit" button as mentioned under *2 Tab: My delegation*.
- b) You can change LOP number on the "My delegation" tab. For that click on the participant's LOP number in the column "Order in LOP", it will allow you to change the number. Then click the grey button "SET". This will save the new LOP number. Note: This is not possible for participants whose details have not yet been fully provided, hence column "Data still required?" read "Participants details" as stated under *2 Tab: My delegation*.

Order in LOP
999 \$ET
999

2. Revising the LOP: At the button at the bottom of the “My delegation” tab you find two related buttons.

- c) Button "Export full set of data to Excel": Column B "Lop Group" informs you in which protocol function a delegate reflects in the List of Participants (LOP). There are two groups: First is the “Delegation head” covering badge type “Observer UN head” and the ones labelled “Ministers and above”. All others fall in the second group of regular “Delegates”.
- d) Button "Download LOP for your delegation in Excel": Reflects details and protocol order as it will be reflected in the LOP. This download allows you to revise and amend details afterwards in ORS according to your needs for the LOP.

Protocol order for the LOP: Delegates with the badge type “Observer – UN head” and the ones labelled as “Ministers and above” go automatically to the top of the list, followed by the other delegates “Observer – UN”. Within those two groups it is either sorted by LOP number (ORS column "Order in LOP"), or if not provided in alphabetical order.

Editing participant personal details: The personal details for each participant can be edited by clicking on the “Edit” button in the “Action” column on the “My delegation” tab.

You can amend all details except for salutation, name and badge type in the ORS prior to the LOP deadline that will be announced in the daily programme.

2.4 Downloading nomination acknowledgement/visa documents

It is the responsibility of the DCP to inform participants to download acknowledgement/visa letter. Sometimes participants need to answer some questions first e.g. on vaccination status before they can download the document or you on their behalf. All participants need to show the acknowledgement/visa letter on paper or mobile device at the conference registration counters along with their official identification document when collecting the conference badge at the sessions.

Participants to download by themselves: The system automatically sends a confirmation email to the registered participant with instructions on how to download the acknowledgement/visa letter. The sender is onlinereg@unfccc.int. Any changes you as DCP submit after confirming the delegate will automatically reflect in the link shared with the participant.

DCP to download on behalf of the participant: You can download one or several acknowledgement/visa letters on behalf of participants. Click on the “Nomination Acknowledgement” button to download the “Acknowledgement of Nomination” document for a registered participant.

More than one acknowledgement of nomination document can be downloaded at one time by selecting multiple participants using the checkboxes on the left of the screen, and clicking the “Download Nomination Acknowledgements” button at the bottom of the screen.
