2. *Expresses appreciation* to Parties that made contributions to the core budget in a timely manner;
3. *Strongly urges* Parties that have not made contributions in full to the core budget for the current and/or previous bienniums to do so without further delay and *expresses concern* regarding the high level of outstanding contributions to the core budget for the current and previous bienniums, which has resulted in difficulties with both cash flow and the effective implementation of activities;
4. *Also expresses concern* about activities and events, such as the regional climate weeks, and implementation of tools, such as the virtual conference platform, that facilitate inclusive participation being cancelled due to the unpredictability in contributions to the trust fund for supplementary activities, while some elements of the secretariat work programme were substantially increased;
5. *Reiterates* that Parties will seek to approve future core budgets that include all category 1 (essential) and 2 (long-term, recurring) activities that have been mandated by the Conference of the Parties and the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement;³
6. *Also reiterates* that reducing earmarking and establishing longer and more flexible utilization periods would increase flexibility in using contributions to the Trust Fund for Supplementary Activities, which would enable the secretariat to allocate funding to the activities most in need of resources,⁴ and *invites* those making contributions to the Trust Fund for Supplementary Activities to take this into account;
7. *Expresses appreciation* for the contributions to the trust fund for participation in the UNFCCC process and the trust fund for supplementary activities received from Parties, including the contributions that allow for greater flexibility in allocation;
8. *Urges* Parties to further contribute to the trust fund for participation in the UNFCCC process in order to ensure the widest possible participation in the process in 2024–2025, and to the trust fund for supplementary activities to ensure a high level of implementation of the secretariat work programme;
9. *Reiterates appreciation* to the Government of Germany for its annual voluntary contribution to the core budget of EUR 766,938 and its special contribution of EUR 1,789,522 as Host Government of the secretariat;
10. *Requests* the Executive Secretary to continue taking measures to recover Parties' outstanding contributions to the core budget;

12. *Further requests* the secretariat to significantly improve the transparency of its budget management process, including by preparing quarterly reports on the extent to which the core and supplementary budgets are funded, starting in the first quarter of 2025 at the latest, and updating documents [FCCC/SBI/2019/INF.4](#) and [FCCC/SBI/2019/INF.12](#) and [FCCC/SBI/2020/INF.3](#) for consideration by the Subsidiary Body for Implementation at its sixty-second session (June 2025);⁵
13. *Requests* the secretariat to prepare an information document after each session of the Conference of the Parties that presents additional activities mandated at that session and their respective cost implications for the information of Parties;
14. *Notes with concern* that the documents on administrative, financial and institutional matters prepared for the sixtieth session of the Subsidiary Body for Implementation were not made available before the start of the session and *requests* the secretariat to issue documents in a timely manner, at least four weeks before the opening of each session;
15. *Expresses concern* regarding the high number of recommendations made by the United Nations Board of Auditors that remain unimplemented and *urges* the Executive Secretary to implement the standing recommendations of the auditors as soon as possible, with at least 50 per cent implemented before the opening of the sixty-first session of the Subsidiary Body for Implementation, and to continue providing information to Parties on the status of implementation of all recommendations;
16. *Encourages* the secretariat to enhance clarity on the nature of activities, whether mandated or not, in documents on the programme budget for the biennium 2026–2027 and *requests* the secretariat to consider the challenges it faces in implementing mandated activities in the programme budget for 2024–2025 when preparing the programme budget for 2026–2027;
