***Response from the Article 6.4 Supervisory Body to the letter from the CDM Executive Board
dated 8 July 2022***

Dear Chair, dear Vice-Chair of the CDM Executive Board,

On behalf of the Supervisory Body, we thank you for your letter of 8 July 2022 welcoming the designation of the Article 6.4 Supervisory Body and offering the use of hard and soft infrastructure under the CDM. As a newly constituted body under the UNFCCC process, it is reassuring to have such full support.

The Supervisory Body recognizes the importance of cooperation with the CDM Executive Board to support implementation of the CDM transition in accordance with decision 3/CMA.3, annex, chapter XI and welcomes the offer from the CDM Executive Board to support the Supervisory Body to make use of CDM infrastructure while operationalizing the Article 6.4 mechanism. As we operationalize the Article 6.4 mechanism, we will take into account the offer of applying hard and soft infrastructure under the CDM that may be useful in expediting the implementation of the Article 6.4 mechanism.

Thank you again for your support.

Yours sincerely,
