World Climate Foundation

Global Implementation Accelerator

INTENDED PARTNER DETERMINED CONTRIBUTION

World Climate Foundation ("the Partner"),

Recalling decision 1/CMA.7, *Global Mutirão: Uniting humanity in a global mobilization against climate change*, by which the Global Implementation Accelerator ("the Accelerator") was launched,

Supporting the mandate of the Accelerator to accelerate climate implementation, enhance international cooperation across all actors, and support countries in delivering on their nationally determined contributions and national adaptation plans, with a view to keeping 1.5 °C within reach,

Noting that the Accelerator is cooperative, facilitative and voluntary,

Considering the call by the COP30 and COP31 Presidencies for partners to join the Partner Network of the Accelerator, each contributing what it can through its time, expertise and resources, with the highest possible ambition, in the spirit of the Global Mutirão,

Recognising that the Partner has, for sixteen years, convened leaders from business, finance and government at the main moments of the climate calendar, through World Climate Summits held during London Climate Action Week, Climate Week NYC, the World Economic Forum, and alongside the UN Climate Change Conference, with a growing presence at emerging global climate platforms, including São Paulo Climate Week and Tokyo Climate Week.

Recalling that the Partner's impact coalitions, covering climate investment, nature, mining and food systems, bring together companies, investors and public institutions to deliver concrete outcomes in their sectors,

Highlighting that the Partner, through its Future of Mining Coalition, now hosts the Plan to Accelerate Minerals for the Transition and Circularity under Axis 1 of the Global Climate Action Agenda, and works in partnership with the UN Climate Change High-Level Champions,

Further highlighting that the Partner's Climate Investment Coalition brings together institutional investors and public partners to mobilise capital for the transition, including in emerging and developing markets, and that the Partner acts as Operating Partner of the

Investment Mobilisation Collaboration Alliance (IMCA), whose work contributes to Axis 6 of the Global Climate Action Agenda,

States the following:

1. Intent to join the Partner Network. The Partner expresses its intent to join the Partner Network of the Accelerator and to contribute, in accordance with its capacities, to the acceleration of the solutions selected by the Accelerator from Plans to Accelerate Solutions (PAS) under the Global Climate Action Agenda.

2. Contribution. The Partner makes the following offers to the Accelerator:

2.1 *Convening spaces for the selected solutions*: for each solution selected in the first acceleration cycle, a dedicated senior closed-door roundtable under the Chatham House Rule at the World Climate Summits organised by the Partner in 2027, including during London Climate Action Week, São Paulo Climate Week, Climate Week NYC and COP32, where the PAS host can convene implementers, investors, companies and governments, with the London Climate Action Week session available as a consultation input to the Acceleration Briefs, subject to agenda availability;

2.2 *Visibility and announcement platform*: stage time at the World Climate Summit at COP31 in Antalya on 14 and 15 November 2026 to present the Accelerator and its initial Partner Network to business and finance leaders, and stage time at the Partner's World Climate Summits in 2027 for the Accelerator's milestones, including the annual call for applications, the announcement of the selected solutions, the launch of the Acceleration Briefs and progress updates, amplified through the Partner's newsletter and social media channels;

2.3 *Outreach for the annual call for applications*: dissemination of the call through the Partner's network and impact coalitions, and information sessions for PAS hosts and initiatives, open on equal terms to all eligible PAS, with the assessment and selection of solutions remaining with the Independent Group of Experts and the Steering Committee;

2.4 *Connections through the Partner's impact coalitions*: once the solutions are selected, the relevant coalitions will connect them with the industries, companies and offtakers in their networks, in support of investment readiness, pipeline development and demand for the selected solutions;

2.5 *Connection with finance enablers*: the Partner will facilitate dialogue between the selected solutions and the institutional investors and public and development finance partners in its networks, for example through its Climate Investment Coalition and the Investment Mobilisation Collaboration Alliance (IMCA), with a

view to combining enablers under Axis 6 with the selected solutions during acceleration, it being understood that any decision on the allocation of capital or resources remains with the respective institutions;

2.6 *Session outcome notes*: a short synthesis of each roundtable convened under offer 2.1, prepared under the Chatham House Rule and shared with the Coordination Hub and the relevant PAS host to inform the Acceleration Briefs and the mid-cycle and completion reports.

2.7 *Expertise for the Independent Group of Experts*: the Partner is ready to make available the time of members of its senior leadership to serve, if invited, on the Independent Group of Experts in their personal capacity and on a pro bono basis.

The offers above are made for the period until 31 December 2027 and may be renewed for subsequent years through an updated Intended Partner Determined Contribution.

The Partner may add to its offers at any time by communicating an updated Intended Partner Determined Contribution to the Coordination Hub of the Accelerator.

3. Baseline engagement. As a member of the Partner Network, the Partner will endeavor, in accordance with its capacities, to:

3.1 Contribute in good faith and in the spirit of the *Global Mutirão*;

3.2 Designate a focal point for the Accelerator;

3.3 Work with the Coordination Hub and the PAS hosts to deliver on its offers;

3.4 Provide, on request, brief information on contributions delivered to inform the mid-cycle and completion reports for each acceleration cycle;

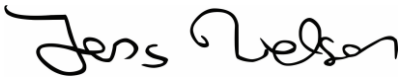

3.5 Inform the Coordination Hub in good time of any material change to a contribution.

4. Recognition and visibility. The Partner consents to the publication of this Intended Partner Determined Contribution and to be publicly identified as a member of the Partner Network.

5. General provisions. This Intended Partner Determined Contribution is a voluntary expression of intent. It does not create legal or financial obligations and represents only a political and institutional commitment to cooperate in advancing the Accelerator's objectives. Offers requiring a legal or financial instrument may be formalised through separate arrangements with the host institution of the Coordination Hub and remain subject to the Partner's internal approvals and applicable rules.

6. Acceptance and acknowledgement. The Accelerator will confirm receipt of this Intended Partner Determined Contribution and communicate its acknowledgement to the Partner, which thereby becomes a member of the Partner Network.

Signed in Copenhagen on [04] [11] [2026].
