2008 Rio Conventions Calendar

The 2008 Rio Conventions Calendar will be formally launched tonight from 6.30 p.m. to 7.15 p.m. at the Climate Change Kiosk on the first floor of the BICC. The new Joint Liaison Group publications on Forests and Adaptation under the conventions will also be available. Refreshments will be served.

The Executive Secretaries Mr. Yvo de Boer (UNFCCC), Mr. Luc Gnacadja (UNCCD) and Mr. Ahmed Djoghlaif (CBD) will open the event, and special guests, among others, are:

H. E. Mr. Erik Solheim
Minister of the Environment and International Development, Norway

H. E. Ms. Cristina Barrios y Almanzor
Ambassador at Large for Climate Change, Ministry of Foreign Affairs, Spain

Mr. Jochen Flasbarth
Director General, Federal Ministry for the Environment, Nature Conservation and Nuclear Safety, Germany

High-level luncheon

The President of the Conference of the Parties, H.E. Mr Rachmat Witoelar, Minister of Environment of the Republic of Indonesia and the Executive Secretary of the UNFCCC secretariat will host a high-level luncheon for heads of delegation of all Parties and invited guests on **Thursday, 13 December** at 1 p.m. at The Westin Resort. More information will be provided in due course.

Special announcements

Corrections to the List of participants	Conference participants are reminded to submit corrections to the List of participants to Ms. Heidi Sandoval (Registration Counter), by noon today, at the latest.
2008 Rio Conventions calendar	The annual calendar of the secretariats of the UNFCCC, the Convention on Biological Diversity and the United Nations Convention to Combat Desertification is now available (one copy per person). The calendar is distributed each day from the Reception Desk at the entrance of the BICC from 11 a.m. to 1 p.m., and again from 4 p.m. to 6 p.m.
Notice to organizers of side events at the Grand Hyatt	To solve the problem of noise interference in the side events rooms, all room walls have now been fortified with sound-proofing materials. In addition, certain rooms have headphones available for participants. However, participants attending meetings in the side events area of the Grand Hyatt are still requested to limit discussions to the large foyer outside the meeting room corridors.
Important notice to delegates	When submitting documents to the Conference Officers for distribution in Plenary I, please ensure that sufficient copies are provided (600–700 per document).

Announcements

Computing at the conference	<ul style="list-style-type: none"> • A computer centre is available to participants from 8 a.m. to 8 p.m. on the BICC upper level (in front of Plenary II). The centre is equipped with PCs with Internet access and printing facilities. Computer support staff wearing yellow T-shirts are on location to provide assistance. • Wireless "PlugNplay HOT SPOT" access points are also available in open areas and will be available in the main meeting rooms. Signs will indicate the hot spots. • PCs, printers and wireless access points are also available to media representatives and journalists in the Media Centre. • Owing to high Internet bandwidth limitations, file size limitations have been imposed on downloads. In addition, users should save their work frequently, in order to avoid the loss of documents should there be a power interruption. • For those participants using a laptop at the conference facility: please make sure your anti-virus and personal firewall are enabled and up-to-date, and give your laptop a name so that we can help identify your laptop (or your organization) for trouble-shooting purposes. Do not leave your laptop unattended at any time.
------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Laptop safety Participants and media are encouraged to take due care of their laptops. Laptop computers should not be left unattended and the use of Kensington-type locks wherever practicable is encouraged.

Using the "Free WiFi" service at the conference to access the Internet Participants are reminded to select the legitimate conference Wireless network **PlugNplay** that is provided free of charge at all meeting locations (Laguna, BICC and the Grand Hyatt). To help keep the Internet connection stable and free of viruses, participants are urged to consider the following list of "Do's and Don'ts".

DO NOT ...

Do not use any other wireless network. Many alternative or "free" wireless networks are actually virus-infected PCs and you should not connect to them. Your identity could easily be stolen. Examples of "rouge" networks discovered here at the conference (as of today) include:

- o Free Public WiFi , US Airways Free WiFi, Free Internet Access
- o HPsetup, Ozone, Tmobile, Jet Blue Hot Spot
- o Linksys, 1, UNFCCC04, UNFCCC05, UNFCCC06

DO ...

Turn off your wireless radio when you are not using it – it will conserve the life of your battery and prevent your laptop from connecting to unsafe networks;
Review the choice of wireless networks discovered by your laptop and then select the **PlugNPlay** network. This is the only approved wireless network at the conference;
Make notes of your settings before you make changes, for example before changing your outbound e-mail settings to use **smtp.telkom.net** instead of your current outbound e-mail server;
Turn off shared folders. If you join a malicious network, a hacker could easily load a malicious spyware agent to follow you even after you leave the public location.

Please note that the conference organizers cannot be held responsible for damage or loss of data resulting from the use of malicious wireless networks at the conference site.

Award-winning films Cool Planet, Cool Youth

The award-winning films from the NUFFGlobal Climate Change Youth Films will be screened on the CCTV system during the next few days. For more information on NUFFGlobal go to <www.nuffglobal.net>.

NUFFGlobal is a youth film programme based in Tromsø, Norway that was developed for UNEP World Environment Day celebration in Tromsø on 5 June 2007. The goodwill ambassadors for NUFFGlobal are Professor Wangari Maathai of Kenya and Mr. Albert Maysles, noted film maker from the United States.

The films screened this week in Bali are "**The Fridge**" by Lucie Stamfestová and Pavel Sobek from Prague, Czech Republic.

"**From the Camp**" by Ahmed Mashharawi from Gaza, Palestine

"**Faceless**" by Tunde Aboderin (Nigeria)

Solar taxi

Five months after a pioneering world tour from Switzerland to Bali a taxi, exclusively powered by solar energy, has arrived at the United Nations Climate Change Conference. The solar taxi is now offering participants in the conference a shuttle service from The Westin Resort within the Nusa Dua area. For a unique experience in a climate-friendly vehicle, contact Louis at <solartaxi@gmail.com>.

Shuttle service	<p>A shuttle service between the Bali International Convention Centre (BICC) and the Grand Hyatt Hotel (GH) is available to participants. The schedule will vary during the conference. Participants are therefore requested to review this information each day.</p> <p>To reach the shuttles, exit the BICC just before the connecting corridor on the ground floor to The Westin. The shuttle will traverse directly between the two points without stopping.</p> <p>Today's shuttle runs every 20–30 minutes, from 9.45 to 22.15 hours (except for a one-hour break from 11.00 to 12.00 hours).</p>
Exhibitors	<p>The sessions are attracting a large number of participants, who need space to move freely around the conference venue. Exhibitors are requested to ensure that they do not exceed their allotted space. If your back panel or counter is not needed, please let the Observer Liaison team know. You may contact Mr. Virgile Vasseur in the Observer Liaison office in the BICC.</p>
Webcasts of COP 13	<p>For the duration of the conference, all official meetings, press conferences and some side events will be available live and/or on demand, with English or floor audio streams. On-demand files will be available shortly after the close of each meeting. Please check the UNFCCC website for the date and time of webcast sessions at http://www.un.org/webcast/unfccc/. Electronic copies of statements (text) will be placed on the website, along with the video, if an electronic copy (.doc or .pdf) is sent to: webcast@un.org. Technical facilities are, unfortunately, not available to scan hard copy paper versions.</p>
Credentials	<p>Credentials of representatives, alternate representatives and advisers shall be issued either by the Head of State or Government or by the Minister for Foreign Affairs. Delegations are kindly requested to forward the corresponding letter of credentials to the secretariat in the Conference Affairs Services office, located on the right as you enter the BICC (Ms. Dianiah Trought-Dederich).</p>
Delegation nameplates	<p>Delegates are kindly requested not to remove country nameplates from the meeting rooms. The secretariat is unable to replace these at short notice and this can lead to serious disruptions at meetings.</p>
Pigeonholes for delegates	<p>Pigeonholes for the distribution of official documents and messages, which delegates are kindly requested to check at regular intervals, are located in the BICC Exhibition Hall. Participants are requested to refrain from distributing non-official material via the pigeonholes.</p>
Climate Change Kiosk	<p>Visit the Climate Change Kiosk, located on the upper level of the BICC for information about the climate change process and the secretariat as well as the range of secretariat publications and digital materials.</p>
Security	<p>Participants should ensure that they wear their conference badge in full view at all times, as the security officers may request them to verify their identity. This may lead to some inconvenience at times, but it is expected that participants will understand the need for such arrangements.</p>
Lost and found items	<p>Participants are reminded not to leave personal belongings in meeting rooms. Documents left in meeting rooms and on unattended desks will be removed. The Security office, located in the corridor next to the BICC Exhibition Hall, is responsible for lost and found items.</p>
Information for participants	<p>A booklet on the facilities available at the conference venue, entitled "Information for participants" is available from the Information desk in the BICC Exhibition Hall and also on the COP 13 website.</p>

...inSide climate change publications counter	Participants wishing to distribute documents should contact staff at the ...inSide climate change publications counter on the upper level of the BICC, next to the Climate Change Kiosk. Posters and flyers relating to side events may be affixed to the poster boards available at prominent locations around the conference venue.
Meditation room	A room for meditation and prayer is available to participants on demand. Please contact staff at the Information desk in the BICC Exhibition Hall.
Facilities for non-governmental organizations	Offices for the business and industry organizations (BINGOs), environmental groups (ENGOS), indigenous peoples organizations (IPOs), local government and municipal authorities (LGMAs), research and independent NGOs (RINGOs), trade union NGOs (TUNGOS) and the Indonesian Civil Society Organizations Forum are located on the upper level in the new conference centre of the Grand Hyatt Hotel.

11 a.m.– 1 p.m.	<p>Global carbon markets</p> <p>This event offers a discussion forum bringing together decision makers to focus on what kind of political framework is needed to build market-based solutions for mitigation and adaptation. The round table is open to all parliamentarians, but especially addresses representatives from developing countries.</p>	European Parliament	Brussels
1 p.m.– 3 p.m.	<p>Strengthening the EU Emissions Trading System for the post-2012 era</p> <p>The Commission is soon to announce its detailed plans for revising the EU Emissions Trading System from 2013. Experts from industry, academia and the trading community will discuss what to expect from the revised system in terms of issues such as its scope, free allocation versus auctioning, grandfathering and benchmarking.</p>	European Commission, DG Environment Opening speech by Mr. Stavros Dimas, European Commissioner for Environment	Brussels
1 p.m.– 3 p.m.	<p>CIRCE climate change and impact research – the Mediterranean environment</p> <p>The EU-funded project CIRCE aims at developing, for the first time, an integrated assessment of climate change impacts in the Mediterranean. This event will present new "frames" for adaptation in the Mediterranean and discuss how climate policy in the north may influence and shape adaptation in the south. It is an opportunity to listen to stakeholders' suggestions for cooperation on joint adaptation measures and mitigation strategies.</p>	Germany	Lisbon
3.30 p.m.– 5.30 p.m.	<p>Assessment of forest cover changes in French Guiana using satellite imagery: lessons for a post-2012 REDD regime</p> <p>This event focuses on monitoring land-use changes in French Guiana; sample units using resolution remote sensing imagery and the JRC sampling approach for monitoring forest areas from continental to regional level. It also presents a case study on French Guiana and a round-table discussion with national delegates of Congo, Gabon, Bolivia and Colombia.</p>	France	Brussels
3.30 p.m.– 5.30 p.m.	<p>GLOBE G8+5 climate change dialogue: financing adaptation – a strategic necessity?</p> <p>How can we multiply funding and help low-income countries cope with climate change? Industrialized countries can no longer escape their historical responsibility. Helping low-income countries adapt to climate change is both an ethical imperative and a necessity in order to reach a post-2012 agreement.</p>	United Kingdom	Lisbon

6 p.m.– 8 p.m.	<p>Building the global carbon market: ICAP, the International Carbon Action Partnership</p> <p>Carbon markets are key to low-cost emissions reductions and shifting investment to low-carbon solutions. A few weeks after launching ICAP, this event offers an opportunity to find out more about this new initiative, which brings together the growing number of public authorities committed to mandatory cap- and-trade systems to share experience.</p>	European Commission, DG Environment Opening speech by Mr. Stavros Dimas, European Commissioner for Environment	Brussels
6 p.m.– 8 p.m.	<p>G8 and the Gleneagles Dialogue on Climate Change, Clean Energy and Sustainable Development</p> <p>How political will toward a post-2012 agreement can be created and applied through various international forums such as the G-8, the Gleneagles Dialogue, AP6, and the Major Emitters process. The event will focus on the future direction of these discussions.</p>	United Kingdom	Lisbon

International Emissions Trading Association (IETA)

10 a.m.– 11.30 a.m.	<p>Do we need to manage the GHG market</p> <p>The GHG market is extending to various countries and jurisdictions, with carbon trading at different levels of development. With the increased number of initiatives there is a growing discussion on how the market should be designed and regulated to address concerns such as volatility and costs. This side event will address questions such as: "Is there a need to have a central bank? Should there be a floor price?"</p>	Citi Group, Barclays Bank, EcoSecurities, Arkema Group, Nexen, Point Carbon, IETA	Gianyar, GH
11.30 a.m.– 1 p.m.	<p>LULUCF: forest protocols – a California case study</p> <p>Debate continues over the quality of forest projects internationally. How are baselines established? How are projects verified and monitored? How is permanence assured? What can be done to measure leakage? In California, innovative protocols for three types of forest projects have been road-tested in 2007, including avoided deforestation, reforestation, and better forest management practices. Project developers will present two current projects in working forests, demonstrating how these ground-breaking efforts achieve high-quality forestry emission reductions. Panellists will discuss how these protocols may serve as a model for international forest sequestration activities. This is a joint IETA and CCAR event.</p>	SGS, Pacific Forest Trust, California Air Resources Board, California Resources Agency, The Nature Conservancy, IETA	Gianyar, GH

1 p.m.– 3 p.m.	<p>Optimizing portfolios across jurisdictions</p> <p>The GHG market continues to develop under different mechanisms (CDM, EU ETS, JI Voluntary Market, New South Wales, etc.) What use are these different units for a corporate entity and how can they be used when you have a compliance position in the different jurisdictions? The presentations and discussion will look at the ways that business can utilize the various programmes and what strategies can help to optimize their implementation.</p>	Evolution Markets, Statkraft, Fortis, Credit Suisse, Hunton & Williams	Gianyar, GH
1 p.m.– 3 p.m.	<p>Voluntary carbon market and the role of the VCS standard</p> <p>With the carbon market becoming mainstream, the demand for emission reductions is increasing as well as the final usage. Increasingly the Voluntary Market is becoming an important player in the demand for real measurable emission reductions. Presentations and a discussion look at the role that the VCS standard plays in this growing market as well as that of the regulated market.</p>	SGS, CCAR, CDM EB, UNFCCC, WBCSD, WWF, IETA, The Climate Group	Singaraja, GH
3 p.m.– 4.30 p.m.	<p>CCS and market mechanisms</p> <p>Following last year's decision by the Parties on the possible use of carbon capture and storage (CCS) under the CDM, there have been many initiatives throughout 2006 to provide recommendations to the Parties for their discussion at CMP2. This side event will provide an overview of the work that the industry has done to assist in dealing with questions around issues such as boundaries, seepage, leakage and monitoring.</p>	IIPC, Eskom, EU Commission, ECN, World Bank, Statoil Hydro, ENEL, Nexen	Gianyar, GH
4.30 p.m.– 6 p.m.	<p>What is the scope for including international aviation in the post-2012 regime?</p> <p>European countries have already agreed to include aviation in its EU ETS programme. With the discussion on post-2012 now in full swing and increased awareness that the aviation sector is rapidly growing in its significance, it is likely that aviation will be discussed within a post 2012 regime. What is the scope of such inclusion and how could it work?</p>	ICF International, Noerr Stiefenhofer Lutz, Dow Chemical, European Commission, Association of Asia Pacific Airlines, All Nippon Airways, IETA	Gianyar, GH
6 p.m.– 7.30 p.m.	<p>Harmonizing GHG information across local and international governments</p> <p>With an increased uptake in entity-wide reporting for voluntary and/or mandatory reporting efforts, there is an also increasing demand for facilitating free exchange of information. Organizations want to move away from multiple sets of books for various reporting schemes. Panellists will discuss the conditions essential for free exchange of data, and present a new GHG data exchange standard for facilitating emissions information. This is a joint IETA and CCAR event.</p>	Sacramento Municipal Utility District, SAIC, The Climate Registry, APX, DNV, The Energy Foundation	Gianyar, GH

6 p.m.– 8 p.m.	From Montreal to Copenhagen This session will assess the lessons learned at the successful COP 11 in Montreal, where the world community agreed to both initiate discussions under the Kyoto Protocol about commitments for industrialized countries post-2012, and launched the UNFCCC dialogue on long-term action. What worked and what didn't, and how do we duplicate that success now? It will look forward to COP 15 in Copenhagen and discuss what strategies are needed to ensure a positive outcome for a post-2012 framework at that meeting. Keynote presentations will be followed by a question and answer session.	H.E. Mr. Michael Zammit Cutajar, former Executive Secretary of UNFCCC; Mr. Stéphane Dion, former President of COP 11; Mr. Thomas Becker, Denmark; Ms. Christiana Figueres, Costa Rica; Mr. Elliot Diringer, Pew Center; S.E. Mr. Ricardo Lagos, President of the Club de Madrid and Special Envoy for Climate Change to the Secretary-General of the United Nations	Singaraja, GH
