Committee**

# Agenda item 5

Technical guidance and training materials to support the implementation of the UAE Framework for Global Climate Resilience

---

*Draft strategy paper*

9-13 September 2024, Bonn

Presenter: xx, AC member or secretariat

# I. Introduction and background

---

- Decision 2/CMA.5 **established the UAE Framework for Global Climate Resilience** and decided that the purpose of this Framework “is to guide the achievement of the global goal on adaptation and the review of overall progress in achieving it with a view to reducing the increasing adverse impacts, risks and vulnerabilities associated with climate change, as well as to enhance adaptation action and support.”
- By paragraph 44 of the same decision, the CMA invited the AC, in collaboration with the Consultative Group of Experts (CGE) and the Least Developed Countries Expert Group (LEG), **to support the implementation of the UAE Framework for Global Climate Resilience with technical guidance and training materials thereon.**

## II. Overview of AC 25 agreement

- At AC 25 (March 2024), the AC considered an information note in relation to this mandate and agreed to:
  - **Expand the mapping** of existing technical guidance and training materials relevant to the UAE Framework for Global Climate Resilience and its targets, themes and cross-cutting considerations, and prepare an analysis to identify technical guidance and training needs relevant to implementing the UAE Framework for Global Climate Resilience (First draft prepared in advance of SB 60 (June 2024);
  - **Gather inputs from Parties and other stakeholders**, including through an in-person session at SB 60 (June 2024), and to consider the outcomes of the Adaptation Forum (18-19 March 2024) and issue a survey for further input after June 2024;
  - **Prepare a strategy paper**, based on the preparatory work above for consideration by AC 26 (September 2024).

# III. Progress since AC 25

---

- An interim update, including a first draft of the expanded mapping was shared with the AC on **30 May 2024**
- The SB 60 event on *Supporting the UAE Framework for Global Climate Resilience* took place on **5 June 2024**
- Two surveys launched on **19 July 2024**:
  - One invited Parties to indicate priorities with respect to the implementation of the UAE Framework, including technical guidance and training materials thereon
  - One invited Parties, organizations and other stakeholders to submit relevant existing technical guidance and training materials

## IV. Draft Strategy Paper

---

- Document AC26/STRAT/5 presents:
  - the outcomes of the mapping of existing technical guidance and training materials;
  - the desk review of literature and national reports; and
  - the survey of Parties and organizations.
- Based on this preparatory work, the document outlines a draft strategy for consideration by the AC to prioritize and plan its work in response to this mandate.

## IV. Next steps – the AC may wish to...

- Agree on its **approach to making available the resources contained in the mapping** of existing technical guidance and training materials.
- Agree on an **initial set of deliverables to develop** in order to respond to the mandated contained in para. 44 of decision 2/CMA.5, informed by both the analysis contained in the strategy paper above and the proposals contained in table 5. The AC may further wish to:
  - **Request the secretariat to develop concept notes** for each prioritized deliverable for consideration at AC 27;
- Agree to initiate **consultations with the CGE and the LEG following AC 26**. These consultations will involve sharing decisions taken by the AC and associated actions planned, exploring opportunities for collaboration, and an opportunity to learn any developments from the work of the CGE and the LEG that are relevant to the mandate.
