1. A welcoming ceremony will be held on the morning of Monday, 1 December, to mark the opening of the United Nations Climate Change Conference in Poznan.
2. The President of the Conference of the Parties (COP) at its thirteenth session will open COP 14. The COP will take up item 1 of the provisional agenda, as well as some procedural matters under item 2, including the election of the President of COP 14, the adoption of the agenda and the organization of work. Statements are not envisaged, except those on behalf of groups. The COP will refer items of its agenda to the subsidiary bodies as appropriate. The opening meeting will then be adjourned.
3. The fourth session of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) will then be opened. The CMP will take up item 1 of its provisional agenda, as well as some procedural matters under item 2, including the adoption of the agenda and the organization of work. Statements are not envisaged, except those on behalf of groups. The CMP will refer items of its agenda to the subsidiary bodies as appropriate. The opening meeting will then be adjourned.
4. In the afternoon of the same day the Ad Hoc Working Group on Long-term Cooperative Action under the Convention (AWG-LCA) will hold the opening meeting of its fourth session. This will be followed by the opening of the resumed sixth session of the Ad Hoc Working Group on Further Commitments for Annex I Parties under the Kyoto Protocol (AWG-KP), which will convene in plenary to take up item 4 of its provisional agenda. In parallel with these meetings, the Subsidiary Body for Scientific and Technological Advice (SBSTA) will hold the opening meeting of its twenty-ninth session, and this will be followed by the opening meeting of the twenty-ninth session of the Subsidiary Body for Implementation (SBI) (see the proposed schedule of meetings contained in annex I).
5. The CMP will convene in plenary on Wednesday, 3 December, and Thursday, 4 December, to take up the items on its agenda that are not to be referred to the SBSTA and the SBI.
6. The SBSTA and the SBI will conclude their sessions on Wednesday, 10 December. They will finalize as many matters as possible and transmit their results to the COP or the CMP. AWG-LCA 4 and the resumed sixth session of the AWG-KP will also finish on Wednesday, 10 December.
7. Joint meetings of the COP and the CMP will be convened during the high-level segment to be held from 11 to 12 December. The joint meetings will be attended by ministers and other heads of delegation, who will deliver national statements. A joint COP and CMP meeting will be convened to hear statements from observer organizations. The high-level segment will conclude on Friday, 12 December. Separate meetings of the COP and the CMP will be held to adopt decisions and conclusions emerging from the current sessions.
8. In keeping with the conclusions adopted by the SBI at its twenty-fourth session,² all meetings are scheduled to end at 6 p.m., with exceptions determined by the Bureau of the COP or the Chairs of the subsidiary bodies. Given that six bodies will be meeting during this sessional period, the time available for contact groups and informal consultations will be very limited. The session will be organized taking into account this limitation of available meeting time.

¹ As the fourteenth session of Conference of the Parties (COP) and the fourth session of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol will be held during the same sessional period, this overview addresses both meetings. For ease of reference for Parties and observers, the text of this overview is also contained in the annotations to the provisional agenda for COP 14 (FCCC/CP/2008/1). Further details may be made available via the UNFCCC website.

² FCCC/SBI/2006/11, paragraph 112.

5. Issues relating to the clean development mechanism

22. The fourth report of the Executive Board to the CMP provides information on progress made in the implementation of the CDM arising from action taken by the Executive Board during its seventh year of operation (from 20 October 2007 to 24 October 2008).⁶ In addition, the report contains a number of recommendations for decisions to be taken by the CMP at its fourth session, including recommendations prepared in response to requests by the CMP at its third session.
23. The Chair of the Executive Board will also provide an oral report, highlighting the challenges and achievements of the seventh year of operation of the CDM and the period not covered by the Executive Board's report to the CMP, and the challenges ahead.
24. At its resumed fifth session,⁷ the AWG-KP noted that Parties had identified a number of issues relating to emissions trading and the project-based mechanisms under the Kyoto Protocol that could be considered for possible application within the current commitment period. It recommended that the CMP, at its fourth session, consider the list of such issues contained in document FCCC/KP/AWG/2008/3, annex III, as compiled by the Chair of the AWG-KP under his responsibility, and take appropriate action. Parties may wish to consider this list, bearing in mind the work on issues relating to joint implementation (JI) (item 6 of the provisional agenda) and work in relation to the second review of the Kyoto Protocol pursuant to its Article 9 (item 13 of the provisional agenda).

⁶ Following the requests by the CMP at its second and third sessions, the report of the Executive Board to the CMP covers the period from the previous session of the CMP to the Executive Board meeting that takes place just prior to the one held in conjunction with the session of the CMP (decision 1/CMP.2, para. 11, and decision 2/CMP.3, para. 7).

⁷ FCCC/KP/AWG/2008/3, paragraph 21.

6. Issues relating to joint implementation

27. *Background:* In accordance with the annex to decision 9/CMP.1 (hereinafter referred to as the JI guidelines), the Joint Implementation Supervisory Committee (JISC) shall report annually to the CMP. In exercising its authority over the JI Track 2 procedure, the CMP may review these annual reports, provide guidance and take decisions, as appropriate.

28. The third annual report of the JISC to the CMP provides information on the progress made in the implementation of the JI Track 2 procedure arising from actions taken by the JISC during its third year of operation (20 October 2007 to 12 September 2008).⁸

29. The Chair of the JISC will also provide an oral report, highlighting the tasks and achievements of the JISC during the last year, the period not covered by the third annual report, and the challenges ahead. The secretariat will also inform the CMP of activities relating to broader JI issues.

30. At its resumed fifth session,⁹ the AWG-KP noted that Parties had identified a number of issues relating to emissions trading and the project-based mechanisms under the Kyoto Protocol that could be considered for possible application within the current commitment period. It recommended that the CMP, at its fourth session, consider the list of such issues contained in document FCCC/KP/AWG/2008/3, annex III, as compiled by the Chair of the AWG-KP under his responsibility and take appropriate action. Parties may wish to consider this list, bearing in mind the work on issues relating to the CDM (item 5 of the provisional agenda) and work in relation to the second review of the Kyoto Protocol pursuant to its Article 9 (item 13 of the provisional agenda).

8. Report of the Adaptation Fund Board

37. *Background:* The CMP decided, by its decision 1/CMP.3, that the operating entity of the Adaptation Fund shall be the Adaptation Fund Board serviced by a secretariat and a trustee. 38. The CMP further decided that the Adaptation Fund Board shall supervise and manage the Adaptation Fund, under the authority and guidance of the CMP, by undertaking specific functions as contained in decision 1/CMP.3, paragraph 5 (a–m), and shall be fully accountable to the CMP. The CMP requested the Adaptation Fund Board to include in its work plan for the period up to CMP 4, inter alia, those functions identified in decision 1/CMP.3, paragraph 5 (a), (b), (c), (e), (j) and (k), in order for the CMP to adopt them as additional functions of the Adaptation Fund Board or take note of them.

44. *Background:* See the SBI 29 provisional agenda and annotations (FCCC/SBI/2008/9).

45. *Action:* The CMP will be invited to refer this item to the SBI for its consideration and for recommendation of draft decisions or conclusions for adoption by the CMP at its fourth session.

12. Annual compilation and accounting report for Annex B Parties under the Kyoto Protocol

46. *Background:* The CMP, by its decision 13/CMP.1, requested the secretariat to publish the annual compilation and accounting reports after the completion of the initial review under Article 8 of the Kyoto Protocol and resolution of any question of implementation relating to adjustments under Article 5, paragraph 2, of the Kyoto Protocol, and to forward such reports to the CMP, the Compliance Committee and each Party concerned. The CMP, by its decision 22/CMP.1, requested the secretariat to publish and forward to the CMP, the Compliance Committee and the Party that is the subject of the report, all final reports resulting from reviews conducted under Article 8 of the Kyoto Protocol. This includes reports resulting from reviews conducted under Article 8 (hereinafter referred to as initial review reports) of the reports submitted by Parties in accordance with decision 13/CMP.1.

47. As at 1 September 2008, the initial review had been completed for 36 out of 39 Parties included in Annex B to the Kyoto Protocol (Annex B Parties). At the time when this document was prepared, 36 initial review reports had been published and forwarded to the Compliance Committee, and the initial review for Australia was in progress. Belarus has submitted its initial report but the review of the initial report has not been initiated, because the amendment to include Belarus in Annex B to the Kyoto Protocol with a quantified emission reduction commitment of 92 per cent has not been ratified by a sufficient number of Parties for it to enter into force. Croatia became a Party to the Kyoto Protocol on 28 August 2007 and its initial report was submitted on 27 August 2008. At the time when this document was prepared, 34 Parties were eligible to participate in the Kyoto mechanisms after having successfully completed the initial reporting, review and compliance process.

48. The annual compilation and accounting report for Annex B Parties under the Kyoto Protocol contains information for 36 of the 39 Annex B Parties. This is the first compilation and accounting report based on the initial accounting parameters recorded in the compilation and accounting database since the completion of the initial review under the Kyoto Protocol.

49. *Action:* The CMP will be invited to consider the first annual compilation and accounting report for Annex B Parties under the Kyoto Protocol below as well as the initial review reports, and may wish to refer this item to the SBI for recommendation of draft decisions or conclusions for adoption by the CMP at its fourth session.

13. Second review of the Kyoto Protocol pursuant to its Article 9

50. *Background:* The CMP, by its decision 7/CMP.2, decided that the second review of the Kyoto Protocol pursuant to its Article 9 will take place at its fourth session.

51. The scope and content of the second review is contained in decision 4/CMP.3.

52. In order to prepare this review, the CMP, by its decision 4/CMP.3, requested the SBI to consider, at its twenty-eighth session, (1) views submitted by Parties on how the issues identified in that decision should be addressed in the second review of the Kyoto Protocol pursuant to its Article 9, including information from Annex I Parties to the Convention demonstrating progress made in implementing their commitments under the Kyoto Protocol,¹⁰ and (2) the report of the workshop organized to consider and discuss the information provided by Parties in their submissions.¹¹ It further requested the SBI to report to the CMP at its fourth session.¹²

53. By the same decision, the CMP requested the secretariat to prepare an information paper on the work of the AWG-KP.¹³ It also requested the secretariat to organize a pre-session workshop to consider the relevance to the second review of progress achieved by the AWG-KP in advancing its work programme and to prepare a report on this workshop.¹⁴

54. *Action:* The CMP will be invited to consider the information reported to it as outlined in paragraphs 52 and 53 above. The CMP will be invited to establish a contact group to consider this item and to recommend a draft decision for adoption by the CMP at its fourth session.
