Workplan of the Supervisory Body 2024

Version 01.0

United Nations
Framework Convention on
Climate Change

1. Supervisory Body workplan 2024

1. Table 2 below provides an overview of the workplan of the Article 6.4 Supervisory Body for 2024.
2. The workplan provides information with regard to products to be considered by the Supervisory Body at each meeting. The type of products included in the workplan indicate the action to be taken by the Supervisory Body as indicated in table 1 below:

Table 1. Product development stage

Stage of development (not category of document)	Definition of stage	Action by the Supervisory Body
Concept	Presents a proposal and a recommended course of action to the regulatory body regarding a specific regulatory matter. Its purpose is to solicit feedback and guidance from the regulatory body.	Provide direction
Draft	Presents a preliminary version of a regulation, subject to revisions and updates by the regulatory body before it becomes the final version.	Comment to an initial draft
Final	Presents a completed draft regulation, representing the end product pending approval by the regulatory body.	Adopt final version/decision
Info	Presents a document, presentation or item intended to inform or update the regulatory body without necessitating any action or decision-making on their part.	Take note, no decision-making (reports, updates)

3. To ensure efficient use of time for substantive discussions during meetings, the Supervisory Body may request members and alternate members to work on specific products between meetings. Additionally, some products listed in the workplan may not require discussion during the meetings, depending on the information provided to the Body beforehand.
