Proposal by the President

Draft decision -/CMA.2

**Warsaw International Mechanism for Loss and Damage
associated with Climate Change Impacts and its 2019 review**

The Conference of the Parties serving as the meeting of the Parties to the Paris Agreement,¹

Recalling decision 2/CP.19, whereby the Warsaw International Mechanism for Loss and Damage associated with Climate Change Impacts was established to address loss and damage associated with the impacts of climate change, including extreme events and slow onset events, in developing countries that are particularly vulnerable to the adverse effects of climate change,

Also recalling decisions 3/CP.18, 2/CP.19, 2/CP.20, 1/CP.21, 2/CP.21, 3/CP.22, 4/CP.22, 5/CP.23 and 10/CP.24,

Further recalling Article 8 of the Paris Agreement,

Being aware of the relevant provisions of decisions 18/CMA.1 and 19/CMA.1,

Acknowledging that climate change is a common concern of humankind, Parties should, when taking action to address climate change, respect, promote and consider their respective obligations on human rights, the right to health, the rights of indigenous peoples, local communities, migrants, children, persons with disabilities and people in vulnerable situations and the right to development, as well as gender equality, empowerment of women and intergenerational equity,

¹ It is noted that discussions related to the governance of the Warsaw International Mechanism did not produce an outcome; this is without prejudice to further consideration of this matter.

Reaffirming the role of the Warsaw International Mechanism in promoting the implementation of approaches to avert, minimize and address loss and damage associated with climate change impacts in a comprehensive, integrated and coherent manner,

Also reaffirming the role of the Executive Committee of the Warsaw International Mechanism in guiding the implementation of the functions of the Mechanism,

Recognizing the current insufficient level of mitigation and that reducing greenhouse gas emissions reduces the risks associated with the adverse effects of climate change,

Also recognizing the importance of the Warsaw International Mechanism for averting, minimizing and addressing loss and damage in developing countries that are particularly vulnerable to the adverse effects of climate change,

Recalling that the Conference of the Parties at its twenty-second session recommended that the next review of the Warsaw International Mechanism be held in 2019,²
