### **Preliminary schedule of meetings for Wednesday, 4 November 2009**

This preliminary schedule is designed to give participants an overview for planning purposes. The information is **indicative and subject to change**, depending on the requirements of the negotiating process. Please consult the relevant day's Daily Programme for final details, and the CCTV monitors for any last-minute changes.

#### **AWG-LCA**

a.m.	Contact group on enhanced action on capacity-building
p.m.	Contact group on enhanced action on the provision of financial resources and investment

### **Contact information**

Executive Secretary

Mr. Yvo de Boer

Ad Hoc Working Group on Further Commitments for Annex I Parties under the Kyoto Protocol (AWG-KP)

Mr. Richard Kinley

Ad Hoc Working Group on Long-term Cooperative Action under the Convention (AWG-LCA)

Mr. Halldor Thorgeirsson

Coordinator, Conference Affairs Services

Ms. Salwa Dallalah

Chief Legal Adviser

Mr. Dan Bondi Ogolla

Liaison with Government delegates and registration; funding for delegations

Mr. Horacio Peluffo

Liaison with observer organizations

Ms. Megumi Endo

Conference Spokesperson

Mr. Eric Hall

## Special announcements

### Free shuttle buses for all participants

#### Plaza Espanya to Fira Gran Via (green line UNFCCC bus)

Timetable: 07:30–21:30

Frequency: continuous round trip

#### Plaza Europa to Fira Gran Via (blue line UNFCCC bus)

Timetable: 07:30–21:30

Frequency: continuous round trip

Participants are requested to show their conference badge when boarding the shuttle buses.

### Free public transportation in Barcelona

The welcome bag being distributed to participants includes a ticket for free transportation in the Barcelona area for the duration of the conference.

## Announcements

### Wireless access for laptops

Monitoring of wireless use on Monday indicated that there was exceptionally high demand in the Computer Centre and the immediately adjacent cafeteria area. This led to the saturation of the wireless access points in these areas. Work is under way to redistribute these access points and it is expected that connection problems will be reduced in the course of Tuesday, 3 November.

As all areas of the conference facility have wireless access, participants may also access wireless in other areas, such as the open space near the Tilo conference room. Alternatively, the computer cables provided in the PlugNPlay area may be used to connect.

### Webcast coverage

For the duration of the conference, all plenary meetings and press conferences will be available live and on demand, with English or floor audio streams. On-demand files will be available shortly after the close of each meeting.

A selection of side events will be available on demand in floor languages. Please check the UNFCCC website for the date and time of webcast sessions at <unfccc.int>.

### Information for participants

A booklet on the facilities available at the venue, entitled “Information for participants”, is available at the Information desk, Welcome Catalunya desk and also online at:

<[http://unfccc.int/files/meetings/intersessional/bangkok\\_09/services\\_to\\_participants/application/pdf/infopart\\_barcelona\\_09.pdf](http://unfccc.int/files/meetings/intersessional/bangkok_09/services_to_participants/application/pdf/infopart_barcelona_09.pdf)>.

**"iSeeT" at  
Copenhagen**

The UNFCCC secretariat's Climate Change Kiosk will feature the theme of information and communication technology (ICT) and the role ICT is playing in increasing awareness and support for action on climate change in developing and developed countries. This exhibit is undertaken in cooperation with the COP 15 host government, Denmark.

The exhibition will tell stories about current ICT-related projects undertaken by governments, United Nations and other intergovernmental organizations, non-governmental organizations and media organizations on their own or with private sector partners. Confirmed contributors include UNDP, UNEP, UNITAR, UNSPIDER, the GEF, CBD, the Sustainable UN (SUN), UN Asian and Pacific Training Centre for ICT for Development (APCICT), IISD's Earth Negotiations Bulletin, Green Belt Movement, Resources for the Future and The Nature Conservancy, among many others. The International Telecommunications Union (ITU) is contributing a special programme of daily "business talks" by leaders in the ICT sector from both developing and developed countries.

Parties and observer organizations interested in contributing to the exhibit may find more information on the UNFCCC COP 15 web page at:

[http://unfccc.int/files/meetings/application/pdf/091005\\_iseetatkiosk.pdf](http://unfccc.int/files/meetings/application/pdf/091005_iseetatkiosk.pdf) >.

**Security**

Participants should ensure that they wear their badge in full view at all times, as the security officers may request them to verify their identity. This may lead to some inconvenience, but it is expected that participants will understand the need for such arrangements.

**Lost and found  
items**

Participants are reminded not to leave personal belongings in meeting rooms. The Security office, located adjacent to the main entrance, is responsible for lost and found items.

**Meditation room**

A room for meditation and prayer is available to participants on the First Floor, in between the offices of the Group of 77 and China and the delegation of Spain.

<b>Events</b>			
<p>For a full schedule of side events during the sessions and a list of the exhibits, please see the brochure "<b>...inSide climate change</b>", available from the Information desk and the Documents Distribution counter, or visit the UNFCCC <a href="#">website</a>. The secretariat would like to note that the scheduling of events remains dependent upon the demands of the negotiating process. For short-term changes please consult the CCTV monitors.</p>

<b>Side events</b>			
<b>RINGO science update series</b>			
<p>Climate science constantly evolves. At the last stop on the road to Copenhagen, the members of the RINGO constituency (the research and independent non-governmental organizations) have planned a series of side events intended to update delegates and observers on the most recent climate change research. The events will focus on findings that have become available since the IPCC's Fourth Assessment Report. These presentations will take place in Room Serbal at 13:00 every day (except Tuesday) on the following topics:</p>			
Monday, 2 November	Science and scenarios		
Wednesday, 4 November	Impacts and adaptation		
Thursday, 5 November	Mitigation technologies		
Friday, 6 November	Mitigation policy

## Additional activities

09:00–10:00

### Don't kill Kyoto targets

People dressed as targets ask delegates to take a picture with them, holding a sign that says 'Don't kill Kyoto targets'. Annex 1 countries are threatening to kill their targets under Kyoto. The world needs those responsible for the climate change legally bound to act. Take the right path, show your support in calling for new strong offset-free Kyoto targets for Annex 1. Location: past badge scanning point. Organizer: Friends of the Earth International

16:30–18:30

### One giant leap

Freerunners from Barcelona will display their acrobatic skills in support of the One Giant Leap campaign for clean power. Today's event launches Sandbag Climate Change Campaign's suggested legal text for inclusion in a new climate treaty and follows the recent global climate jam which involved 127 cities across 37 countries and broke a new record for the sport. For more information visit [www.sandbag.org.uk/onegiantleap](http://www.sandbag.org.uk/onegiantleap). Location: wall outside north entrance of Fira Gran Via. Organizer: Sustainable Markets Foundation - 350.Org

### Adopt-a-negotiator

A collaborative blog project involving 13 young people from 13 of the big players in the negotiations. A young person from each country 'tracks' their lead negotiator and reports back through a range of social media to their home networks. Countries in focus are Japan, Sweden, India, China, Australia, Canada, Italy, USA, UK, Brazil, Germany, France and Spain. The 'trackers' also meet with their delegations throughout the negotiations with the aim of making the UNFCCC process two way. The tracker teams can be identified by their distinctive red T-shirts. Follow their progress at [www.adoptanegotiator.org](http://www.adoptanegotiator.org) Organizer: Oxfam International on behalf of GCCA

**Photo display**

Highlights from the 24th October International Day of Action on Climate Change. The photographs on display represent a small fraction of all those sent in from around the world documenting this day, when over 5,200 demonstrations occurred in 181 countries in support of bringing emissions back to a safe level below 350 parts per million. Delegates and observers may see visually how strongly civil society is behind a treaty based on the latest science, and how much the political will to address that science grew on 24 October. Location: walls of Hall 8. Organizer: Sustainable Markets Foundation - 350.Org

**Greenpeace solar chill-out**

Enjoy your solar coffee break on a terrace where you can find an amazing climate. Listen to music as you charge the battery of your laptop or mobile with 100 per cent renewable energy or have a talk with your partners, enjoying a delicious solar chocolate. Have a good time in a "Green" place with out any GEI emissions. Location: patio area of Pavilion 8. Organizer: Greenpeace International

**Facing the future**

This photography exhibit examines the explosion of the international youth climate movement by highlighting the inspirational work that youth are undertaking across the globe in the face of the growing climate crisis. Photographs by Robert vanWaarden; supported by the YOUNGO constituency and Fired UP! Media. Location: walls of Hall 8. Organizer: Sustainable Markets Foundation - 350.Org
