

26th meeting of the Adaptation Committee

United Nations
Climate Change
**Adaptation
Committee**

Agenda item 7

Identifying information on indicators reported by Parties in their national reports and communications in the context of the work referred to in paragraph 45 of decision 2/CMA.5

9-13 September 2024, Bonn

Presenter: Rita Mishaan, AC member

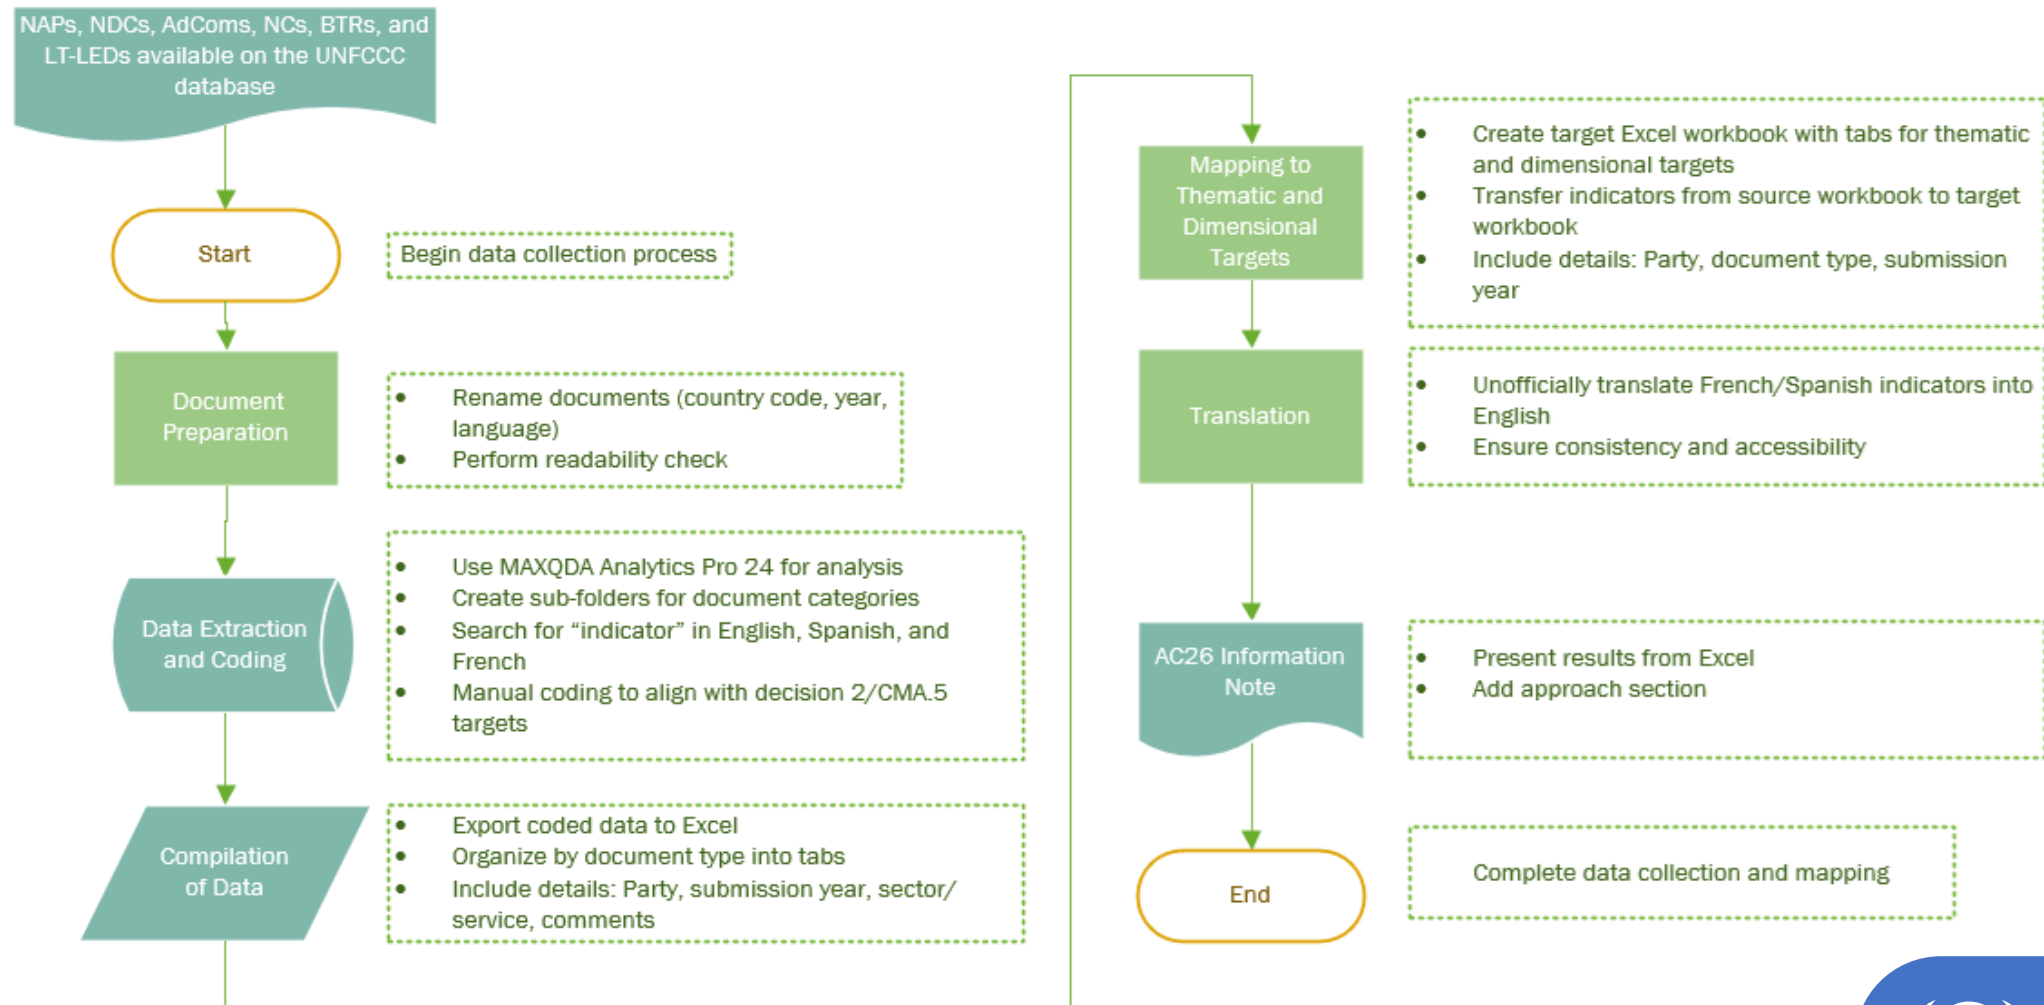

I. Introduction and background

- The SBSTA and the SBI, at their 60th sessions, requested their Chairs to prepare, with the support of the secretariat, in collaboration with relevant United Nations organizations and specialized agencies, and with contributions from relevant constituted bodies, a **compilation and mapping of existing indicators relevant to measuring progress towards the targets referred to in paragraphs 9–10 of decision 2/CMA.5, including information on areas potentially not covered by existing indicators.**
- The SBSTA and the SBI invited the **AC to contribute to this compilation and mapping by identifying information on indicators reported by Parties in their national reports and communications.**
- This contribution is to be discussed at a **hybrid workshop** for Parties and technical experts prior to CMA 6, together with the compilation and mapping prepared by the SB Chairs

II. AC's contribution

- To respond to this mandate, **the AC compiled adaptation indicators reported by Parties in their national reports and communications** and mapped them to the **targets referred to in paragraphs 9–10 of decision 2/CMA.5** ([document AC26/INFO/7](#)).

III. Approach and data collection

III. Approach and data collection

- Indicators were extracted from the following documents:

	NAPs	NDCs	ADC OMs	LT- LEDS	BTRs	NCs
Number of documents with specific indicators	38	23	9	7	2	3
Total number of submitted documents	58	*158	66	73	10	197
Percentage of docs with indicators	<u>66%</u>	<u>15%</u>	<u>14%</u>	<u>10%</u>	<u>20%</u>	<u>2%</u>
* For NDCs only the ones with an adaptation component are counted.						

- A total of **4,639 entries** were included in the compilation and mapping.

IV. Example of the mapped indicators

9(a) Significantly reducing climate-induced water scarcity and enhancing climate resilience to water-related hazards towards a climate-resilient water supply, climate-resilient sanitation and towards access to safe and affordable potable water for all

Indicator	Country	NAP	NDC	LT-LEDS	AdCom	NC	BTR
Number of households affected by drought	AGO		2021		2021		
Number of properties flooded per year	AGO		2021		2021		
Number of properties located in river/coastal floodplain	AGO		2021		2021		
Number of people living in flood-prone areas	AGO		2021		2021		
Number of properties flooded per year	AGO		2021		2021		
Percentage of coastline under marine protection	AGO		2021		2021		
Number of public awareness campaigns on water efficiency	AGO		2021		2021		
Percentage of total livestock killed by drought	AGO		2021		2021		
Losses of GDP in percentage per year due to extreme rainfall	AGO		2021		2021		
Drinking water quality NAP Albania	ALB	2021					
At least some adaptation related specific measures are included in the implementation plan for each River Basin Management Plans (RBMP) as following: (i) Proper spatial planning; (ii) Flood risk and draught risk maps; (iii) Population awareness for specific areas as given in hazard maps; (iv) Agricultural adaptatio; (v) Flood risk and	ALB	2021					
The implementation process for the River Basin Management Plans (RBMP) is designed in a way that climate change adaptation is adequately reflected	ALB	2021					
The river basin management plans are prepared and they do include also adaptation measures to climate change	ALB	2021					
Climate change will be reflected adequately also in the implementing phase of the River Basin Management Plans (RBMP)	ALB	2021					
Climate change is reflected and/or is part of the Strategical Environmental Assessment for each of the river basins	ALB	2021					

V. Next steps

- The AC is invited to:
 - Consider the information contained in the compilation and mapping of indicators;
 - Provide further guidance to the secretariat as appropriate;
 - Advise the secretariat to submit the compilation and mapping to the SBI and SBSTA Chairs in advance of a meeting of Party experts taking place in October 2024.
