Rio conventions at the Kiosk

A special feature at this conference is the three “pillars of action” displaying publications from the other Rio conventions, the Convention on Biological Diversity (CBD) and the United Nations Convention to Combat Desertification (UNCCD).

Rio conventions calendar

Participants are invited to pick up their copy of the 2006 CBD/UNCCD/UNFCCC calendar. This year's joint calendar takes into account the 2006 International Year of Deserts and Desertification (IYDD) of UNCCD and attempts to show some of the vulnerability of people and ecosystems in arid and semi-arid areas as well as elsewhere in North America, Latin America, Asia, Africa and Australia.

Michael Martin at the Kiosk

The photographer Michael Martin, who took the photographs for this year's calendar, will be coming from Germany for a special "vernissage" on 7 December at the Kiosk.

Key GHG data

“Key GHG Data” is the first UNFCCC publication to cover all greenhouse gas data officially submitted by developed and developing Parties under the UNFCCC. This new publication includes greenhouse gas data from 40 developed countries and 121 developing countries, presented in a reader-friendly format.

Climate Talk Series

The Climate Talk Series at the Kiosk is a theme-based series of 15-minute presentations by intergovernmental organizations, NGOs, business, industry and Governments. The theme at this conference is “Time for action”. Invited speakers share examples of climate action at the individual, organizational, local, municipal and other levels. A full list is available from the Kiosk or via the [online schedule](#).

New CD-ROMs

The CD-ROMs on "Materials for the hands-on training workshops of the Consultative Group of Experts on National Communications from Parties not included in Annex I to the Convention" are now available at the Kiosk.

Commemorative event

Participants are invited to a commemorative concert starting at 4.30 p.m. on Sunday, 4 December, in memory of Ms. Joke Waller-Hunter, former Executive Secretary of the United Nations Framework Convention on Climate Change. The event will be held at the Impérial theatre, 1430 rue de Bleury. Take the metro to Place-des-Arts and exit via Bleury.

Announcements

Entrances to the Palais des congrès

Any documentation that visitors pick up during an event, which is no longer needed, may be returned to the Take-it-Back booth on Level 2, near the Document Distribution counter. The documents will either be returned to the booths they originated from or recycled. The staff of the booth will also be collecting ID tags and name holders for recycling/re-use. Canada demonstrates that environmental conservation and protection measures are included in its hosting of domestic and international meetings.
