A representative of the secretariat informed the CMP that one decision it adopted has financial and human resource implications beyond the provisions included in the budget for the biennium 2022–2023, and that funding estimates and categorization of activities are preliminary and based on the information available at the time: under agenda item 9, “Report of the forum on the impact of the implementation of response measures”, EUR 26,000 will be required in 2022 to organize a two-day workshop to further advance work on implementation of the forum workplan. Additional staff costs of EUR 19,000 will be covered from existing resources. The same estimate was reported under the equally titled COP 26 agenda item 12 and CMA 3 agenda item 11. This is a temporary or short-term activity,⁴⁰ to be funded from voluntary contributions under the Trust Fund for Supplementary Activities.
