Issues relating to Articles 7 and 8 of the Kyoto Protocol

Draft conclusions proposed by the Chair

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) considered document FCCC/SBSTA/2004/9, containing a proposal for a standard electronic format for reporting supplementary information on emission reduction units, certified emissions reductions, including temporary and long-term certified emissions reductions, assigned amount units and removal units.
2. The SBSTA decided to recommend a draft decision on this matter (FCCC/SBSTA/2004/L.30/Add.1) to the Conference of the Parties at its tenth session to be forwarded to the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol for adoption at its first session.
