

Conférence des Parties

Vingt-huitième session

Émirats arabes unis, 30 novembre-12 décembre 2023

Admission d'observateurs : organisations présentant une demande de statut d'observateur

Note du secrétariat

1. L'admission d'organisations intergouvernementales ou non gouvernementales en qualité d'observateurs aux sessions de la Conférence des Parties (COP) est régie par le paragraphe 6 de l'article 7 de la Convention, qui dispose notamment que :

« Tout organe ou organisme, national ou international, gouvernemental ou non gouvernemental compétent dans les domaines visés par la Convention, qui a fait savoir au secrétariat qu'il souhaite être représenté à une session de la Conférence des Parties en qualité d'observateur, peut y être admis en cette qualité à moins qu'un tiers au moins des Parties présentes n'y fasse objection. ».

2. À sa première session, la COP a décidé¹ que le secrétariat inviterait à ses futures sessions et à celles de ses organes subsidiaires toutes les organisations intergouvernementales et organisations non gouvernementales (ONG) admises à la session en cours et aux sessions ultérieures, à moins qu'une objection concernant telle ou telle organisation ne soit formulée conformément à la Convention et au projet de règlement intérieur appliqué². Par conséquent, toutes les organisations admises aux sessions précédentes de la COP (à l'exception de celles qui avaient été admises à une seule session) ont été avisées par le secrétariat de la date et du lieu de la vingt-huitième session conformément à l'article 8 du projet de règlement intérieur actuellement appliqué, sans préjuger des décisions que la COP pourrait prendre à cet égard. Seules les organisations qui demandent à participer pour la première fois aux travaux de la COP seront soumises à la procédure d'admission.

3. Le secrétariat a dressé, pour examen par la COP, la liste des nouvelles organisations intergouvernementales et ONG (voir l'annexe I) qui ont souhaité être représentées en qualité d'observateurs aux sessions de la COP et de ses organes subsidiaires et qui satisfont 1) aux critères énoncés dans la Convention, 2) aux dispositions du projet de règlement intérieur et 3) à la pratique établie.

4. Pour établir cette liste, le secrétariat a tenu dûment compte des dispositions du paragraphe 6 de l'article 7 de la Convention et des articles 7 et 8 du projet de règlement intérieur actuellement appliqué, ainsi que de l'usage, dont l'Organe subsidiaire de mise en œuvre a pris note³, qui veut que les organisations intergouvernementales et les ONG prouvent leur compétence dans les domaines visés par la Convention et confirment leur statut de personne morale indépendante et d'organisme à but non lucratif et/ou non assujéti à l'impôt, dans un État Membre de l'Organisation des Nations Unies, d'une institution spécialisée des

Nations Unies ou de l'Agence internationale de l'énergie atomique, ou dans un État partie au Statut de la Cour internationale de Justice.

5. L'annexe II contient des informations détaillées concernant deux organisations admises en tant qu'observateurs qui, depuis leur admission en tant qu'observateurs aux sessions de la COP, ont changé légalement de nom à la suite d'une fusion avec une autre organisation ou d'une absorption par une organisation mère qui a demandé à être admise. Dans les deux cas, l'organisation ayant fusionné ou l'organisation mère a été invitée à fournir les informations visées au paragraphe 4 ci-dessus, conformément à la pratique établie susmentionnée, et a été jugée qualifiée pour l'admission en qualité d'observateur sous son nouveau nom.

6. Les membres du Bureau ont reçu la liste des nouveaux candidats afin qu'ils l'examinent et ont décidé de recommander à la COP d'admettre les organisations figurant sur la liste. Les organisations concernées ont été avisées qu'elles étaient admises à titre provisoire, étant entendu qu'il appartenait à la COP de se prononcer en dernier ressort sur leur admission en qualité d'observateurs. La COP est invitée, à la 1^{re} séance de sa vingt-huitième session, à accorder le statut d'observateur aux organisations intergouvernementales et aux ONG figurant sur la liste jointe dans les annexes I et II.

7. S'agissant des articles 6 et 7 du projet de règlement intérieur actuellement appliqué, il doit être procédé en une seule fois à l'admission des organisations en qualité d'observateurs aux sessions de la COP, de la Conférence des Parties agissant comme réunion des Parties au Protocole de Kyoto⁴ et de la Conférence des Parties agissant comme réunion des Parties à l'Accord de Paris⁵, les décisions sur l'admission des organisations en qualité d'observateurs étant prises par la COP.

⁴ Décision 36/CMP.1, par. 2 c).

⁵ Décision 2/CMA.1, par. c) ii).
