World Business Council for Sustainable Development (WBCSD)

Global Implementation Accelerator

INTENDED PARTNER DETERMINED CONTRIBUTION

The World Business Council for Sustainable Development (WBCSD) ("the Partner"),

Recalling decision 1/CMA.7, *Global Mutirão: Uniting humanity in a global mobilization against climate change*, by which the Global Implementation Accelerator ("the Accelerator") was launched,

Supporting the mandate of the Accelerator to accelerate climate implementation, enhance international cooperation across all actors, and support countries in delivering on their nationally determined contributions and national adaptation plans, with a view to keeping 1.5 °C within reach,

Noting that the Accelerator is cooperative, facilitative and voluntary,

Considering the call by the COP30 and COP31 Presidencies for partners to join the Partner Network of the Accelerator, each contributing what it can through its time, expertise and resources, with the highest possible ambition, in the spirit of the Global Mutirão,

Recognising that WBCSD is a CEO-led community of more than 200 of the world's leading businesses working together to accelerate the system transformations needed for a net-zero, nature-positive and more equitable future,

Recalling its engagement in support of the Global Climate Action Agenda, including co-convening, with the Breakthrough Agenda, the Friends of the Action Agenda dialogue with Presidencies, governments and United Nations partners on making the Action Agenda an effective driver of implementation,

Building on the Business Breakthrough Barometer, which assesses business progress and priorities for accelerating the sectoral breakthroughs; the Emissions Reduction Accelerator, which supports companies to deliver emissions reductions at scale; and the Positive Policy Centre, which brings businesses and governments together to resolve implementation bottlenecks and unlock investment,

Welcoming the priority given by the COP31 Presidency to electrification, and noting the role that business can play in demonstrating how Action Agenda solutions reach positive tipping points,

States the following:

1. Intent to join the Partner Network. The Partner expresses its intent to join the Partner Network of the Accelerator and to contribute, in accordance with its capacities, to the acceleration of the solutions selected by the Accelerator from Plans to Accelerate Solutions (PAS) under the Global Climate Action Agenda.

>
> 2.2 **Business engagement in acceleration.** Engaging WBCSD's membership and wider national business networks in support of the selected solutions where they line with strategic priorities by: (a) convening the hosts of selected Plans to Accelerate Solutions with businesses, at least once per selected solution in each acceleration cycle making use of Climate Weeks and COPs, to test priority challenges and requests for support, and identify companies ready to act on them; and (b) showcasing the Accelerator and its selected solutions through WBCSD's platforms, convenings and communications to its members;
>
> 2.3 **Tailored support to specific acceleration opportunities.** In response to the Acceleration Brief of a selected solution, and where that solution aligns with WBCSD's priorities activities to accelerate progress, in particular through the Emissions Reduction Accelerator and our activities bringing businesses and governments together to tackle shared implementation challenges.
