I. Introducción

A. Mandato

1. En su séptimo período de sesiones, la Conferencia de las Partes acordó crear el Fondo de Adaptación¹. La Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto (CP/RP) decidió, en su tercer período de sesiones, que la entidad encargada del funcionamiento del Fondo de Adaptación sería la Junta del Fondo de Adaptación, que contaría con los servicios de una secretaria y de un administrador fiduciario.
2. En su decisión 1/CMP.3, la CP/RP pidió a la Junta del Fondo de Adaptación que informara sobre sus actividades en cada período de sesiones de la CP/RP. Asimismo, invitó al Fondo para el Medio Ambiente Mundial (FMAM) a que prestara servicios de secretaria a la Junta, y al Banco Mundial a que ejerciera de administrador fiduciario, ambos provisionalmente.

B. Objeto de la nota

3. En el presente informe se exponen los avances logrados con respecto al Fondo de Adaptación, especialmente en lo que se refiere a la ejecución de las tareas descritas en el plan de trabajo de la Junta del Fondo de Adaptación, y se recomiendan medidas que la CP/RP podría adoptar, si lo considera apropiado. El informe abarca el período comprendido entre marzo y septiembre de 2008.

C. Medidas que podría adoptar la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto

4. La CP/RP podría tomar nota de la información incluida en el presente documento y aprobar los siguientes proyectos de documento:
 - a) El proyecto de reglamento de la Junta del Fondo de Adaptación, preparado de conformidad con el párrafo 5 e) de la decisión 1/CMP.3, que figura en el anexo I;
 - b) Un proyecto de disposiciones jurídicas para la secretaria del Fondo de Adaptación, que incluye el borrador del memorando de entendimiento entre la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto y el Consejo del Fondo para el Medio Ambiente Mundial con respecto a la prestación de servicios de secretaria al Fondo de Adaptación y a su Junta, preparado de conformidad con los párrafos 5 j) y 31 de la decisión 1/CMP.3 e incluido en el anexo II;
 - c) Un proyecto de acuerdo jurídico entre la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto y el Banco Internacional de Reconstrucción y Fomento (Banco Mundial) con respecto a los servicios que ha de prestar el administrador fiduciario del Fondo de Adaptación, que contiene las condiciones de los servicios que el Banco Internacional de Reconstrucción y fomento debe prestar como administrador fiduciario del Fondo de Adaptación, preparado de conformidad con los párrafos 5 j) y 31 de la decisión 1/CMP.3 e incluido en el anexo III;
 - d) Un proyecto de prioridades políticas y directrices estratégicas del Fondo de Adaptación, preparado de conformidad con el párrafo 5 a) de la decisión 1/CMP.3, que figura en el anexo IV.

¹ Decisión 10/CP.7

5. Quizá la CP/RP también desee examinar y tomar nota del documento relativo al reembolso de fondos a las Partes por las contribuciones realizadas conforme a lo dispuesto en el párrafo 27 de la decisión 1/CMP.3, incluido en el anexo V, y aprobar la decisión recomendada por la Junta del Fondo de Adaptación.

II. Decisiones y medidas adoptadas por la Junta del Fondo de Adaptación que se ponen en conocimiento de la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto en su cuarto período de sesiones

6. La Junta del Fondo de Adaptación invita a la CP/RP a tomar nota de las siguientes medidas y decisiones clave adoptadas de conformidad con el párrafo 5 m) de la decisión 1/CMP.3 durante el período que se examina:

- a) **Examen de políticas y directrices operacionales.** De conformidad con el párrafo 5 b) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación sostuvo un primer debate sobre políticas y directrices operacionales específicas, entre ellas las orientaciones para la programación y las directrices administrativas y de gestión financiera, y espera ultimar dichas políticas y directrices en su reunión de diciembre de 2008.
- b) **Elaboración de criterios para dotar de capacidad a las entidades de ejecución.** De conformidad con el párrafo 5 c) de la decisión 1/CMP.3, las políticas y directrices operacionales citadas en el párrafo 6 a) servirán de base para establecer modalidades de funcionamiento del Fondo de Adaptación que permitan a las entidades de ejecución aplicar las directrices administrativas y de gestión financiera elaboradas por la Junta del Fondo de Adaptación.
- c) **Monetización de las reducciones certificadas de las emisiones.** De conformidad con el párrafo 5 k) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación espera que el programa de monetización comience tan pronto como sea factible una vez la CP/RP y el administrador fiduciario lleguen a un acuerdo, dentro del primer trimestre de 2009, sobre los servicios que el administrador fiduciario deberá prestar al Fondo de Adaptación.
- d) **Establecimiento de arreglos jurídicos para la puesta en funcionamiento del Fondo de Adaptación.** La Junta del Fondo de Adaptación convino en que dotar al Fondo de un estatuto jurídico era una medida que merecía ser examinada con mayor detenimiento y decidió encargar un estudio de viabilidad. Consciente de que esta vía probablemente requiera una cantidad de tiempo considerable, la Junta también está estudiando un enfoque alternativo por el cual la gestión del riesgo fiduciario se encomendaría a personas jurídicas que ya existan, o se creen, a nivel nacional, para permitir un acceso directo a los recursos. A tal fin, la Junta ha convenido en elaborar criterios y directrices para la acreditación de estas personas jurídicas, de modo que puedan aplicar las normas fiduciarias internacionales en la ejecución de los programas y proyectos aprobados por la Junta.

III. Labor realizada durante el período que se examina

7. Desde su creación, la Junta del Fondo de Adaptación ha celebrado tres reuniones, todas ellas en Bonn (Alemania) y dentro del período que se examina (en marzo, junio y septiembre de 2008). En el sitio

web del Fondo de Adaptación² figuran los programas y sus anotaciones (con la documentación de antecedentes sobre los temas de los programas), así como informes detallados de las reuniones.

8. En las secciones siguientes se describen los aspectos principales de la labor realizada por la Junta durante el período que se examina.

1. Elección del Presidente y el Vicepresidente de la Junta del Fondo de Adaptación

9. De conformidad con el párrafo 13 de la decisión 1/CMP.3, la Junta del Fondo de Adaptación, en su primera reunión, eligió por consenso al Sr. Richard Muyungi (República Unida de Tanzania) para el puesto de Presidente y a la Sra. Marita Steinke (Alemania) para el de Vicepresidenta. La Sra. Steinke renunció posteriormente a su puesto para ocupar un nuevo cargo en el Gobierno de su país, por lo que la Junta, en su segunda reunión, eligió Vicepresidente por consenso al Sr. Naoya Tsukamoto (Japón).

2. Calendario de reuniones de la Junta del Fondo de Adaptación para 2008

10. En la reunión inaugural de la Junta del Fondo de Adaptación, celebrada en Bonn del 26 al 28 de marzo, la Junta aprobó un calendario de reuniones para 2008 (véase el cuadro 1). En su segunda reunión, celebrada en Bonn del 16 al 19 de junio, la Junta decidió que era necesaria una reunión más.

3. Plan de trabajo de la Junta del Fondo de Adaptación

11. De conformidad con el párrafo 5 m) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación debe encargarse de incluir en el plan de trabajo que aplicará hasta la CP/RP 4, entre otras, las funciones citadas en los apartados a), b), c), e), j) y k) del párrafo 5 de la decisión 1/CMP.3, para que la CP/RP pueda aprobarlas o tomar nota de ellas.

12. La Junta, en su primera reunión, aprobó un proyecto de planes de reunión de la Junta del Fondo de Adaptación durante 2008. En su segunda reunión, aprobó un proyecto de plan de trabajo de la Junta del Fondo de Adaptación correspondiente a 2008, en el que se modificaban los planes de reunión aprobados en la primera reunión.

4. Presupuesto de la Junta del Fondo de Adaptación y de su secretaría

13. Durante las tres primeras reuniones, la Junta del Fondo de Adaptación estudió y aprobó los recursos necesarios para sostener la labor de la Junta y la secretaría del Fondo de Adaptación hasta el 31 de diciembre de 2008.

6. Reglamento de la Junta del Fondo de Adaptación

15. De conformidad con el párrafo 5 e) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación debe encargarse de elaborar y acordar un reglamento adicional al que figura en esa decisión, y recomendarlo para su aprobación por la CP/RP.

16. De conformidad con sus funciones y responsabilidades, la Junta, en su tercera reunión, acordó un proyecto de reglamento y recomendó que la CP/RP lo aprobara en su cuarto período de sesiones.

7. Funciones y responsabilidades de la secretaría del Fondo de Adaptación

17. La Junta del Fondo de Adaptación aprobó en su primera reunión el proyecto de funciones y responsabilidades de la secretaría del Fondo de Adaptación que figura en el anexo VII.

8. Disposiciones jurídicas para la secretaría del Fondo de Adaptación

18. De conformidad con el párrafo 5 j) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación debe encargarse de elaborar y aprobar proyectos de disposiciones jurídicas y administrativas para los servicios de la secretaría y someterlos a la aprobación de la CP/RP.

19. En su segunda reunión, la Junta aprobó un proyecto de disposiciones jurídicas para la secretaría del Fondo de Adaptación, que incluía el borrador de un memorando de entendimiento entre la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto y el Consejo del Fondo para el Medio Ambiente Mundial con respecto a la prestación de servicios de secretaría al Fondo de Adaptación y a su Junta, y recomendó que la CP/RP aprobase este documento en su cuarto período de sesiones.

9. Funciones y responsabilidades del administrador fiduciario del Fondo de Adaptación

20. La Junta del Fondo de Adaptación inició en su tercera reunión el examen de un proyecto de funciones y responsabilidades del administrador fiduciario del Fondo de Adaptación³, y acordó seguir estudiando este asunto en la reunión de diciembre de 2008.

10. Disposiciones jurídicas sobre el administrador fiduciario del Fondo de Adaptación

21. De conformidad con el párrafo 5 j) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación debe encargarse de elaborar y aprobar proyectos de disposiciones jurídicas y administrativas para el administrador fiduciario y someterlos a la aprobación de la CP/RP.

22. En su tercera reunión, la Junta aprobó un proyecto de acuerdo jurídico entre la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto y el Banco Internacional de Reconstrucción y Fomento (Banco Mundial) con respecto a los servicios que ha de prestar el administrador fiduciario del Fondo de Adaptación, y recomendó que la CP/RP aprobase este documento en su cuarto período de sesiones.

11. Monetización de las reducciones certificadas de las emisiones

23. De conformidad con el párrafo 5 k) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación debe encargarse de la monetización de las reducciones certificadas de las emisiones que expida la Junta Ejecutiva del mecanismo para un desarrollo limpio (MDL) y que se remitan al Fondo de Adaptación, y debe informar anualmente a la CP/RP sobre la monetización de las reducciones certificadas de las emisiones.

24. En la primera reunión de la Junta, el administrador fiduciario invitado explicó que había incertidumbre en cuanto al precio de las reducciones certificadas de las emisiones (RCE) porque su mercado era limitado. Hasta marzo de 2008 sólo se habían expedido 130 millones de RCE y el potencial de expedición hasta 2012 era de 2.100 millones. Por lo tanto, se estimaba que en la cuenta del Fondo de Adaptación del MDL podría haber en 2010 un total de 40 millones de RCE. El administrador fiduciario propuso que las RCE del Fondo de Adaptación se empezaran a monetizar cuando la estructura del mercado estuviera plenamente desarrollada.

25. En la segunda reunión de la Junta, el administrador fiduciario invitado presentó el documento "Monetización de las reducciones certificadas de emisiones para el Fondo de Adaptación"⁴ y explicó un método para monetizar las RCE. En las deliberaciones se abordaron muchos ámbitos, a saber: las funciones de la Junta; los requisitos fundamentales del programa de monetización, entre otros garantizar un flujo de ingresos predecible, optimizar los ingresos y, a la vez, limitar los riesgos financieros y aumentar la transparencia y la eficacia con respecto a los costos; la corta edad y el carácter evolutivo de los mercados de RCE; la necesidad de iniciar el programa de monetización tan pronto como fuera factible; y la propiedad de las RCE. También se planteó la cuestión de si las funciones de administrador fiduciario y la responsabilidad de la monetización debían atribuirse a una misma entidad, como se desprendía del párrafo 22 de la decisión 1/CMP.3.

26. La Junta tomó nota del informe sobre la monetización de las reducciones certificadas de las emisiones. Señaló que la monetización era urgente y decidió crear un comité sobre este asunto para que estudiara, y le propusiera en su siguiente reunión, posibles alternativas para acelerar el proceso de monetización de las RCE, con la asistencia del administrador fiduciario invitado. En el anexo VIII figura el acta de la reunión del Comité de Monetización, celebrada el 4 de septiembre de 2008.

27. La Junta, en su tercera reunión, acordó que el programa de monetización debería iniciarse lo antes posible, en principio durante el primer trimestre de 2009, y basarse en las directrices para la monetización expuestas en el párrafo 28 de la decisión 1/CMP.3. La Junta pidió al administrador fiduciario que planease una transacción inaugural que incluyera a todos los compradores que pudieran optar a serlo, que se ejecutara por medio de agentes, y que se hiciera a un precio de equilibrio del mercado. La Junta también pidió al administrador fiduciario que elaborara una estrategia de comunicación para la transacción inaugural, en consulta con el Comité de Monetización y con el apoyo de la secretaria del Fondo de Adaptación, que incluyera una conferencia de prensa y una sesión de preguntas y respuestas durante la CP/RP 4.

12. Cuestiones jurídicas relativas al funcionamiento del Fondo de Adaptación

28. La Junta del Fondo de Adaptación examinó distintas opciones para dar cumplimiento a lo dispuesto en los párrafos 29 y 30 de la decisión 1/CMP.3, relativos a la puesta en práctica de la modalidad de acceso directo de las entidades autorizadas y las Partes que cumplan los requisitos para ello a los recursos del Fondo de Adaptación. La secretaria del Fondo de Adaptación, el administrador fiduciario invitado y la secretaria de la Convención Marco de las Naciones Unidas sobre el Cambio Climático habían

⁴ <http://www.adaptation-fund.org/images/AFBB2-9-Monetization.pdf>.

encargado un informe sobre las cuestiones jurídicas relativas a la puesta en práctica de esta modalidad, para que sirviera de base en los debates de la Junta. En el informe se proponían las siguientes opciones:

- a) Mantener la situación actual;
- b) Dotar a la Junta del Fondo de Adaptación de capacidad jurídica para celebrar determinados acuerdos jurídicos;
- c) Dotar al Fondo de Adaptación de personalidad jurídica.

29. Tras examinar estas opciones, la Junta acordó, en principio, que para dotar al Fondo de algún tipo de personalidad jurídica haría falta un análisis más a fondo y decidió encargar un estudio de viabilidad a ese respecto.

30. Consciente de que ese enfoque probablemente llevaría mucho tiempo, la Junta decidió considerar la posibilidad de aplicar entretanto un enfoque alternativo, consistente en encomendar la supervisión de la gestión del riesgo fiduciario a personas jurídicas establecidas y/o ya existentes a nivel nacional para permitir a las Partes acceder directamente a los recursos. Con este fin, la Junta decidió elaborar criterios y directrices para la acreditación de esas entidades, de forma que pudieran aplicar las normas fiduciarias internacionales a los proyectos y programas de adaptación aprobados por la Junta.

31. Se pide a la CP/RP que tome nota del enfoque presentado en el párrafo 29 del presente documento.

13. Prioridades, políticas y directrices estratégicas del Fondo de Adaptación

32. Con arreglo al párrafo 5 a) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación aprobó, en su tercera reunión, un proyecto de prioridades, políticas y directrices estratégicas del Fondo de Adaptación, y recomendó a la CP/RP que lo aprobara en su cuarto período de sesiones.

14. Políticas y directrices operacionales provisionales sobre el acceso de las Partes a los recursos del Fondo de Adaptación

33. Con arreglo al párrafo 5 b) de la decisión 1/CMP.3, la Junta del Fondo de Adaptación inició, durante su tercera reunión, un debate sobre el documento relativo a las políticas y directrices operacionales provisionales para el acceso de las Partes a los recursos del Fondo de Adaptación⁵, en que se definen políticas y directrices operacionales específicas, entre ellas las orientaciones para la programación y las directrices administrativas y de gestión financiera, de conformidad con la decisión 5/CMP.2. La Junta espera proseguir estos debates y ultimar el documento en la reunión que celebrará en diciembre de 2008.

15. Funciones y responsabilidades de las entidades de realización y ejecución

34. En el párrafo 29 de la decisión 1/CMP.3 se dispone que "las Partes que reúnan los requisitos necesarios podrán presentar sus propuestas de proyectos directamente a la Junta del Fondo de Adaptación y que las entidades de realización o ejecución escogidas por los gobiernos que estén en condiciones de ejecutar los proyectos financiados por el Fondo de Adaptación podrán también acceder directamente a la Junta del Fondo de Adaptación".

⁵ Disponible en http://www.adaptation-fund.org/images/AFB.B.3.8_Operational_Policies_and_Guidelines_08.26.08_-_revised.1.pdf.

35. En relación con la disposición descrita en el párrafo 45, la Junta aprobó, en su segunda reunión, un proyecto de documento sobre las funciones y responsabilidades de las entidades de realización y ejecución, en el entendimiento de que la Junta volvería a examinar el documento una vez acordada una opción para facilitar el acceso directo de las entidades con personalidad jurídica al Fondo de Adaptación.

16. Reembolso de fondos a las Partes por las contribuciones realizadas

36. La Junta del Fondo de Adaptación debatió, en su tercera reunión, un documento relativo al reembolso de fondos a las Partes por las contribuciones realizadas conforme a lo dispuesto en el párrafo 27 de la decisión 1/CMP.3 y recomendó a la CP/RP que lo aprobara en su cuarto período de sesiones.

17. Establecimiento de comités de la Junta del Fondo de Adaptación

37. En la segunda reunión de la Junta del Fondo de Adaptación, el Presidente distribuyó una propuesta en que se establecía un proyecto de mandato y modalidades operacionales para el establecimiento de comités de la Junta. La Junta acogió con agrado la iniciativa del Presidente, que era conforme a la decisión 1/CMP.3.

38. La Junta decidió que el Presidente celebrara consultas sobre esta cuestión con los miembros y suplentes, con la ayuda de la secretaría del Fondo de Adaptación, a fin de examinar dicha cuestión en su tercera reunión. Tras debatir la necesidad de crear comités y elaborar una versión preliminar de su mandato en su tercera reunión, la Junta decidió posponer su decisión hasta la reunión siguiente. Entretanto, el comité especial establecido para las cuestiones relativas a la monetización y el presupuesto seguirá ayudando a la Junta en las cuestiones relativas los comités.

IV. Logros y problemas no resueltos

39. En su tercer período de sesiones, la CP/RP pidió a la Junta del Fondo de Adaptación que formulara mecanismos y propuestas para la puesta en marcha del Fondo de Adaptación. La Junta avanzó considerablemente en el cumplimiento de los cometidos señalados por la CP/RP y considera que, en el poco tiempo de que ha dispuesto, ha creado la infraestructura institucional necesaria para que el Fondo de Adaptación pueda entrar en funcionamiento en 2009, siempre que la CP/RP apruebe las propuestas de la Junta en su cuarto período de sesiones.

40. La Junta agradeció el oportuno apoyo financiero prestado por Australia, Finlandia, Francia, Noruega, el Reino Unido de Gran Bretaña e Irlanda del Norte y Suiza, así como las recientes promesas de ayuda financiera de Dinamarca, Francia, el Japón y el Programa de las Naciones Unidas para el Medio Ambiente, que le permitieron comenzar sus tareas con prontitud.

41. La Junta también agradeció el apoyo de la secretaría del Fondo de Adaptación, el administrador fiduciario invitado y la secretaría de la Convención Marco. La Junta desea destacar el vital papel desempeñado por la secretaría de la Convención Marco (en la actualidad, observadora) en la puesta en marcha del Fondo de Adaptación, en cooperación con la secretaría del Fondo y el administrador fiduciario invitado, y en particular su ayuda en las cuestiones jurídicas relativas al establecimiento y la puesta en funcionamiento del Fondo.

1. Logros

42. La Junta del Fondo de Adaptación acordó y cumplió un ambicioso plan de trabajo para 2008, aprobó presupuestos para respaldarlo, estableció un comité encargado de la monetización de las reducciones certificadas de las emisiones y creó la infraestructura institucional básica para el Fondo de Adaptación, entre otras cosas estableciendo:

- a) Las funciones y responsabilidades de la Junta, la secretaría y el administrador fiduciario del Fondo de Adaptación;
- b) El reglamento de la Junta del Fondo de Adaptación;
- c) Las disposiciones jurídicas para la secretaría del Fondo de Adaptación, entre ellas el borrador de un memorando de entendimiento entre la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto y el Consejo del Fondo para el Medio Ambiente Mundial con respecto a la prestación de servicios de secretaría al Fondo de Adaptación y a su Junta;
- d) Un acuerdo jurídico entre la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto y el Banco Internacional de Reconstrucción y Fomento (Banco Mundial) con respecto a los servicios que ha de prestar el administrador fiduciario del Fondo de Adaptación.

43. Para facilitar recursos que permitan a las Partes que son países en desarrollo emprender actividades de adaptación concretas, la Junta también trabajó en la puesta en marcha del Fondo, adoptando acuerdos y medidas respecto de lo siguiente:

- a) Las cuestiones jurídicas relativas a la puesta en funcionamiento del Fondo de Adaptación;
- b) Las prioridades, políticas y directrices estratégicas del Fondo de Adaptación;
- c) Las funciones y responsabilidades de las entidades de realización y ejecución;
- d) Las políticas y directrices operacionales sobre el acceso de las Partes a los recursos del Fondo de Adaptación;
- e) La monetización de las reducciones certificadas de las emisiones.

44. De conformidad con la decisión 1/CMP.3, varias decisiones de la Junta se están aplicando actualmente y otras han sido recomendadas para su aprobación por la CP/RP.

2. Problemas no resueltos

45. Uno de los problemas inmediatos a que se enfrenta la Junta del Fondo de Adaptación es cómo conseguir recursos en apoyo de su labor. La puesta en marcha del Fondo de Adaptación lleva asociados unos costos considerables, como los de personal, consultorías y viajes, entre otros. El apoyo financiero de determinadas Partes durante las primeras fases del proceso resultó esencial para la organización de las tres primeras reuniones de la Junta y para apoyar la labor de la secretaría del Fondo de Adaptación. Sin embargo, si no recibe más recursos, la secretaría verá limitada su capacidad para contratar a personal de dedicación exclusiva que apoye la labor de la Junta y organizar reuniones a principios de 2009 para ultimar el proceso de monetización.

46. El Presidente trató de conseguir el apoyo de todas las Partes a fin de garantizar que los miembros y suplentes recibieran ayuda financiera suficiente de sus respectivos países para poder participar plenamente en las actividades de la Junta.

47. Otro de los problemas que debe resolver la Junta al poner en funcionamiento el Fondo de Adaptación es cómo reducir al mínimo los costos de transacción asociados al suministro de recursos a las Partes que cumplan los requisitos para ello.

V. Cuestiones relacionadas con la gobernanza

48. Las normas que rigen actualmente la constitución de la Junta del Fondo de Adaptación, incluidos los reemplazos de los miembros que dimiten y los suplentes, implican que todos los miembros y suplentes de la Junta concluyen su mandato al mismo tiempo (transcurridos dos años). Es fundamental que exista cierta continuidad en la memoria institucional de la Junta, por lo que las Partes deberían considerar otras opciones, como la de escalar los mandatos de los miembros y suplentes.

VI. Plan de trabajo y presupuesto para 2009

49. Habiendo establecido una estructura jurídica, institucional y de políticas básica en 2008, la Junta se enfrenta en 2009 al desafío de poner en marcha mecanismos que permitan a las Partes que reúnan los requisitos para ello formular y presentar propuestas de financiación para que la Junta las examine.

1. Plan de trabajo

50. La Junta del Fondo de Adaptación tiene previsto celebrar una reunión en diciembre de 2008, en Bonn (Alemania), al finalizar el cuarto período de sesiones de la CP/RP. En esa reunión, la Junta espera aprobar el plan de trabajo correspondiente a 2009, que se ejecutará a lo largo de las cuatro reuniones que se fijarán para ese año. Los siguientes son algunos de los principales elementos del plan de trabajo:

- a) La celebración de acuerdos jurídicos con la secretaría y el administrador fiduciario del Fondo de Adaptación, previa aprobación por la CP/RP en su cuarto período de sesiones;
- b) El inicio del proceso de monetización de las reducciones certificadas de las emisiones en 2009 para financiar el Fondo de Adaptación;
- c) La puesta en marcha de un ciclo de proyectos del Fondo de Adaptación, que incluya la supervisión y la evaluación, sobre la base de las prioridades, políticas y directrices estratégicas y de las políticas y directrices operacionales;
- d) La acreditación por la Junta de entidades con personalidad jurídica para que actúen como entidades de realización y ejecución, a fin de ayudar a las Partes a idear y llevar a cabo actividades de adaptación concretas;
- e) El establecimiento de medidas para mejorar la capacidad de las entidades de ejecución, incluido un acceso directo;
- f) El examen y la aprobación de propuestas de proyectos para su financiación con recursos del Fondo de Adaptación, elaboradas por las Partes que reúnan los requisitos para ello, a fin de llevar a cabo actividades de adaptación concretas.

2. Calendario de reuniones de la Junta del Fondo de Adaptación

51. En el cuadro 2 figura el calendario de reuniones de la Junta del Fondo de Adaptación para 2009.

Cuadro 2**Calendario de reuniones de la Junta del Fondo de Adaptación para 2009**

Mes	Lugar
Marzo	Bonn (Alemania)
Junio	Bonn
Septiembre	Bonn
Diciembre	Copenhague (Dinamarca)

3. Presupuesto

52. Las necesidades de presupuesto previstas para el año civil 2009 son de 2,5 millones de dólares de los EE.UU. La Junta del Fondo de Adaptación examinará un proyecto de presupuesto detallado en diciembre de 2008 para determinar la disponibilidad de recursos en el fondo fiduciario administrativo.

VII. Modalidades de asistencia de los observadores a las reuniones de la Junta del Fondo de Adaptación

53. Los observadores de organizaciones no gubernamentales (ONG) que asistieron a la segunda reunión de la Junta del Fondo de Adaptación enviaron una comunicación al Presidente de la Junta y a la jefa de la secretaría del Fondo para el Medio Ambiente Mundial (FMAM). Aunque agradecieron a la Junta y a la secretaría que les hubieran permitido participar en la reunión e interactuar con los miembros de la Junta, hicieron las siguientes sugerencias para que las futuras reuniones fueran plenamente transparentes y permitieran a los observadores de las ONG seguir las deliberaciones de la Junta⁶;

- a) Transmitir por Internet las deliberaciones de las reuniones de la Junta;
- b) Preparar y aprobar un comunicado de prensa al final de cada reunión de la Junta;
- c) Permitir a los observadores de ONG hacer aportaciones, y para ello:
 - i) Establecer un procedimiento para que las ONG (y otros) puedan presentar sus comentarios o información a la Junta (por ejemplo, a través del sitio web del Fondo de Adaptación);
 - ii) Dar a los observadores de ONG que asistan a las reuniones de la Junta un trato preferencial con respecto a las ONG que no asistan a ellas, permitiéndoles intervenir (en determinadas sesiones) o hacer breves declaraciones (por ejemplo, de tres minutos) ante la Junta en sesión plenaria.

54. Las sugerencias de los observadores de ONG obtuvieron una respuesta favorable del Presidente de la Junta y la jefa de la secretaría, que desde entonces han adoptado las siguientes medidas:

Introducción

En el artículo 12 del Protocolo de Kyoto de la Convención Marco de las Naciones Unidas sobre el Cambio Climático, al definirse un mecanismo para un desarrollo limpio, se dispone lo siguiente: "la Conferencia de las Partes en calidad de reunión de las Partes en el presente Protocolo se asegurará de que una parte de los fondos procedentes de las actividades de proyectos certificadas se utilice para cubrir los gastos administrativos y ayudar a las Partes que son países en desarrollo particularmente vulnerables a los efectos adversos del cambio climático a hacer frente a los costos de la adaptación". Asimismo, por la decisión 10/CP.7 de la Conferencia de las Partes en la CMNUCC se estableció el Fondo de Adaptación para "financiar proyectos y programas concretos de adaptación en las Partes que son países en desarrollo que sean Partes en el Protocolo...".

El memorando provisional también se presentará al Consejo del FMAM en su próxima reunión de noviembre de 2008, para que formule sus comentarios e imparta directrices al respecto.

5. El memorando quedará perfeccionado por mutuo acuerdo de la Conferencia de las Partes en calidad de reunión de las Partes en el Protocolo de Kyoto y el Consejo del FMAM.

The Trustee shall not be responsible for inquiring or investigating if any decisions, instructions, directions or guidance of the Adaptation Fund Board or, as the case may be, any Authorized Designees, do not contravene an existing decision or act of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol, and shall have no liability for relying in good faith on any written decision, instruction, direction or guidance of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol, Adaptation Fund Board or any Authorized Designees, without further inquiry or investigation on its part or otherwise for any actions taken, or omitted to be taken, in good faith.
6. The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol acknowledges that the Trustee may disclose information obtained by it in connection with its functions under the Terms and Conditions, if such disclosure is required, or otherwise necessary in carrying out the services and activities set out herein, in accordance with the World Bank's policies and procedures.
7. The Trustee shall establish a trust fund for the Adaptation Fund (the Trust Fund), and shall hold in trust, as a legal owner, and administer the funds, assets and receipts, which constitute the Trust Fund, on behalf of the Adaptation Fund supervised and managed by the Adaptation Fund Board.

8. For the purpose of the monetization of CERs for the Adaptation Fund, the Trustee, in its capacity as agent of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol, is hereby authorized by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol to administer sales of CERs under the instructions, direction and guidance of the Adaptation Fund Board consistent with its responsibility for the monetization of CERs, pursuant to paragraphs 24, 25, 26, 27 and 28 below.
9. The Trustee shall be responsible only for performing those duties and responsibilities specifically and expressly set forth in the Terms and Conditions and shall not be subject to any other duties or responsibilities (express or implied), including, without limitation, any duties or obligations that might otherwise apply to a fiduciary or trustee under general principles of equity, trust or fiduciary obligations and/or any other legal or equitable principles. To the extent that sales of CERs are conducted by the Trustee pursuant to paragraphs 24, 25, 26, 27 and 28 below, the Trustee shall not be responsible for the legality, validity or enforceability of any such sales of CERs, the value obtained from such sales of CERs (including any reduction in the value of the CERs from the time they are credited to the CDM Account (as defined in paragraph 24 below) to the time such sales are consummated) or any expenses or liabilities incurred in connection with such sales.
10. The Trustee shall not be liable for any failure to carry out its obligations under the Terms and Conditions where such failure is a result of a Force Majeure Event, and, for so long as such circumstances continue, shall be relieved of its obligations under the Terms and Conditions which it has been prevented from fulfilling as a result of that Force Majeure Event without liability; provided that the Trustee shall, notwithstanding that it is relieved from its obligations hereunder, take all reasonable and practical steps to minimize any loss and/or disruption resulting from any such Force Majeure Event. For the purpose of this paragraph, "Force Majeure Event" means any event beyond the reasonable control of the person affected including, without limitation, labor dispute, act of God, war, act or circumstance of terrorism, riot, civil commotion, malicious damage, accident, breakdown of essential computer software, hardware or system failure, fire, flood and/or storm and other unforeseen circumstances materially and adversely affecting the performance of the functions of the Trustee under the Terms and Conditions.
11. The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol acknowledges that the World Bank shall have the right to engage in any of the types of activities described in the Terms and Conditions for its own account or for the account of clients other than the Adaptation Fund whether acting as trustee, adviser or in any other capacity vis-à-vis such clients. The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol agrees that the World Bank, in carrying out such activities for its own account or for the account of others, may decide to adopt approaches and courses of actions, which differ from the approaches and courses of action that the Trustee decides to take in performing the services for the Adaptation Fund described in the Terms and Conditions. In engaging in such activities for its own account or for the account of others, the World Bank will put in place measures designed to avoid or mitigate conflicts of interest arising from its functions under the Terms and Conditions relating to the sale of CERs for the Adaptation Fund.
12. If a decision by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol or the Adaptation Fund Board after the effective date of the Terms and Conditions relates in any way to the functions of the Trustee performed or to be performed under the Terms and Conditions, such decision shall be developed in close consultation with the Trustee. Absent such consultation with and the agreement of the Trustee, the Trustee shall not be bound by any decision of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol or the Adaptation Fund Board, to the extent that such decision relates in any way to the functions of the Trustee performed or to be performed under the Terms and Conditions.

13. The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol agrees that the Trustee shall be fully indemnified, out of the assets held for the Adaptation Fund, including the Trust Fund resources, for any liabilities, claims, losses, costs and expenses, including attorneys' fees and expenses, incurred by the Trustee in connection with or in any way arising out of its activities as Trustee, including but not limited to any activities of the Trustee in connection with the sale or the facilitation of the sale of the CERs. Such indemnity shall not include any liabilities, claims, losses, costs or expenses incurred by the Trustee as a direct result of its own gross negligence or willful misconduct.

14. The privileges and immunities accorded to the World Bank shall apply to the property, assets, archives, operations and transactions of the Trust Fund. Nothing in the Terms and Conditions shall be considered a waiver of any privileges or immunities of the World Bank under its Articles of Agreement or any applicable law, all of which are expressly reserved.

15. The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol agrees that the Trustee shall be reimbursed annually from the assets held for the Adaptation Fund, including the Trust Fund resources, the fees, costs and expenses incurred by it in connection with performing its functions under the Terms and Conditions, including, without limitation, the costs and expenses incurred in connection with the establishment and administration of the Trust Fund, the sales of CERs, and any and all services provided hereunder, including attorneys' fees and expenses and external auditors' costs, costs of insurance policies and relevant service providers' fees. For this purpose, the Trustee shall submit to the Adaptation Fund Board a proposal for mutual agreement for the services and activities to be provided by the Trustee and estimated fees, costs and expenses to carry out such services and activities for the initial and/or upcoming fiscal year, as applicable. Upon approval by the Adaptation Fund Board of such proposal, the Trustee shall deduct and transfer the amount of the estimated fees, costs and expenses to its own account from the Trust Fund resources or such other assets held for the Adaptation Fund; provided that the amount of the fees, costs and expenses transferred shall be subject to an end of year adjustment based on actual costs and expenses incurred.

16. In order to enable the Trustee to carry out its functions enumerated in the Terms and Conditions, the Trustee shall be entitled to attend any meetings of the Adaptation Fund Board, and, as an observer, any meetings of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol, which may concern operations and activities of the Adaptation Fund. Administration of the Trust Fund

17. The Trustee shall receive and hold in the Trust Fund any proceeds from sales of the CERs conducted pursuant to paragraphs 24, 25, 26, 27 and 28 below. If requested by the Adaptation Fund Board, the Trustee may accept, on terms mutually agreed between the Trustee and the Adaptation Fund Board, contributions from donors to support the operations of the Adaptation Fund. For the avoidance of doubt, no CERs shall be held in the Trust Fund.

18. Subject to paragraphs 2 and 12 above, the Trustee shall administer the funds, assets and receipts of the Trust Fund only for the purpose of, and in accordance with, the Terms and Conditions and the relevant decisions of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol and the Adaptation Fund Board.

19. In accordance with paragraph 21 of decision 1/CMP.3, and in conformity with the administrative and investment arrangements of the Trustee, the Trustee shall hold the funds, assets and receipts that constitute the Trust Fund separate and apart from the funds of the World Bank. The Trustee shall establish and maintain separate records and accounts to identify the resources of the Trust Fund, the commitments financed out of the Trust Fund, and the receipts and transfers of funds in the Trust Fund.
20. The Trustee shall invest the funds held in the Trust Fund, pending their transfer under paragraphs 15 and 22, in accordance with the Trustee's policies and procedures for the investment of trust funds administered by the World Bank, including commingling of the resources of the Trust Fund for administrative and investment purposes with other trust fund assets maintained by the World Bank. The commingling of Trust Fund resources for administrative and investment purposes should not affect the amount of resources from proceeds of CER monetization available in the Trust Fund for transfer of funds for Adaptation Fund operations, activities, projects and programs. The Trustee shall credit all income from such investment to the Trust Fund to be used for the same purposes as other funds held in the Trust Fund. The Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol acknowledges that no warranty is given by the Trustee as to the performance or profitability of the investment of the funds held in the Trust Fund.
21. The funds held in the Trust Fund may be freely exchanged by the Trustee into other currencies as may facilitate their administration and transfer.
22. The Trustee shall, subject to the availability of resources held in the Trust Fund, record commitments and make transfers of funds from the Trust Fund in the manner agreed between the Trustee and the Adaptation Fund Board, and only at, and in accordance with the written direction provided to the Trustee by the Adaptation Fund Board or any Authorized Designee. Upon the transfer of funds, the Trustee shall not have any responsibility for the use of the Trust Fund funds transferred and activities carried out therewith, including but not limited to any responsibility with respect to supervising, monitoring, reporting on or verifying activities carried out with the Trust Fund funds transferred by the Trustee herein.
23. The Trustee shall prepare and furnish the Adaptation Fund Board with financial reports of the Trust Fund annually (or at such other frequency as the Trustee and the Adaptation Fund Board may agree), and cause records and accounts of the Trust Fund to be audited by its external auditors annually (or at such other frequency as the Trustee and the Adaptation Fund Board may agree), in accordance with the policies and procedures of the Trustee. 25. The sale of CERs from the CDM Account shall be administered under the instructions, direction and guidance of the Adaptation Fund Board consistent with its responsibility to supervise and manage the Adaptation Fund and for the monetization of the CERs.

26. Pursuant to the authority provided under paragraph 3 above, the Adaptation Fund Board may cause to be entered into any and all contracts necessary for the sale of the CERs from the CDM Account by granting to the Trustee any necessary power of attorney on behalf of the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol, so that the Trustee may execute contracts of sale with the relevant third party CER purchasers and such other contracts necessary in connection with the sale or the facilitation of the sale of the CERs, at the direction of the Adaptation Fund Board pursuant to paragraph 28 below.

of the Adaptation Fund****BACKGROUND**

1. The Conference of the Parties to the United Nations Framework Convention on Climate Change (UNFCCC) decided in its decision 10/CP.7 that an adaptation fund (the Adaptation Fund) shall be established to finance concrete adaptation projects and programmes in developing country Parties that are Parties to the Kyoto Protocol to the Convention (the Kyoto Protocol), as well as activities identified decision 5/CP.7, paragraph 8. The decision was further endorsed by the Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP) through its decision 28/CMP.1.
2. In decision 5/CMP.2, Parties agreed on guiding principles and modalities. Parties further agreed in decision 1/CMP.3, that the Adaptation Fund Board shall be established as the operating entity of the Adaptation Fund.
3. This document sets out the strategic priorities, policies and guidelines for the Adaptation Fund, developed by the Adaptation Fund Board as requested by Parties in decision 1/CMP.3, paragraph 5 (a).
4. The strategic priorities, policies and guidelines set out in this document form the basis, upon which the operational policies and guidelines shall be developed to enable eligible Parties to access resources from the Adaptation Fund.

STRATEGIC PRIORITIES

5. In accordance with decision 1/CMP.3 paragraphs 1 and 2, the Adaptation Fund shall:
 - (a) Assist developing country Parties to the Kyoto Protocol that are particularly vulnerable to the adverse effects of climate change in meeting the costs of adaptation; and
 - (b) Finance concrete adaptation projects and programmes that are country driven and are based on the needs, views and priorities of eligible Parties.
6. In accordance with decision 5/CMP.2 paragraph 2 (c), projects and programmes funded under the Adaptation Fund should also take into account, inter alia, national sustainable development strategies, poverty reduction strategies, national communications and national adaptation programmes of action and other relevant instruments, where they exist.
7. In developing projects and programmes to be funded under the Adaptation Fund, eligible Parties should consider the guidance provided in decision 5/CP.7, paragraph 8 and, where necessary, further information included in reports from the Intergovernmental Panel on Climate Change and information generated under the UNFCCC Nairobi work programme.
8. In developing projects and programmes, special attention shall be given by eligible Parties to the particular needs of the most vulnerable communities.

10. Eligible Parties to receive funding from the Adaptation are understood as developing country Parties to the Kyoto Protocol that are particularly vulnerable to the adverse effects of climate change including low-lying and other small island countries, countries with low-lying coastal, arid and semi-arid areas or areas liable to floods, drought and desertification, and developing countries with fragile mountainous ecosystems.
11. Eligible Parties can submit project proposals directly to the Adaptation Fund Board and implementing or executing entities chosen by governments that are able to implement the projects funded under the Adaptation Fund can approach the Adaptation Fund Board directly.
12. Funding for projects and programmes will be on a full adaptation cost basis to address the adverse effects of climate change.
13. Funding for projects and programmes will be available for projects and programmes at national, regional and community levels.

Annex V

**Reimbursements of Funds to Parties for Their Contributions
 Pursuant to Paragraph 27 of Decision 1/CMP.3**

1. The Conference of Parties serving as the meeting of the Parties to the Kyoto Protocol (CMP), in paragraph 27 of Decision 1/CMP.3, (i) invited Parties to finance the administrative expenses for operating the Adaptation Fund (the AF) in an interim phase, until the monetization of the share of proceeds of certified emission reductions (CERs) to meet the costs of adaptation is operational, by making contributions for the AF, and (ii) decided that such contributions shall be reimbursed, if requested, from the monetization of the share of proceeds of CERs, in accordance with procedures and a timetable to be determined by the CMP upon the recommendation of the AF Board.

2. As of 17 November 2008, the governments of Australia, Finland, Norway, Switzerland and the United Kingdom have paid in contributions in the total amount of USD 1,717,357 and additionally, Denmark, France, Japan Sweden and UNEP have pledged USD 1,395,946¹ to cover the administrative costs and expenses of the AF Board and the AF Secretariat in an interim phase. Among those donors, Australia, the United Kingdom and UNEP have requested to be reimbursed for their contributions. Details of the status of the contributions are provided in the table below.

Table: Status of Contributions at 17 November 2008

¹ As of 17 November 2008, draft administration agreements with Denmark, France, Japan and Sweden are in the process of being finalized.

² a/ represents actual United States dollars purchased after payment by the donor.

b/ represents United States dollar equivalent using exchange rates available as of 17 November 2008.

The governments of Australia and the United Kingdom and UNEP have requested that the reimbursements of their contributions to the Adaptation Fund be contributed to a climate change fund under the UNFCCC.

The governments of Australia and the United Kingdom and UNEP have requested that the reimbursements of their contributions to the Adaptation Fund be contributed to a climate change fund under the UNFCCC.

3. As of 11 August 2008, 180.2 million CERs³ have been issued, and 3.6 million CERs⁴ are held in the AF account in the CDM registry (the AF CDM Account).⁵ As a reference, the current price of CER futures contracts with the December 2008 maturity is around \$19 per ton. If the market for spot CERs develops as expected, and if the spot CER price in 2009 is in line with its current futures level, it should be possible to execute sales in line with the liquidity of the market which would provide the Adaptation Fund with the amount needed to reimburse contributions within six months after the start of monetization. If the liquidity on the exchanges is not sufficient, an over-the-counter spot transaction could be executed.⁶
4. Accordingly, it is suggested that the AF Board recommend to the CMP that the contributions made by the Parties and requested to be reimbursed pursuant to paragraph 27 of Decision 1/CMP.3 shall, be reimbursed as follows:

Subject to the availability of funds, as determined by the Adaptation Fund Board based on the advice of the Trustee, the contributions shall be reimbursed to the relevant Parties within six months of the commencement of CER monetization for the Adaptation Fund.

Should available funds not be sufficient, the Adaptation Fund Board will determine the subsequent timeline for reimbursement.

⁴ <http://cdm.unfccc.int/Issuance/SOPByProjectsTable.html>, retrieved 11 August 2008.

⁵ See paragraph 32 of AFB/B.2/9, which provides the estimated total possible amount of CERs to be issued by the CDM would be in the region of 2.5 billion tons to 1.5 billion tons by 2012. The estimated amount of CERs to be allocated to the AF would therefore be around 32 million CERs, which would be spread over the 2008-2012 period.

⁶ See paragraph 53 of AFB/B.2/9.

Summary of the Meeting of the Monetization Committee**Summary:**

The Meeting of the Monetization Committee took place on 4 September 2008. The meeting was attended by: Richard Muyungi (Chair), Anton Hilber, Merlyn Van Voore, Brennan Van Dyke, Susan McAdams, Jonathan Caldicott and Johannes Kiess.⁷

The call focused on the options to be Presented to the Adaptation Fund Board regarding monetization of CERs. The following conclusions were reached:

1. **Two Step Approach:** In general, the participants agreed on Presenting a two step monetization approach to the Adaptation Fund Board at its Third Meeting: First, the trustee would explore arranging an over-the-counter sale with either Annex I Parties or a broader range of buyers through dealers. This one-time event would signal that the Adaptation Fund monetization program has been launched. Second, after this launch event, the trustee would monetize the Adaptation Fund's CERs according to guidelines expected to be approved by the Adaptation Fund Board at its next meeting.
2. **Transactions Costs:** Further to discussion of this issue during the August 28, 2008 conference call, the invited Trustee confirmed that a precise estimate of transactions costs would be difficult to provide. In general, over-the-counter sales via dealers might attract higher transaction costs as compared to sales to Annex I Parties, but would offer broader participation.
3. **Scope of initial CER monetization:** The Board would need to agree whether or not to extend the inaugural sale of AF CERs beyond Annex I Parties. Approval would also be sought on the amount of CERs to be monetized during the initial exercise. The Trustee indicated that monetizing the large majority of CERs in the AF account might be advisable reserving an amount of 5-10% of CERs in the account to facilitate subsequent sales.
4. **Next Steps:** The invited Trustee will prepare a Presentation for the upcoming Board meeting outlining to the Board the two-step approach discussed.

⁷ Ermira Fida, Luis Paz Castro, Amjad Abdulla, Farrukh Khan and Alejandro Nieto were available at the time of the teleconference, but absent due to technical and other difficulties.

Roles and Responsibilities of Implementing and Executing Entities

BACKGROUND

1. In accordance with Decision 1/CMP.3, paragraphs 3 and 4, the Conference of the Parties serving as the Meeting of the Parties to the Kyoto Protocol decided that the Adaptation Fund Board would be the operating entity of the Adaptation Fund. The Board was established to supervise and manage the Adaptation Fund and to decide on its overall policies. In this context, this document provides clarification of the terms implementing and executing entities, and identifies the roles and responsibilities of these entities.

DEFINITIONS

2. Implementing Entities are organizations that are designated *ex ante* by the Board as eligible to assist Parties to prepare and implement projects and programs receiving assistance from the Fund. Such entities must have organizational structures and systems competent to adhere to Board-approved fiduciary and other standards.

3. Executing entities are legal entities chosen by an eligible Party to prepare and implement projects receiving assistance from the Fund. Executing Entities can access Fund resources directly or through an Implementing Entity.

PROJECT PREPARATION AND SUBMISSION

4. Implementing and Executing Entities shall assist eligible developing country Parties that are particularly vulnerable to the adverse effects of climate change with the identification, preparation, and implementation of concrete adaptation projects and programs that are country driven and based on the needs, views and priorities of eligible Parties to adapt to the adverse effects of climate change.

5. In accordance with paragraph 29 of Decision 1/CMP.3, any project and/or program proposal must be submitted by an eligible Party, either through a legal entity identified as an Executing Entity by the Party, or through an organization designated as an Implementing Entity by the Adaptation Fund Board, and must meet the criteria and follow the procedures set out in the operational policies and guidelines adopted by the Adaptation Fund Board.

6. All project and program proposals submitted to the Fund shall be endorsed by the relevant UNFCCC national focal points.

PROJECT EXECUTION

7. Implementing and Executing Entities shall ensure quality in their operations and are responsible for preparing and implementing projects and programs according to the principles and modalities applied to the operations of the Adaptation Fund, as established by the Board.

8. The Implementing and Executing Entities shall adhere to all modalities and formats required by the Secretariat to operationalize the decisions of the Adaptation Fund Board.

9. The Implementing and Executing Entities are responsible for the management, operation, and use of funds for projects and programs approved by the Adaptation Fund Board.

10. The Implementing and Executing Entities shall ensure appropriate monitoring and independent evaluation of all activities related to projects and programs funded by the Adaptation Fund, and shall provide the necessary financial information to enable independent financial auditing as referred to in paragraph 12.

11. Implementing and Executing Entities shall submit to the Secretariat annual progress reports on all Adaptation Fund financed activities approved by the Board and under their implementation.

ACCOUNTABILITY

12. Implementing and Executing Entities will be accountable to the Adaptation Fund Board and projects and programs under their supervision will be subject to performance management and supervisory systems, based on fiduciary standards to be established by the Adaptation Fund Board, including independent financial audits.

13. If an Executing Entity works through an Implementing Entity, then the Implementing Entity is accountable to the Board for meeting the Board-approved fiduciary and other standards.

14. If an Executing Entity accesses Fund resources directly, then the Executing Entity is directly accountable to the Board for meeting the Board-approved fiduciary and other standards, and, therefore, will be subject to performance management and supervisory systems to be established by the Board.¹

¹ For example, at the Global Fund to Fight AIDS, Malaria and Tuberculosis, Local Fund Agents located in countries or in the region, selected through a competitive bidding process, provide to the Fund a range of independent program performance and supervisory services to monitor grant recipients. These include: (i) upstream review to assess the potential grant recipient's capacity to implement the grant; (ii) site visits to monitor implementation performance and verify results; (iii) inputs for decisions regarding continuation of grant; (iv) review at grant closure; and (v) ad-hoc assignments, including investigations related to suspected misuse of funds.
