

Conference of the Parties

Twenty-seventh session

Sharm el-Sheikh, 6–18 November 2022

Item 2(e) of the provisional agenda

Organizational matters

Admission of organizations as observers

Admission of observers: organizations applying for admission as observers

Note by the secretariat

1. The admission of intergovernmental organizations (IGOs) and non-governmental organizations (NGOs) as observers at sessions of the Conference of the Parties (COP) is governed by Article 7, paragraph 6, of the Convention, which provides that, *inter alia*:

“Any body or agency, whether national or international, governmental or non-governmental, which is qualified in matters covered by the Convention, and which has informed the secretariat of its wish to be represented at a session of the Conference of the Parties as an observer, may be so admitted unless at least one third of the Parties present object.”

2. COP 1 agreed¹ that the secretariat should invite to the future sessions of the COP and its subsidiary bodies all IGOs and NGOs admitted at COP 1 and at future sessions unless an objection was raised to any particular organization in accordance with the Convention and the draft rules of procedure being applied.² Consequently, the secretariat has notified all organizations admitted to previous sessions of the COP (with the exception of those admitted to a single session only) of the date and venue of COP 27 in accordance with rule 8 of the draft rules of procedure being applied, without prejudging decisions that may be taken by the COP. Only new applicants need to apply for admission.

3. The secretariat has prepared, for consideration by the COP, a list of new applicant IGOs and NGOs that have expressed a wish to be represented at sessions of the COP and its subsidiary bodies as observers and satisfy the requirements set out in (1) the Convention, (2) the draft rules of procedure being applied and (3) established practice (see the annex).

4. In drawing up the list, the secretariat has taken due account of the provisions of Article 7, paragraph 6, of the Convention and rules 7–8 of the draft rules of procedure being applied, as well as of the established practice, of which the Subsidiary Body for Implementation took note,³ whereby IGOs and NGOs are required to provide proof of competence in matters related to the Convention and to confirm their independent juridical personality and non-profit and/or tax-exempt status in a Member State of the United Nations, of one of its specialized agencies or of the International Atomic Energy Agency, or in a State party to the Statute of the International Court of Justice.

¹ FCCC/CP/1995/7, para. 22.

² FCCC/CP/1996/2.

³ FCCC/SBI/2004/10, para. 100.

5. Furthermore, upon request from the Government of Egypt as the COP 27 incoming Presidency, a list of additional NGOs based in Africa has been added under the section “Non-governmental Organizations for COP 27 only”. Admission to a single session upon request of the host country is in accordance with the practice established in several previous sessions of the COP. If these organizations wish to continue to participate in the UNFCCC process as observer organizations, they have to follow the standard process to apply for admission, including but not limited to undergoing the secretariat’s assessment for eligibility.

6. The members of the Bureau received the list of new applicants for their review and agreed to recommend the organizations listed to the COP for admission. These organizations have been advised of their provisional admittance status on the understanding that the final authority for their admission as observers rests with the COP. COP 27 is invited, at its 1st meeting, to accord observer status to the IGOs and NGOs listed in the annex.

7. With respect to rules 6–7 of the draft rules of procedure being applied, a single process is to be used for the admission of observer organizations to sessions of the COP, the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol⁴ and the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement,⁵ with decisions on the admission of observer organizations being taken by the COP.

⁴ Decision 36/CMP.1, para. 2(c).

⁵ Decision 2/CMA.1, para. (c)(ii).

Annex

List of new applicant organizations for admission as observers at the twenty-seventh session of the Conference of the Parties

[English/French/Spanish only]

Intergovernmental organizations

1. Asian Forest Cooperation Organization (AFoCO), Seoul, Republic of Korea
