

UNICEF Support for NDC Updates in MENA

Two main UNICEF support pathways:

1. UNICEF experts participate in drafting updated NDCs to ensure that climate policy is child-sensitive and includes, among other issues:
 - Ensuring child-critical social services are targeted to become climate and disaster resilient.
 - Including all children's and young people's rights, participation, and roles as stakeholders and drivers of change.
2. Support through UNICEF's child and youth climate activist network to ensure children and youth voices are heard in the drafting process.
 - Identifying entry points for their participation in the NDC drafting process as well as the implementation phase.

UNICEF has Country Offices in all MENA states and support is provided directly at the country by UNICEF staff at the national level with support from the MENA Regional Office (Amman).

For all NDC-related support requests and questions, please direct them to:
